Estate Planning After the New Tax Law American Bar Association
You're the trustee. Now what? Living trusts are popular estate planning tools, but when you're chosen to serve as a trustee, you might wonder where to begin. The Trustee's Legal Companion has everything you need to get organized, get started, and get the job done. You'll learn how to: decide whether to take on the job of trustee set up ongoing trusts for surviving spouses, children, or beneficiaries with special needs invest trust assets get help from lawyers, financial planners, and other experts handle taxes and prepare accountings, and work effectively with beneficiaries, and distribute trust property. The authors—attorneys who have helped many a bewildered trustee—show you, step by step, how to administer a living trust with confidence.

Every Californian's Guide To Estate Planning Croydon Publishing

"James Bach and Robert Werner's How to Secure Your H-1B Visa is written for both employers and the workers they hire." Andrew Hacker, "The Frenzy about High-Tech Talent", The New York Review of Books, July 9, 2015 The H-1B visa is the gateway for the world's best and brightest to live and work in the United States as IT professionals, engineers, scientists, professors, doctors, nurses, and researchers. How to Secure Your H-1B Visa guides employees and employers alike through the maze of H-1B laws, policies, and procedures. This road map lays out the whole H-1B process from petition to visa to status maintenance to visa extension and, ultimately, to permanent residence in the US for you and your family. It shows you step by step exactly how the H-1B process

divides up between the employer and employee. It identifies the points where the two tracks converge and the H-1B employer and employee need to pull in tandem. Navigation icons tell you at a glance whether a topic concerns employees and employers equally or primarily one or the other. Sidebars highlight pitfalls, liabilities, and disasters to avoid; tips and exceptions to leverage for success; administrative and enforcement trends and late-breaking changes; and special conditions that apply to nationals of particular countries, such as India and China. Ancillary chapters cover complementary visas for family members and H-1B substitute visas for professionals with particular skill sets or from particular countries, such as Australia and Canada. The authors are Silicon Valley immigration lawyers with 60 years combined experience handling professional work visas. Whether you are an international professional desiring to work in the US for the first time, an international student in the US wishing to remain after graduation, or a hiring manager or HR specialist for a sponsoring entity, this short book will show you how to secure, maintain, and leverage your H-1B visa and answer all your questions about: quotas and exemptions RFEs and consular interviews dual representation by the employer's lawyer LCA compliance, auditing, and penalties serial H-1B employers termination and benching regulations reconciling filing deadlines with expiration dates transitioning from academic to affiliated to private H-1B employment

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-

letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

The California Guide to Growing Old Without Going Broke Martindale-Hubbell

Estate planning books often fall into two categories: Those that are overwhelming and full of jargon, focusing on strategies to avoid taxes, or those that provide a general overview of wills, trusts, and estate planning tools and issues at a basic level. Every Californian's Guide to Estate Planning is different: It focuses on estate planning issues that are unique to people who call California home. California is different from almost anywhere else, people come from all over the world to live here, less than 25% of our families fit the traditional model, property is subject to community property rules, and our property tax rates are kept low until a property changes hands. No other estate planning book on the market addresses international issues, how to plan for blended families, how and why community property matters in an estate plan, or how to pass low property taxes on to your children. Written by an estate planning attorney with more than 15 years of experience, complex issues are explained in clear and concise language with lots of examples based on real life stories. *The State Bar of California Program for Certifying Legal Specialists* Xlibris Corporation

On December 20, 2010, Congress enacted the most sweeping changes in the estate tax law in 29 years. People who have already begun (or though they had completed) their estate planning now need to review their estate plans in order to determine if their plans still help them. For people who have not begun the estate planning process, there is no better time to start. Estate Planning After The New Tax Law covers the basics and all of the complexities of estate planning. Using practical examples drawn from real life, the book examines the fundamentals of avoiding the probate of a decedents estate and reduction of estate taxes, starting with the basic tool, the living trust. The book avoids jargon and legalese, but does not skimp on the intricacies of estate planning law and practice.

