Italian Idioms Barron's Educational Series, Incorporated For centuries Italy has been the destination of a lifetime for an endless stream of travellers. This book - focussing on the experience of contemporary Australian intellectuals - explores an aspect as of yet scarcely studied within the global phenomenon of travel to Italy, and discovers an image of the country starkly different from the one that prevailed in previous writings. From the beginning of the 1990s onwards there has been a sizeable output of books by Australian writers set in or about Italy. After a meticulous examination of these works, Roberta Trapè has selected and analysed those that she considers the most interesting examples of Australians' continuing fascination with Italy - works of Jeffrey Smart and Shirley Hazzard, and of Robert Dessaix and Peter Robb. Examining the ways the four authors describe Italian places, *Imaging Italy* looks into what it is that continues to attract Australian writers and artists to the country, and tries to detect new trends in their attitude towards it. The image of Italy that emerges from the most recent works is, no doubt, a superb picture - not flattering but certainly not false - of its contemporary times.

A Sentimental Journey Through France and Italy Giale Limited Federico Chabod (1901-1960) was one of Italy's best-known historians, noted for his study of Italian history in a European context. This is the first English translation of his most important book. Although he carried out his extensive archival research for this work from 1936 until 1943, the fall of fascism and Chabod's active participation in the Resistance delayed its completion. When it was published in 1951, it was immediately hailed as a masterpiece. Chabod intended to write a new kind of diplomatic history-- one in which political history is seen as part of a larger historical whole. He does not present a detailed chronological account of Italian foreign policy during the period studied, but rather the "moral and material" underpinnings of that policy. In fact, he crafts a highly developed portrait of an age, with the real subjects being the Italian state and society, the ruling class and political culture. This work offers readers a superb picture of post-Risorgimento Italy and an outstanding example of Chabod's historiographical method. Originally published in 1996. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Your Eyes Have Penetrated My Heart: John Wiley & Sons

There is a popular notion that the Italian armed forces of the Second World War were an inferior fighting force. Despite the vast numbers taken prisoner, detailed studies of the experiences of these soldiers remain relatively uncommon and the value of this group to furthering our understanding of the Italian experience of war under Fascism is also rarely acknowledged. The existence in the National Archives of hundreds of pages of transcripts of covert British surveillance of Italian POWs has made it possible to engage with their experiences and opinions in much greater depth. The euphemistically termed 'Special Reports' present historians with a unique insight into how all levels of Italian soldiery viewed Fascist Italy's experience of war, 1940-1943. This book examines reactions to Italian political leadership, the progress of the war, as well as Italian soldiers' 'everyday' views

on sex, war, the enemy, death, food, their allies, bravery, race, and killing. These fascinating documents reveal the complexity of the outlook of these men, which persistent - and influential - national stereotypes and historiographical trends fail to acknowledge.

A psychologist, a mother who lived a simple life, until that magical moment. It was when something caught her attention (she was looking at some photos on Facebook) a stop at work, a coffee break. A picture of a landscape, normal? No, not for her...! It all started at that moment. That picture gave her a chill; it said everything about the person who had clicked. From that day on, everything would have changed in his life...

Leonora Bernardi (1559-1616), a gentlewoman of Lucca, was a highly regarded poet, dramatist and singer. She was active in the brilliant courts of Ferrara and Florence at a time when creative women enjoyed exceptional visibility in Italy. Like many such figures, she has since suffered historical neglect. Drama, Poetry and Music in Late-Renaissance Italy presents the first ever study of Bernardi's life, and modern edition of her recently discovered literary corpus, which mostly exists in manuscript. Her writings appear in the original Italian with new English translations, scholarly notes, critical essays and contributions by Eric Nicholson, Eugenio Refini and Davide Daolmi. Based on new archival research, the substantial opening section reconstructs Bernardi's unusually colourful life. Bernardi's works reveal her connections with some of the most pioneering poets, dramatists and musicians of the day, including her mentor Angelo Grillo and the first opera librettist Ottavio Rinuccini. The second major section presents her pastoral tragicomedy *Clorilli*, one of the earliest secular dramatic works by a woman. It was apparently performed in the early 1590s at a Medici villa near Florence, before Grandduke Ferdinando I de' Medici, and his consort Christine of Lorraine, but now exists in an enigmatic Venetian manuscript. The third section presents Bernardi's secular and religious verse, which engaged with new trends in lyric and poetry for music, and was set by various key composers across Italy.

