C'era una volta Cenerentola. Guida al gioco e all'invenzione narrativa. Con 50 schede per re-inventare l'immaginario fiabesco di Cenerentola Paw Prints

A collection of some of the oldest African tales, selected by Nelson Mandela, former president of South Africa, which presents such themes as cunning animals, magic spells, and people who change forms.

Favorite African Folktales National Geographic Books

This collection of folktales from South Africa has been put together the author says, not for scholarship but for a love of the sunny country where he was born. Some stories originate from Dutch sources, and some have several versions. Most are tales told by the bushmen.

"What would the world look like if girls grew up reading fairytales made from the magic they carry inside themselves?

Breathtakingly beautiful, is what." —Lidia Yuknavich, national bestselling author In her debut children's book, Rebecca Solnit reimagines a classic fairytale with a fresh, feminist Cinderella and new plot twists that will inspire young readers to change the world, featuring gorgeous silhouettes from Arthur Rackham on each page. In this modern twist on the classic story, Cinderella, who would rather just be Ella, meets her fairy godmother, goes to a ball, and makes friends with a prince. But that is where the familiar story ends. Instead of waiting to be rescued, Cinderella learns that she can save herself and those around her by being true to herself and standing up for what she believes. "Being a princess is absolutely fine if that's what you choose. It's having those choices taken away from you that make for big problems. Cinderella in Solnit's book is given that choice. She's allowed to say what her dreams are, and then she goes out and attains them. And they're not huge ridiculous dreams but small, happy, manageable ones. Ultimately, that's the gift Ms. Solnit is giving kids with this book." —School Library Journal "This is a reminder of hope and possibility, of kindness and compassion, and—perhaps most salient—imagination and liberty. Through the imaginations of our childhoods, can we find our true selves liberated in adulthood?" —Chelsea Handler "This is, hands down, a wonderful book—one that even the jaded reader will clasp upon completion with a contented sigh." —The New York Times *Eight Poems of Emily Dickinson* W. W. Norton & Company (Boosey & Hawkes Scores/Books). HPS 934

Isabelle Adriani, writer, journalist and actress continues her now twenty- year study of fairy tales. Her initial degree including a thesis on the DNA of Fairy Tales was followed by PhD research in the same field. Intrigued by the ever-loved story of Cinderella

(more than 300 versions of the story have spread all around the world) she now takes us 2650 years back in time in a marvelous narrative exploration of the first, real Cinderella in history, Rhodopis the rosy-cheeked, a Greek slave girl who married a Pharaoh and all because of a shoe. Ultimately, the Cinderella story is not that of an individual person, but rather of a spirit that lives within all of us, no matter what our culture is or which part of the world we come from. From the earliest versions, the odds are stacked against Cinderella - the name derives from cinder or ash - who is born low class and sold into slavery. Nonetheless, she is transformed into an independent, empowered, self-made woman. Her story unites us all in the knowledge that, despite our individual and societal limitations, color, language, space and time, we can and should continue to fight for justice and equality. A better life. A better world.

Il mio principe azzurro dove sta? W. W. Norton & Company

Reissue. 10,000 first printing.

AFRICAN SLEEPING BEAUTY Haymarket Books

Crackpot notions, community spirit, and sky-high aspirations transform a quiet boy's life in this whimsical tale from the stellar team of David Almond and Polly Dunbar. There are some strange ideas floating around in Paul's apartment block. There's Mabel, who now calls herself Molly and whose brother hides under a paper bag. Then there's Clarence, the poodle who thinks he can fly. But the strangest notion of all is Paul's. You see, Paul believes that the moon is not the moon but a great hole in the sky. And he knows that sausages are better than war. How on earth (or not) will he find out if he is bonkers or a genius? With a few equally bonkers (or genius) helpers and a very long ladder, that's how! From a master of magical realism and a celebrated artist comes another delightfully outrageous expedition.

Suite no. 2 in B minor, BWV. 1067). Donzelli Editore

Mandela, the Nobel Laureate for Peace, has selected 32 African stories for this extraordinary new book, an anthology that presents Africa's oldest folk tales to the children of the world. Full color.

The True Story of Cinderella EDITRICE GDS

Con questo manuale sarete in grado di trovare il vostro principe Azzurro, se lo state ancora cercando, o di capire se il vostro compagno o marito è un ranocchio o il vostro Azzurro. Dharma e Darla, rispettivamente le parti del sé che l'autrice ha identificato come quella ottimista e positiva vs quella pessimista e negativa, vi accompagnano in tutte le pagine del libro e attraverso un linguaggio ironico e colloquiale permettono di riflettere sulla esistenza o meno del Principe Azzurro. Potrete sorridere di voi stesse e del percorso che potrete compiere: la trasformazione da donne Principesse a donne Regine. Nello stesso testo sono descritte le varie tipologie di uomo: ranocchio, cacciatore, cavaliere, guerriero e re; la conoscenza di queste categorie consente di fuggire a gambe levate da un uomo che non potrebbe mai farvi vivere una storia d'amore in cui poter

sperimentare il “vissero felici e contenti”. Un vademecum, che come una cartina tornasole traccia la possibilità di compiere un percorso di autonomizzazione del proprio sé, per conoscersi, riconoscersi e riconoscere il proprio Re. Leggerlo si rivelerà utile anche per gli uomini: potranno entrare in contatto sia con l’universo femminile che con quello maschile. Ma sarete voi, solo alla fine di questo viaggio a dare una risposta alla domanda che dà il titolo stesso a quest’opera: “Il mio Principe Azzurro dove sta?”.

The Boy Who Climbed into the Moon

Favorite African Folktales is a landmark work that gathers many of Africa's most cherished folktales-stories from an oral heritage that predates Ovid and Aesop-in one extraordinary volume.

Nelson Mandela has selected these thirty-two tales, many of them translated from their original tongues, with the specific hope that Africa's oldest stories, as well as a few new ones, will be perpetuated by future generations and appreciated by children and adults throughout the world. Book jacket.

The Complete Grimm's Fairy Tales

Raccontare le favole ai nostri bambini è un metodo antico, e sempre efficace, sia per trasmettere morale e valori sia quale strumento pedagogico, in quanto esse nascondono profonde verità che possono dare indicazioni riguardo l’essenza stessa

della vita nei suoi molteplici aspetti quotidiani. Sul web, al giorno d’oggi, troviamo classifiche e liste di ogni tipo. E in questa nebulosa non potevano mancare le favole. In questo libro l’autore ha voluto raccogliere le dieci favole più belle, così come elaborate dagli utenti di internet: scorrendo la classifica, ritroviamo le favole che hanno caratterizzato l’infanzia di intere generazioni. La coloratissima raccolta, che ha il vantaggio di offrire la possibilità di scelta di più storie in un solo libro, viene arricchita dalle versioni di più autori sul medesimo oggetto della favola. Ogni versione si presenta adatta al momento storico in cui viene raccontata, pur mantenendo viva la contemporaneità della favola. Questo intreccio di fiabe finisce per creare dinamicità con il lettore e di renderlo più coinvolto, con il risultato di portarlo a riflettere e meditare. Le differenze che intercorrono tra le diverse versioni hanno infatti il potere, sia in una lettura condivisa, sia in solitario, di far fiorire un raffronto accattivante e nello stesso tempo magnetico, permettendo di accendere nell’animo del giovane lettore quella scintilla di curiosità e di confronto che regna in ogni essere umano.