Administering a special needs trust (SNT) is a very important job, which often has a profound impact on the life of persons with disabilities. In most cases, the SNT trustee is providing the

beneficiary goods and services that improve their quality of life. In some cases, the SNT trustee may be the only person looking to the beneficiary's welfare. Thus, the role of SNT trustee is often a more substantial role than in many other types of trusteeships. The great SNT trustee is a solid financial manager, accountant, record keeper, legal counselor, public benefits advisor, social worker, housing coordinator, civil rights advocate, guardian, and life coach. This is why author Kevin Urbatsch published his book titled Administering the California Special Needs Trust. It has been five years since the book was published. The reception for it far exceeded expectations. There have been excellent reviews of how it has helped SNT trustees, beneficiaries, their families, and professionals who advise persons with disabilities. After reviewing the book, the Federal Financial Institutions Examination Council (FFIEC) flew Kevin to Washington D.C. to present to federal government bank auditors on what to look for when auditing corporate trustees when banks administer special needs trusts. Other than the numbers that change each year, like SSI or SSDI, the balance of the book was current and up-to-date. However, there were some subjects that were missing in the book plus a couple of big changes that occurred since publication, including the passage of the Affordable Care Act and the ABLE (Achieving a Better Life Experience) Act that provide excellent new tools for the SNT trustee. Kevin recruited several of his professional colleagues to assist in preparing this Second Edition of the book including Michele Fuller, Robert Nuddleman, Herb Thomas, Courtney Kosnik, Scott MacDonald, and Daniel Cutter. With their assistance, Kevin added the following new chapters to the book Paying Caregivers, Paying Trustees Fees, Understanding and Utilizing ABLE Accounts, and Protecting the SNT Trustee. Kevin was also able to update and revise the information in the balance of the book and provide additional forms to make the job of being an SNT trustee safer and more efficient. With the checklists, form documents and law summaries included, Administering the Special Needs Trust contains a wide range of information for those charged with the responsibility of managing an SNT for persons with disabilities.

You Don't Have to Go Broke to Get the Care You Need at Home, in Assisted Living or a Nursing Home! Getting old can be expensive. Without proper planning Seniors' nest eggs are cracked open and drained dry to pay for the day to day care and help most of us will eventually need. In this comprehensive and easy-to-understand guide, California elder law attorney Joel Weissler shows how you, or your parents, can afford the expenses of aging. California in-home and facility based care prices are skyrocketing. Most families are overwhelmed with myth and misinformation when confronting California's elder care system. This book gives you the full picture you need to plan for future care needs and to react to immediate care needs. This book helps California Seniors to protect their assets and improve their quality of life while empowering them to pass on their nest eggs to make a difference for their families. You do not need to 'spend down' your assets to access comprehensive care benefits. California's rules are different from those of any other state. Using engaging case studies and plain English, Attorney Weissler explains: Why Medicare fails the Elderly When Reverse Mortgages are good deals, and when they are not California Long Term Care Options Whether a reverse mortgage is a smart planning option Veteran's Care Entitlements for in-home, assisted living and long-term care How to tap entitlement programs to pay for senior care needs Why most Seniors do not need to worry about how much they earn when seeking long term care benefits How to position yourself to qualify for Medi-Cal (Medicaid) How to legally and ethically shield your assets from the government And More Weissler gives you the real strategies and tools that California attorneys use to save their clients millions of dollars in long-term care costs. Attorney Weissler's insights will also warn you against financially wasteful strategies promoted by unethical insurance

and investment brokers who prey upon Seniors and their families. Whether you are just starting on your planning journey, or a medical emergency has forced you into a crisis planning situation, this book is for you. Each chapter of this 700+ page book is packed with useful information for U.S. Military veterans, unmarried individuals, married couples, divorcees, and family members. Don't hold off on creating your long-term care plan! Buy this book today so you can be prepared for whatever the future holds.

"The Down & Dirty," as we see it, is our attempt to demystify the usually complex nature of a family law matter; in this case, a child custody dispute in California. We want to share with you our experiences, including the common missteps of a parent, during what is sure to be one of the most difficult seasons of one's life so that you can have as much information when dealing with the difficult issues that you face. Our goal is to empower people who

are represented by attorneys and to assist those who represent themselves in child custody and visitation issues.

Martindale Hubbell Law Directory NOLO

Mary and Joe Martin are getting a divorce. Mary makes the decision, Joe reluctantly understands, and they both anticipate a simple and amicable settlement. When Joe stops by their house and uses his key to enter without calling in advance, an argument starts. Joe throws a book across the room in frustration and storms out. Joe doesn't know that Mary throws a book at him, because the door closes before it hits the wall. Humiliated by his own emotional display and ignorant of Mary's behavior, Joe is overwhelmed by guilt. Mary decides she'd better hire a lawyer to navigate the divorce and wrongly assumes that one lawyer is as loathsome as another. She engages Mr. George Bleedem, J.D., which turns out to be her most important - and worst - decision. Bleedem manages her case using the insidious tactics common nationwide. Mary and Joe are vulnerable, volatile and frightened as the case proceeds. The reader is given tools to make sense of what is going on: it is impossible to be fooled about the perils of the legal arena after watching this case unfold with the author's blow-by-blow commentary revealing the underbelly of the divorce industry.
