A clear introduction to Shakespeare's plays, this volume examines them in detail and shows

how Shakespeare dramatized moral and intellectual issues in such a way that his audience became

dazzlingly aware of an imaginative dimension to daily life. Germaine Greer argues that as long as Shakespeare's work remains central to English cultural life, it will retain the values which make it unique in the world. *Blue Money* Rosetta Books The 50th Anniversary edition of the ground-breaking, worldwide bestselling feminist tract. 'The Female Eunuch' retains that power of

transformation ; it asserts the possibility of creativity within female experience' Guardian **The Pirates!** Graphic Arts Books Race relations are one of the most fraught issues in the world. Almost everywhere in the world where different races rub against each other there is racism and friction. The problem is most acute with displaced indigenous people. White Australia - with the history of its

terrible treatment of the Aborigines is an extreme case study. In this brilliant essay, Germaine Greer shows how it could, should and must be different. The problem is not the Aborigines but the 'settler society' and what it has done to the country. She shows how Australians must embrace their aboriginality. By extension the argument applies to the whole world and to the unequal relationships

between people. But as always with Germaine Greer it is argued with wit, humour, anger, passion, and superbly memorable prose. Germaine Greer is worth reading on any subject; she is at her most powerful and polemical when faced with real wrongs that need righting. The Female Eunuch Quercus The *Getting of Wisdom* (1910) is a novel by Henry Handel Richardson.

Based on her experiences at Melbourne's Presbyterian Ladies' College, *The Getting of Wisdom* is a coming-of-age novel aimed at a young audience. Engaged with such themes as grief, bullying, and peer-pressure, Richardson's novel is a powerful story of a young girl finding her way in the world. An instant bestseller, the novel has never gone out of print. "Laura went into her own room and

locked the door, a thing Mother did not allow. Then she threw herself on the bed and cried. Mother had not understood in the least..." Punished for cutting her own hair without permission, Laura Tweedle Rambotham defies her mother once more. Alone in her room, she begins to think about her mother's words, letting them sink in until the truth can no longer be denied. In the morning, she leaves for

The Ladies' College, a boarding school far from family and friends—and in Melbourne, no less, a city she has never been to. Scared, nervous, and tired, she drifts off to sleep in her childhood room for the last time. Heartfelt and deeply personal, *The Getting of Wisdom* is a powerful coming-of-age story from one of Australia's best-loved writers. With a beautifully designed

cover and professionally typeset manuscript, this edition of Henry Handel Richardson's *The Getting of Wisdom* is a classic of Australian literature reimagined for modern readers.

*In Whitefella Jump Up*, Germaine Greer suggests that embracing Aboriginality is the only way Australia can fully imagine itself as a nation. In a

wide-ranging essay she looks at the interdependence of black and white and suggests not how the Aborigine question may be settled but how a sense of being Aboriginal might save the soul of Australia. In a sweeping and magisterial essay, touching on everything from Henry Lawson to multiculturalism, Germaine Greer argues that Australia must enter the Aboriginal web of dreams. 'I'm

They were the solution, if only whitefellas had been able to see it.’ —Germaine Greer, <i>Whitefella Jump Up</i> ‘An essay about sitting down and thinking where all the politics start and what kind of legend Australia wants to place at its heart.’ —Peter Craven ‘Highly charged and</p>	<p>instantly controversial.’ —Morag Fraser, <i>Australian Book Review</i> ‘Australia might well benefit from a new national narrative that recognizes its post-colonial status and fragile ecology, and pays more attention to its Aboriginal heritage.’ —Robbie Hudson, the <i>Sunday Times</i> ‘Brilliant and original ... ### **The Whole Woman**

Palgrave Macmillan Classic radical feminist statement from the woman who shot Andy Warhol “Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to

civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex.” Outrageous and violent, SCUM Manifesto was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a

notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also

as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell's introduction reconsiders the evocative exuberance of this infamous text.

This spellbinding scrapbook is one artist's tribute to androgynous

waifs and tomboy dreamers. A fashion photographer for clients like Dazed & Confused and Alexander McQueen, Toyin Ibidapo records her subjects over time in her own home. Each subject is a friend; model and artist collaborate in the creative process. The results are intimate and real. We watch these naive protagonists explore who they are--and who they might

become.

