NOTE TO READERS: As with all episodic novel series, Books 1 and 2 end in cliffhangers and all plot threads are resolved in Book 3 PRAISE FOR EXTRACURRICULAR - BOOK 1 “Josie Brown brings it, in this ripped-from-the-headlines romp of a novel set in the world of academia and its shadow world – extracurricular activities that may not be legal. It has romance and intrigue, and a pace that doesn’t let up. Highly

entertaining. Sure to delight Brown's legions of fans." —Eileen Goudge, author, *Garden of Lies* and *The Diary* "Sharp, smart, and sexy, Brown's timely new series about the cut-throat world of college admissions is a must-read. As always, Brown's cast of characters are a delicious mix of sweethearts, scoundrels and the just plain morally corrupt. Never predictable, *Extracurricular* is thoroughly readable and immensely enjoyable." —Meredith Schorr, author of *The Boyfriend Swap* and the *Blogger Girl* series "Delicious, hilarious, and addictive, *Extracurricular* has all the hallmarks of a classic Josie Brown book: fleshed-out, juicy characters, a to-die-for plot, and a ripped-from-the-headlines premise. I absolutely loved it and must read the entire series!" —Samantha M.

Bailey, *Woman on the Edge* "Master storyteller of the competitively elite, Totlandia's Josie Brown graduates from strollers and playgroups to the high stakes game of college admissions in this captivating tale of trickery, deceit, and unrequited love. Told across three episodic novels, in Book 1, meet the movers, the shakers, and the dirty-deal makers that, together, establish a page-turning premise to carry us forward: It's the tiny twists of fate that change us. A++ for *Extracurricular*!" —Julie Valerie, author of *Holly Banks Full of Angst* and the *Village of Primm* series "Josie Brown has hit it out of the ballpark with this timely tale of family, friends, love and the morally corrupt. As always, Ms. Brown's writing is sharp, smart, and oh-so-witty. She'll have you laughing out

loud one minute and cringing the next at her characters' antics and comments. Filled with twist and turns and complicated emotions that lead to decisions that play pivotal moments in the characters lives, this story will reach out and grab your attention from page one and not let go until the end. I now sit on tenterhooks awaiting the next release to find out who will be going down and who will be saved." —Gail Chianese, author, *Love Runs Deep* and *A Navy Homecoming* "The characters were well-drawn, the story line was great, and a few unexpected twists throughout made it a fun read... Political risk is one of the most frequently discussed risks to doing business internationally. But what

exactly is political risk and what are the best ways to analyze and prepare for political risks that may jeopardize your business? Based on more than two decades of evaluating political risk to companies doing business all over the world, Steven Johnston explains the fundamentals of effective political risk analysis. What are the foundational principles and approaches for modeling and how can professionals improve accuracy of forecasting political risk? What really works? Why is high quality political risk analysis important to every business operating internationally? It's not IF your business will be impacted by political events and actions. It is WHEN and HOW? However, effective political risk analysis isn't limited to the domain of business resiliency and protecting

downside risk. It is also a significant competitive advantage when a business can more accurately see just a little farther into the future than competitors and be ready to make earlier moves to avoid problems or take advantage of opportunities. The book spotlights top shelf thinkers about political risk and provides state-of-the-art ways to operationalize their valuable contributions into the business process. In addition to commenting on the current state of the field of political risk analysis, Johnston makes recommendations for improving the domain of political risk analysis. This book should be essential reading for any business professionals investing across borders and especially doing business in emerging economies. *Handbook of the Economics of Education*
