*Sleeping on the Summits* Chicago Review Press - Fulcrum

On May 16, 2002, Phil and Susan Ershler reached the top of Mt. Everest and became the first couple in history to scale the fabled Seven Summits. What made their achievement all the more remarkable was that Susan was not a mountain climber, but a high-powered Fortune 500 executive who had never hiked or climbed until she met Phil at the age of 36. Phil, a professional mountain guide who was the first American to summit Everest from its treacherous north face, had climbed his whole life with Crohn's disease, a chronic, debilitating illness. Adding to these challenges, just before their final summit, Phil was diagnosed with colon cancer, and the resulting surgeries and complications were expected to end his career. This is Susan and Phil's story: a tale of love set in the mountains, a story of triumphal highs and devastating lows in quest of a seemingly impossible dream.

*Presidential Skiing* Rowman & Littlefield

\*An Outside Magazine Book Club Pick\* "A sparkling account."—Wall Street Journal An electrifying adventure into the rich history of skiing and the modern heart of ski-bum culture, from one of America's most preeminent ski journalists The story of skiing is, in many ways, the story of America itself. Blossoming from the Tenth Mountain Division in World War II, the sport took hold across the country, driven by adventurers seeking the rush of freedom that only cold mountain air could provide. As skiing gained in popularity, mom-and-pop backcountry hills gave way to groomed trails and eventually the megaresorts of today. Along the way, the pioneers and diehards—the ski bums—remained the beating heart of the scene. Veteran ski journalist and former ski bum Heather Hansman takes readers on an exhilarating journey into the hidden history of American skiing, offering a glimpse into an underexplored subculture from the perspective of a true insider. Hopping from Vermont to Colorado, Montana to West Virginia, Hansman profiles the people who have built their lives around a cold-weather obsession. Along the way she reckons with skiing's problematic elements and investigates how the sport is evolving in the face of the existential threat of climate change.

*Mountaineering: Freedom of the Hills* Colorado Mountain Club

\* The only available guide devoted solely to the route used by 90 percent of all climbers who summit Denali \* Historic aerial photos and introduction by one of the route's pioneers -- Bradford Washburn \* Author Colby Coombs is a Denali climbing guide and a 12-year veteran of the route Denali's massive West Buttress Route is one of the world's most popular -- and treacherous -- climbs. Seasoned guide Colby Coombs and legendary mountaineering photographer Bradford Washburn teamed up to provide climbers with information devoted solely to this challenging route. Denali's West Buttress: A Climber's Guide gives the aspiring Denali climber the details required to efficiently plan and safely launch an expedition on the West Buttress. The climbing guidebook covers every aspect of climbing the route -- from preparation to climbing strategy to step-by-step route instruction. Washburn's magnificent photos -- with route and milestones clearly delineated -- paired with Coombs' explicit text guide the climber from camp to camp to the summit and down again, outlining specific hazards and obstacles and offering techniques and instruction on how best to surmount them. The book pays special attention to environmental considerations and presents low-impact methods for minimizing human and garbage waste on the route. This guide provides complete, detailed, first-hand, safety-conscious information on the West Buttress Route, serving as a much-needed resource and a grand tribute to this historic climb.

*Dawson's Guide to Colorado's Fourteeners* Colorado Mountain Club Guidebo

Guide to the Colorado Mountains, 10th Edition compiles updated route descriptions for more than 1,500 hiking and climbing destinations-peaks, passes, lakes, and trails- from the expert trip leaders of the Colorado Mountain Club.

