With blue, green, and gold foliage and shapes ranging from spiky to weeping, conifers have the potential to be garden design stars. But they are commonly misused in gardens and landscapes, leading to looming spruces squashed against a house or rows of

kettledrum-shaped yews along a sidewalk. When used correctly and creatively, conifers can be star players in creating beautiful, long-lasting plant combinations or serene backyard havens. Designing with Conifers shows readers exactly how to choose the best conifers for specific needs. Chapters cover shape, color, and conifers for specific sites and conditions, including front gardens, hedges and screens, topiary, dwarf conifers, shade gardens, Asian-style gardens, bonsai, and miniature railroad gardens. Also includes useful appendices that list of conifers for various problems and conditions, like conifers for areas plagued by deer and the best conifers for Christmas trees and Southern gardens. Each section is enlivened with gorgeous color photographs. Whatever landscape situation or challenge a gardener designer faces, Designing with Conifers shows how to make the best choice from this beautiful, useful, and versatile group of plants. *Lil' Marine* Vicki Krohn Amorose

NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A

page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, *The Fair Fight* is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, *The Fair Fight* is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

Tens of thousands of mechanical engineers are engaged in the

design, building, upgrading, and optimization of various material handling facilities. The peculiarity of material handling is that there are numerous technical solutions to any problem. The engineer's personal selection of the optimal solution is as critical as the technical component. Michael Rivkin, Ph.D., draws on his decades of experience in design, construction, upgrading, optimization, troubleshooting, and maintenance throughout the world, to highlight topics such as: • physical principles of various material handling systems; • considerations in selecting technically efficient and environmentally friendly equipment; • best practices in upgrading and optimizing existing bulk material handling facilities; • strategies to select proper equipment in the early phases of a new project. Filled with graphs, charts, and case studies, the book also includes bulleted summaries to help mechanical engineers without a special background in material handling find optimal solutions to everyday problems.

A National Book Award-winning author's "moving" novel about "the emotional costs of mental illness, especially on teens forced to parent their own parents" (Booklist, starred review). His

mother has died. His father is going crazy. For fifteen-year-old Jason, the only relief as he tries to hold things together is the group of imaginary friends who offer guidance as he tries not to draw attention to his father's deteriorating condition—or to himself. But between the traumas of his childhood and the squalor and stress he's dealing with right now, Jason's attempts to remain invisible may not be enough. To find a solution to this very real problem, he just might have to reach out to some very real people . . . In this compelling story by the author of *Dancing on the Edge*, Han Nolan “balances weighty subject matter with humor, offering an intelligent portrayal of a boy's slow release of burdens too heavy to carry alone” (Publishers Weekly).

Antiblack racism avows reason is white while emotion, and thus supposedly unreason, is black. Challenging academic adherence to this notion, Lewis R. Gordon offers a portrait of Martinican-turned-Algerian revolutionary psychiatrist and philosopher Frantz Fanon as an exemplar of “living thought” against forms of reason marked by colonialism and racism. Working from his own translations of the original French texts, Gordon critically engages everything in Fanon from dialectics, ethics, existentialism, and humanism to philosophical anthropology, phenomenology, and political theory as well as psychiatry and psychoanalysis. Gordon takes into account scholars from across the Global South to address controversies around Fanon's writings on gender and sexuality as well as political violence and the social underclass. In doing so, he confronts the replication of a colonial and racist geography of reason, allowing theorists from the Global South to emerge as interlocutors alongside northern ones in a move that exemplifies what, Gordon argues, Fanon represented in his plea to establish newer and healthier human relationships beyond

colonial paradigms.

What Fanon Said Addison-Wesley Professional

Ever since Dad went off the deep end and decided he didn't need to work anymore--insisting the Lord would provide--Satchel O'rye has felt stuck for life in his dying country town. A high school dropout drifting from one small carpentry job to the next, Satchel can see nothing beyond his own dreary duty to help keep the family afloat. But things start to change when he spies a strange doglike animal at a nearby mountain--and mentions the fact to Chelsea Piper, an awkward young woman considered the local pariah. Could the animal he saw be a Tasmanian tiger, a marsupial thought to be extinct? And if they found it again, could it give them both a new chance at life? From the brilliant author

of Thursday's Child and What the Birds See comes a mesmerizing tale of a young man fighting his future, a young woman fighting her past, and a mysterious creature who teaches them something about survival.