Although each picture is carefully composed, the mood is far from contrived. The results: delicate portraits that exude a sincerity often missing from images of the young and beautiful. Coltish and charming, these mesmerizing photographs capture the raw vulnerability of adolescence. *Quarterly Essay 11 Whitefella Jump Up St.* Martin's Press

Thirty years after the publication of *The Female Eunuch*, Germaine Greer is back with the sequel she vowed never to write. "A marvelous performance-- . No feminist writer can match her for eloquence or energy; none makes [us] laugh the way she does."--  
 The Washington Post In this thoroughly engaging new book, the fervent, rollicking, straight-shooting Greer, is, as

ever, "the ultimate agent provocateur" (Mirabella). With passionate rhetoric, outrageous humor, and the authority of a lifetime of thought and observation, she trains a sharp eye on the issues women face at the turn of the century. From the workplace to the kitchen, from the supermarket to the bedroom, Greer exposes the innumerable forms of insidious discrimination and

exploitation that continue to plague women around the globe. She mordantly attacks "lifestyle feminists" who blithely believe they can have it all, and argues for a fuller, more organic idea of womanhood. Whether it's liposuction or abortion, Barbie or Lady Diana, housework or sex work, Greer always has an opinion, and as one of the most brilliant, glamorous, and dynamic

feminists of all time, her opinions matter. For anyone interested in the future of womanhood, *The Whole Woman* is a must-read. Notes from the Teenage Underground Bloomsbury Publishing USA Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer

theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality .  
**The Madwoman's Underclothes** McGraw-Hill Companies The publication of Germaine Greer's *The Female Eunuch* in 1970 was a landmark

event, raising eyebrows and ire while creating a shock wave of recognition in women around the world with its steadfast assertion that sexual liberation is the key to women's liberation. Today, Greer's searing examination of the oppression of women in contemporary society is both an important historical record of where we've been and a shockingly relevant treatise on

what still remains to be achieved.

What Doncha Know? about Henry Miller

St. Martin's Press

Always strong and fearless, Germaine Greer strikes right at the heart of the matter--be it John F.

Kennedy and vaginal deodorants, rape and artificial insemination, cosmetic surgery, the death of Jimi Hendrix, or the famine in Ethiopia. This collection represents a mosaic of essays, long

and short, some of which are appearing for the first time in print and all of which chafe the conventional and are bristling with argument. From the youthful liveliness of her sixties pieces, which "got up everybody's nose," to the depth and complexity of her later work, The Madwoman's Underclothes is a reflection both of an era and of the changing ideas and styles of

Germaine Greer: "The essays on Brazil, Cuba, and Ethiopia represent my coming of age. Something like a coherent system of values is beginning to emerge after my years of wandering, although I have certainly not arrived at a set of articles of faith, and never will, I hope." Greer's opinions on social, political, and sexual trends and mores are tendered in her unique

fashion--  
 outspoken,  
 with rapier wit  
 and no  
 tolerance for  
 narrow-  
 mindedness.  
 But as  
 explosive,  
 angry, and  
 often funny as  
 these essays  
 are, they also  
 reveal  
 tenderness  
 and sadness  
 and that  
 emotion that  
 underlies all of  
 Greer's work--  
 passionate  
 commitment.

 innumerable

 She startles us  
 with her  
 demonstration  
 that the oft-

repeated claim that "women can have it all" is merely a pacifying illusion--that things are getting worse, and that action is necessary now. The Whole Woman is a shattering critique of the complacency and denial that have replaced feminist determination and militancy, and of a society that has done little to maintain the momentum for change. It is also a call to arms--forceful

and impossible to ignore. Daddy, We Hardly Knew You Vintage Seventeen-year-old film buff Gem sets out to make an underground movie with her friends Lo and Mira, but discovers much about her own life in the process. Shakespeare Hachette Australia "Ferocious psychic need and volcanic energy drive this combined memoir, detective story and travelogue" from the

author of *The Female Eunuch* (The New Yorker). After her father died, influential feminist writer and public intellectual Germaine Greer realizes how little she knows about him. She decides to track the life of her father, an Australian intelligence officer during World War II, to uncover the roots of his secrecy and distance. As she painstakingly assembles the jigsaw pieces of the past, Greer

discovers surprising secrets about her father, her family, and herself. During her three-year quest, Greer travels from England to Australia, Tasmania, India, and Malta; searches through scores of genealogical, civil, and military archives; and delves into the memories of the men and women who may—or may not—have known Reg Greer. Yet the heart of her “lyrical but

brutal elegy” is her own emotional journey, as the startling facts behind her father’s façade force her to painfully examine her own notions of truth and loyalty, family and obligation (Kirkus Reviews, starred review). “Anyone who has done this kind of search will identify with Ms. Greer’s frustration, admire her persistence, laugh at her accuracy and rejoice in her discoveries.”

