focused text teaches students to "Think Like a Nurse" from the very first day, connecting the concepts students are learning in class to the real world in which they will practice. A consistent and concise organization along with a wealth of pedagogical features promote critical thinking and clinical decision making by emphasizing the Thinking, Doing, and Caring at the

heart of professional practice they will do as nurses. In every chapter, they'll first explore the theoretical knowledge behind the concepts, principles, and rationales. Then, they'll study the practical knowledge involved in the processes; and finally, learn the skills and procedures. APPLY Online Personalized Learning Plans Personalized learning plans offer multiple paths to learning

success. Students are assessed on their comprehension of key topics and then are given a plan to work through based on their strengths and weaknesses. Interactive case studies, video animations and dynamic activities engage students and bring the concepts to life to help drive mastery. Click here to read the white paper. ASSESS Online Personalized Quizzing Davis Edge's online

quizzing platform uses NCLEX(R)-style questions for assessment and remediation. Its interactive, question-based format provides the practice students need to master course content and improve their scores on classroom exams through a series of personalized quizzes based on each student's performance. Think like a nurse from the very beginning. Fundamentals of Nursing Care, 3rd Edition, DavisPlus Resources, and Davis Edge work together to create an interactive learning experience that teaches students to make the connections each step of the way. The text, written specifically for LPNs/LVNs, provides the comprehensive foundational knowledge they need to understand.

DavisPlus equips instructors with the lesson plans, teaching resources, and activities to create an active classroom environment where students can apply what they're learning. Davis Edge online quizzing tracks student progress; assesses their knowledge; and provides real time analytics to identify their weak concepts and topic areas. This additional

practice and direction helps students be successful in this course and builds their confidence as they prepare for the NCLEX® exam. Text Fundamentals of Nursing Care Concepts, Connections & Skills, 3rd Edition A student-oriented focus helps LPN/LVN students to master safe and effective nursing care by developing the critical-thinking and problem-solving skills they need to

excel in clinical practice. Clear, concise, readable, well organized, and easy to follow, it's the text that prepares new nurses to make the connections. Davis Edge www.DavisEdge.com Davis Edge is the online quizzing program that integrates seamlessly into the classroom to give students the additional practice questions they need to perform well on course and board exams.

It provides instructors with the real-time information they need to monitor, track, and assess their class' mastery of the content. Educators will be able to easily identify the areas in which students are struggling, intervene quickly, and provide relevant remediation to ensure that students succeed and improve within following areas: Comprehension and

Retention: How well do students understand the content? Participation and Engagement: Are students keeping-up with their reading and assignments? Test-Taking Skills: Are students prepared for NCLEX®-style questions and improving their test-taking skills? An access code inside new printed texts unlocks Davis Edge and DavisPlus resources, including an ebook powered by

VitalSource. *Test Success* F.A. Davis Get the most out of your textbook with this helpful study tool!