**The Colorado 14ers** Colorado Mountain Club

Fat, forty-four, father of three sons, and facing a vasectomy, Mark Obmascik would never have guessed that his next move would be up a 14,000-foot mountain. But when his twelve-year-old son gets bitten by the climbing bug at summer camp, Obmascik can't resist the opportunity for some high-altitude father-son bonding by hiking a peak together. After their first joint climb, addled by the thin air, Obmascik decides to keep his head in the clouds and try scaling all 54 of Colorado's 14,000-foot mountains, known as the Fourteeners -- and to do them in less than one year. The result is *Halfway to Heaven*, Pulitzer Prize-winning journalist Obmascik's rollicking, witty, sometimes harrowing, often poignant chronicle of an outrageous midlife adventure that is no walk in the park, although sometimes it's *A Walk in the Woods* -- but with more sweat and less oxygen. Half a million people try climbing a Colorado Fourteener every year, but only twelve hundred have reported summiting them all. Can an overweight, stay-at-home dad become No. 1,201? With his ebullient personality and sparkling prose, Obmascik brings us inside the quirky, colorful subculture of mountaineering obsessives who summit these mountains year after year. Honoring his concerned wife's orders not to climb alone, Obmascik drags old friends up the slopes, some of them lifelong flatlanders tasting thin air for the first time, and lures seasoned Rockies junkies into taking on a huffing, puffing newbie by bribing them with free beer, lunches, and car washes. Among the new friends he makes are an ex-drag racer trying to perform a headstand on every summit, the lead oboe player in a Hebrew salsa band, and a climber with the counterproductive pre-climb ritual of gulping down four beers and a burrito. Along the way, Obmascik experiences the raw, rowdy, and rarely seen intimacy of male friendship, braced by the double intoxicants of adrenaline and altitude. Though danger is always present -- the Colorado Fourteeners have killed more climbers than Mount Everest -- Mark knows his

aging scalp can't afford the hair-raising adventures of Jon Krakauer's *Into Thin Air*, and his quest becomes a story of family, friendship, and fraternity. In Obmascik's summer of climbing, he loses fifteen pounds, finds a few dozen man-dates, and gains respect for the history of these storied mountains (home to cannibalism, gold rushes, shoot-outs, and one of the nation's most famed religious shrines). As much about midlife and male bonding as it is about mountains, *Halfway to Heaven* tells how weekend warriors can survive them all as they reach for those most distant things -- the summits of mountains and a teenage son. And as one man exceeds the physical achievements of his youth, he discovers that age -- like summit height -- is just a number.

*Washington Bucket List Adventure Guide & Journal* Rowman & Littlefield

Nestled between the Rocky Mountains to the west and the High Plains to the east, Denver, Colorado, is nicknamed the Mile High City because its official elevation is exactly one mile above sea level. Over the past ten years, it has also been one of the country's fastest-growing metropolitan areas. In Denver's early days, its geographic proximity to the mineral-rich mountains attracted miners, and gold and silver booms and busts played a large role in its economic success. Today, its central location—between the west and east coasts and between major cities of the Midwest—makes it a key node for the distribution of goods and services as well as an optimal site for federal agencies and telecommunications companies. In Metropolitan Denver, Andrew R. Goetz and E. Eric Boschmann show how the city evolved from its origins as a mining town into a cosmopolitan metropolis. They chart the foundations of Denver's recent economic development—from mining and agriculture to energy, defense, and technology—and examine the challenges engendered by a postwar population explosion that led to increasing income inequality and rapid growth in the number of Latino residents. Highlighting the risks and rewards of regional collaboration in municipal governance, Goetz and Boschmann recount public works projects such as the construction of the Denver International Airport and explore the smart growth movement that shifted development from postwar low-density, automobile-based, suburban and exurban sprawl to higher-density, mixed use, transit-oriented urban centers. Because of its proximity to the mountains and generally sunny weather, Denver has a reputation as a very active, outdoor-oriented city and a desirable place to live and work. Metropolitan Denver reveals the purposeful civic decisions made regarding tourism, downtown urban revitalization, and cultural-led economic development that make the city a destination.