 HarperCollins UK  
 Henry Miller was a larger-than-life all-American writer. His work was groundbreaking and breath-taking. But he could also talk. Until the day he died, he had what he called the “gift of the gab.” At his

own table, laden with the food he loved and surrounded by famous writers, actors, painters, musicians and fans, Henry held forth on every topic imaginable. What he said was rollicking, open, honest, revealing of himself and the fabulous assortment of huge personalities he'd met in his long life, as well as ultimately showing a side of Henry few outside his circle ever saw. In this

warm and charming memoir of her years under Miller's Pacific Palisades roof, artist and model Twinka Thiebaud captures his table talk with an unerring ear...as well as penning her own intimate impressions of one of America's greatest writers. [A History of Bisexuality](#) Black Inc. New York City, 1971, a balmy August evening: Just seven blocks from her childhood home, a

young woman walks into a Park Avenue apartment and into the troubled arms of her first trick. So begins Blue Money, a mostly true account of life in New York's gritty downtown scene, and an intimate, no-holds-barred portrait of prostitution in the lawless era before AIDS and the War on Drugs. Janet quickly embraces "the Life" and despite a ferocious addiction to speed and semi-frequent

hallucinations, she manages to keep things professional, whether she's dressed as a genie at the Sultan's Retreat or playing Eve in a live sex show. But her past is catching up to her, and the fast life can't go on forever. The brothels and ginmills become increasingly hard to navigate as the streets turn violent and her own intense love affairs collapse. Janet Capron's voice is bold, darkly comedic, and

explicit, offering a complicated depiction of what it means to be truly liberated even in the face of her own radical descent into Avenue C penury and addiction. *On Rape* Cambridge University Press "As a little boy, I had a dream that my father had taken me to the woods where there was a dead body. He buried it and told me I must never tell. It was the only thing we'd

ever done together as father and son, and I promised not to tell. But unlike most dreams, the memory of this one never left me. And sometimes...I wasn't altogether sure about one thing: was it just a dream?" When Augusten Burroughs was small, his father was a shadowy presence in his life: a form on the stairs, a cough from the basement, a silent figure smoking a cigarette in the dark. As

Augusten grew older, something sinister within his father began to unfurl. Something dark and secretive that could not be named. Betrayal after shocking betrayal ensued, and Augusten's childhood was over. The kind of father he wanted didn't exist for him. This father was distant, aloof, uninterested... And then the "games" began. With A Wolf at the Table, Augusten

Burroughs makes a quantum leap into untapped emotional terrain: the radical pendulum swing between love and hate, the unspeakably terrifying relationship between father and son. Told with scorching honesty and penetrating insight, it is a story for anyone who has ever longed for unconditional love from a parent. Though harrowing and brutal, A Wolf at the Table

will ultimately leave you buoyed with the profound joy of simply being alive. It's a memoir of stunning psychological cruelty and the redemptive power of hope.

The #1 New York Times bestselling memoir from Augusten Burroughs, Running with Scissors, now a Major Motion Picture!  
Running with Scissors is the true story of a boy whose

mother (a poet with delusions of Anne Sexton) gave him away to be raised by her psychiatrist, a dead-ringer for Santa and a lunatic in the bargain. Suddenly, at age twelve, Augusten Burroughs found himself living in a dilapidated Victorian in perfect squalor. The doctor's bizarre family, a few patients, and a pedophile living in the backyard shed completed the tableau. Here, there were no

rules, there was no school. The Christmas tree stayed up until summer, and Valium was eaten like Pez. And when things got dull, there was always the vintage electroshock therapy machine under the stairs.... Running with Scissors is at turns foul and harrowing, compelling and maniacally funny. But above all, it chronicles an ordinary boy's survival under the most extraordinary circumstances
