This brief covers the unique crime group of Outlaw Motorcycle Gangs. Outlaw Motorcycle Gangs are adult criminal associations composed of “bikers” living a deviant lifestyle that includes individual, group, and club criminal behavior. These groups are sometimes called one percenters, due to the American Motorcycle Association statement that ninety-nine percent of motorcyclists are law abiding citizens. While many may be familiar with the reputation of the Hells' Angels, many may not realize the wide network of other Outlaw Motorcycle Gangs or the extent of their involvement in criminal activities. The brief includes a breakdown of the criminal networks and activities of these groups, which operate similarly to an organized crime group. It also covers the evolution of motorcycle clubs to motorcycle gangs. It examines the recent trend of American-based motorcycle gangs into international organized crime activities. This book will be of interest to researcher studying criminology, particularly organized crime and criminal networks, as well as international and comparative law and public policy.

Becoming a Son is the first book written by David Labrava. David writes from life experience as he has lived more lives than most people ever will, and he did it all over the globe. David is an accomplished Glass artist, Tattoo artist, Five Diploma Harley Davidson Motorcycle Mechanic, Producer, Director and an award winning Writer and Actor. David is a member of the most famous and notorious motorcycle club in the world. David was the Technical Advisor on the hit TV series Sons of Anarchy from the inception to the completion of the series. David was also a series regular on the show, reaching that position after being hired as the technical advisor, then becoming a day player actor, then a recurring character then moving to series regular. All of these things had to be earned, as they were not for sale at any price. Becoming A Son is not about them. It's about David getting to those spots. It's about overcoming great odds and coming out alive. David left home at fifteen years old and hit the streets. This is David's journey of discovery and redemption spanning a course of forty years. From the beaches of Hawaii and California, to the forest of the great Northwest, to years in Amsterdam, San Francisco, New York City, Miami then back to California. David hit some highs and survived severe lows, living years on the streets, in and out of jail only to take his life back, and then squeeze every bit out of it that life has to offer. Becoming A Son is a journey of epic proportion. It's about realizing your dreams and then against the odds achieving them. Adventuring across the globe David learned many lessons by reaching out and trying

everything, making many mistakes and paying the price for it and living through it. Now he wrote about it. David has been writing and getting published for over 14 years. He wrote for the Motorcycle magazine 'The Horse' then had his own column in the National Hot Rod Magazine 'Ol Skool Rodz' for eight years. He co-wrote Episode ten in season four of SOA which Time magazine awarded an honorable mention to as best of the season. David also won the 2013 Readers Choice Buzz focus award for Best Wildcard Actor. Like great authors before him Labrava takes the reader into some dark places most people would never dare to go. Becoming A Son is a modern day story of living on the street and redemption, it is one man's journey into the darkness of himself crossing the planet and transcending all levels and then coming back again full circle. It is an inspiration for anyone who is chasing their dreams and making them their reality. Becoming A Son will come to be known as an instant classic.

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author" "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

The argument of this book is that an anarchist society, a society which organizes itself without authority, is always in existence, like a seed beneath the snow, buried under the weight of the state and its bureaucracy, capitalism and its waste, privilege and its injustices, nationalism and its suicidal loyalties, religious differences and their superstitious separatism. Anarchist ideas are so much at variance with ordinary political assumptions and the solutions anarchists offer so remote, that all too often people find it hard to take anarchism seriously. This classic text is an attempt to bridge the gap between the present reality and anarchist aspirations, “between what is and what, according to the anarchists, might be.” Through a wide-ranging analysis—drawing on examples from education, urban planning, welfare, housing, the environment, the workplace, and the family, to name but a few—Colin Ward demonstrates that the roots of anarchist practice are not so alien or quixotic as they might at first seem but lie precisely in the ways that people have always tended to organize themselves when left alone to do so. The result is both an accessible introduction for those new to anarchism and pause for thought for those who are too quick to dismiss it. For more than thirty years, in over thirty books, Colin Ward patiently explained anarchist solutions to everything from vandalism to climate change—and celebrated unofficial uses of the landscape as commons, from holiday camps to squatter communities. Ward was an anarchist journalist and editor for almost sixty years, most famously editing the journal Anarchy. He was also a columnist

for New Statesman, New Society, Freedom, and Town and Country Planning.