The use of Italian culture in the Jacobean theatre was never an isolated gesture. In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries, Michael J. Redmond argues that early modern intertextuality was a dynamic process of allusion, quotation, and revision. Beyond any individual narrative source, Redmond foregrounds the fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis, nationalism, and court intrigue. By focusing on the self-conscious, overt rehearsal of existing texts and genres, the book offers a new approach to the intertextual strategies of early modern English political drama. The pervasive circulation of Cinquecento political theorists like Machiavelli, Castiglione, and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays.

Forensic Shakespeare illustrates Shakespeare's creative processes by revealing the intellectual materials out of which some of his most famous works were composed. Focusing on the narrative poem *Lucrece*, on four of his late Elizabethan plays (*Romeo and Juliet*, *The Merchant of Venice*, *Julius Caesar* and *Hamlet*) and on three early Jacobean dramas, (*Othello*, *Measure for Measure* and *All's Well That Ends Well*), Quentin Skinner argues that major speeches, and sometimes sequences of scenes, are crafted according to a set of rhetorical precepts about how to develop a persuasive judicial case, either in accusation or defence. Some of these works have traditionally been grouped together as 'problem plays', but here Skinner offers a different explanation for their frequent similarities of tone. There have been many studies of Shakespeare's rhetoric, but they have generally concentrated on his wordplay and use of figures and tropes. By contrast, this study concentrates on Shakespeare's use of judicial rhetoric as a method of argument. By approaching the plays from this perspective, Skinner is able to account for some distinctive features of Shakespeare's vocabulary, and also help to explain why certain scenes follow a recurrent pattern and arrangement. More broadly, he is able to illustrate the extent of Shakespeare's engagement with an entire tradition of classical and Renaissance humanist thought.

Only recently has fashion photography been accurately seen as an important medium within contemporary visual culture: it has evolved from a mere supporting role of reproduction into a creator of icons and ideas, and a veritable form of art. Its power, in defining itself as a means of communication, is to record, or even determine today's lifestyle. "Italian Eyes" not only shines a much-deserved light on Italians who have made photographic history, but also highlights an Italian style that goes beyond fashion, thus offering a repertoire of images that reconstruct the changes in fashion and the evolution of society from the end of World War II to the present. "Italian Eyes" presents the most important fashion magazines in the world and the advertising campaigns photographed for Italian and international designers--a sort of visual atlas of Italian evolution of fashion photography. Various chapters unfold with images accompanied by texts analyzing fashion photography according to different themes: portrait, narration, the fashion photo set, the evolution of masculine and feminine images, and others. Some of the featured photographers include: Maria Vittoria Backhaus, Aldo Ballo, Giampaolo Barbieri, Gabriele Basilico, Manfredi Bellati, Roberto Calabr/, Roberto Carra, Giovanna Calvenzi, Sergio Caminata, Lorenzo Capellini, Alfa Castaldi, Elisabetta Catalano, Attilio Concarì, Maria Vittoria Corradi, Barbara D'Alessandri, Gianni Della Valle, Aldo Fallai, Marina Fausti, Fabrizio Ferri, Franco Fontana, Angelo Frontoni, Andrea Gandini, Giovanni Gastel, Piero Gemelli,

From his forward observation post, he held the Tower's fate in his hands...

War Through Italian Eyes

"The Italy that emerges from Jones's travels is a country scarred by civil wars and "illustrious corpses"; a country that is proudly visual rather than verbal, based on aesthetics rather than ethics; a country where crime is hardly ever followed by punishment; a place where it is impossible to distinguish fantasy from reality and fact from fiction."--Jacket.