*Heartbreak Kennel* Mountaineers Books

*Exploring Washington: A Guide to the 50 Must-See Destinations in Washington to Hit the Road & Start Your Adventure Today* Traveling to Washington is unlike any other adventure you crossed off your bucket list. The ultimate dreamland for free spirits whose soul craves deep connection with nature, Washington is rich in picturesque landscapes that'll leave you breathless. As you travel the distance through the lush forests and mountains of Washington, and then all the way through its pristine hot springs and beaches, you'll have the time of your life getting lost in the Evergreen State's immersive beauty. From nature's wonders like the Channeled Scablands, to the Selkirk Range, and the amazing Mount Rainier, Washington just begs to be explored! But, with so much to see, where are you supposed to start from? With *Washington Bucket List Adventure Guide & Journal*, you will be able to enjoy and discover every landscape and magical place in the different regions in Washington without getting lost! Featuring more than 50 must-see destinations in the state alongside the Pacific Coast, you will be well-equipped to start your adventure! This unique travel guide and journal will help you: Keep track of where you've been and where to look forward to going next; Get informed about the areas or places you want to visit, how to get there, what to look for, and what you may need to bring along; Easily find your way to your dream destination thanks to comprehensive driving instructions; Never get lost thanks to the GPS coordinates included for each adventure in this guide; Discover the best time to visit certain destinations, weather conditions, average expenses; And much more! Grab a copy of this guide and you're well set to explore Washington! Every chapter comes with lesser-known facts about all the amazing 50 Washington destinations featured in this blueprint that'll make you fall in love with this wonderful state even more. Do you dare to break your boring, daily routine and go on an adventure of a lifetime? Scroll up, click on "Buy Now with 1-click", and Get Your Copy Now!

*Standard Routes* Simon and Schuster

Standard, alternate, and technical routes for all 58 Colorado Fourteener peaks A classic guidebook known for its accuracy and comprehensiveness, Colorado's Fourteeners has been updated for this thirtieth anniversary edition to include GPS coordinates, revised topographic maps, expanded route details, and new descriptions reflecting alterations to trail access. Besides the often-climbed standard routes, the guide describes many alternative and technical routes. The trusted source for over 30 years, this is the guide to bring with you to peaks websites can't reach.

**Metropolitan Denver** Simon and Schuster

Follow-up to the original guide, this book covers backroads in northern Colorado. Many trails are near Denver, Boulder and Fort Collins. Other trails are near Steamboat Springs, Grand Junction, Overland, Nederland, Grand Lake, Winter Park, Central City, Rollinsville and Battlement Mesa. Most trails are north of Interstate 70. Includes 40 trails, 46 maps and over 140 photographs. Twenty-eight trails are suitable for stock SUBs.

*Powder Days* W. W. Norton & Company

From John Muir Trail in California to Mount Kilimanjaro, Potterfield takes readers along on 23 of his favorite personal hikes on some of the world's most spectacular trails. These hikes range from weekend trips to epic journeys, and none require mountaineering skills.

**The Colorado 14ers: Standard Routes** Mountaineers Books

"The best routes for most climbers."--Back cover

**Wild Snow** The Mountaineers Books

Nearly one hundred Labrador retrievers, many sick or dying, are discovered one hot summer day in a rural Colorado field. They've been abandoned by Dodie Cariaso, a college-educated woman from an upper middle-class Midwestern family. What drove this tragedy? Former journalist and prosecutor Cary Unkelbach unfolds a riveting account of how Dodie's early success as a talented potter devolves into unimaginable neglect. Along the way, Cary gives animal lovers everywhere insight into the pitfalls and responsibilities of dog ownership through uplifting tales of Max, a Labrador from Dodie's kennel, who finds his forever home with the author's family. Heartbreak Kennel will shock you but will also give you a wealth of information for the canines in your life.

*Guide to the Colorado Mountains* University of Pennsylvania Press

Whether you're an experienced backcountry skier or intermediate snowboarder looking to ramp up your out of bounds expeditions, Brittany and Frank Konsella have the cred to guide you to the state's special runs. Both have descended all of the state's 14ers on skis and Brittany was the second woman to accomplish that feat. They know where the sweet lines are. *Backcountry Ski & Snowboard Routes: Colorado*—part of the popular series—includes backcountry routes focused on the Front Range and the San Juans, with other routes in the Sawatch Range, Elk Mountains, Mosquito Range, and more.

