Your work is going to fill large part of your life and the only way to be truly satisfied is to do what you believe is great work. The only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you will know when you find it. Have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary. Your imagination is everything. It is the preview of life's coming attractions. Only those who believe anything is possible can achieve things most would consider impossible. Don't let the noise of others' opinions drown out your own inner voice. Remembering that you are going to die is the best way I know to avoid the trap of thinking you have something to lose. You are already naked. There is no reason not to follow your heart. Your time is limited, so don't waste

it living someone else's life.