*The Colorado Mountain Club Pocket Guide to the Colorado 14ers* Mountaineers Books

The Colorado Trail is the only guide available for thru-hikers, day hikers, mountain bikers, trail runners, and equestrians to the extraordinary Colorado Trail that stretches 468 miles from Denver to Durango. The completely revised 7th edition includes text and map revisions for several sections where reroutes of the trail have taken place, as well as 90 colour pictures, 28 segment maps, elevation profiles, integrated GPS waypoints, town maps and mountain bike detours of Wilderness Areas. The Colorado Trail (CT) is one of the premier scenic long trails in North America. It winds its way through endless fields of wildflowers to windy mountain passes, from wild mountain rivers and streams to winding trails through old growth forests. The CT crosses eight mountain ranges, seven National Forests, six Wilderness Areas and five river systems. Starting near Denver at 5,500 feet and ending near Durango at 7,000 feet, the CT gains and loses almost 76,000 feet in elevation over 468 miles. New to this edition are revisions of four of the 28-segment trail descriptions including sections 8, 11, 23 and 24.

*Halfway to Heaven* Graphic Arts Books

The new National Geographic Benchmark Recreation Atlases are an ideal recreation resource complete with accurate, detailed topographic maps. They contain a wealth of robust travel information, including campground locations, state park maps, sports and activity destinations, museums, hunting and fishing information, historic sites and even climate details. Every feature is clearly labelled, field-checked and verified, and everything is

organised for convenience and intuitive ease-of-use. The books feature a double laminated cover to prevent wear and tear.

*Hiking Trails of Southwestern Colorado, Fifth Edition* The Mountaineers Books

It's easier to stay alive if you know what's out there. That's the philosophy behind *Dead Reckoning*, an honest, unflinching, sometimes-thrilling collection of close calls and catastrophes in the Great Outdoors. Emma Walker's narrative nonfiction covers outdoor activities ranging from hiking to sea kayaking to backcountry skiing, all in accessible, easy-to-understand terms. At the end of each chapter, she distills lessons learned for staying safe in the outdoors—all with a relatable (and occasionally vulnerable) twist.

**Backcountry Ski & Snowboard Routes: Colorado** CMC Press

Thirty-one removable, full-color topographic maps and route descriptions -- the perfect complement to Colorado's Fourteeners, Second Edition.

*Climbing Colorado's 14ers with Sawyer* Hachette+ORM

- Waterproof - Tear-Resistant - Topographic Maps Colorado has the highest mean elevation of any state in the United States. It's home to 58 mountain peaks higher than 14,000 feet--more than any other state in the U.S--making it a mountain sports mecca. Bagging these fourteeners is a goal for many Coloradans and visitors to the state--and for some, it's an obsession. Each map page provides accurate trail statistics including trail mileages, total elevation gain and loss, trailhead elevations and elevations at trail junctions, and directions to trailheads. Route information includes climbing class (i.e. difficulty rating) and points of reference along the route. The maps include both 2WD and 4WD trailhead locations for the standard, recommended route. The Map Pack includes every 14,000 peak in Colorado in a single, easy to purchase bundle. Buy the Map Pack and save 15%! The Colorado 14ers Map Pack includes: Map 1302:: Colorado 14ers North Map 1303:: Colorado 14ers South More convenient and easier to use than folded maps, but just as compact and lightweight, National Geographic's Topographic Map Guide booklets are printed on 'Backcountry Tough' waterproof, tear-resistant paper with stainless steel staples. A full UTM grid is printed on the map to aid with GPS navigation. Map Scale = 1:40,680 & 1:63,360 Folded Size = 4.25 x 9.38

**Colorado Lake Hikes** Mountaineers Books

Presents historical background on ski mountaineering, which is climbing a mountain on skis and then skiing down the slopes, and offers tips on climbing and skiing specific mountains.

**A Summer Vacation** Harlequin

Although climbing Colorado's 14,000-foot peaks has become increasingly popular in recent years for both state natives and visitors, many of the best climbs in the state are actually 13,000-foot peaks. With an even mix of hikes, scrambles, and climbs, as well as an average of almost four routes per peak, there is something for everyone in Colorado's Thirteeners. This book includes accurate and user-friendly information on 59 major peaks in six mountain ranges; 202 routes on the major peaks; 71 routes on 71 additional peaks; 96 trailheads with detailed driving directions; distance, elevation gain, difficulty scale and effort rating for each route; and full-color, annotated illustrations.
