A Brooklyn P.I. and ex-
CIA agent looks for a
missing man while
suffering from an

identity crisis in this
thriller by the
bestselling author of
The Company. Martin
Odum is a onetime CIA
field agent turned
private detective in
Brooklyn, struggling his
way through a
labyrinth of memories
and past

identities—“legends” in Agency parlance. But who is Martin Odum? Is he a creation of the Legend Committee at the CIA’s Langley headquarters? Is he suffering from multiple personality disorder, brainwashing, or simply exhaustion? Widely considered one of the true grand masters of American spy fiction, Robert Littell shifts focus from the broad Cold War canvas of his international bestseller *The Company* to the life of a single CIA operative caught in a contradictory “wilderness of mirrors” in which remembering the past and forgetting it are both deadly options. From unforgettable opening to astonishing ending, *Legends* again proves Littell’s unparalleled

prowess as a seductive storyteller. “Littell provides plenty of inside intelligence info in his superb new thriller, but he adds a decidedly comic spin. . . . As the bodies of his friends and clients begin to pile up, Odum searches for answers about not only the missing husband but also himself. Wonderful writing and a great sense of fun make this another winner.” —Publishers Weekly, starred review “Now and then novels come along of such originality and power that they blow me away.... [Legends] makes it blazingly clear that Littell’s is one of the most talented, most original voices in American fiction today.” —The Washington Post

 "A wonderful read....
 An historical novel of the highest quality."—Iain Pears
 Rich in sensuous detail, this first novel brilliantly captures the political and social upheavals of the waning Ottoman Empire. The naked body of a young Englishwoman washes up in Istanbul wearing a pendant inscribed with the seal of the deposed sultan. The death resembles the murder by strangulation of another English governess, a crime that was never solved. Kamil Pasha, a magistrate in the new secular courts, sets out to find the killer, but his dispassionate belief

in science and modernity is shaken by betrayal and widening danger. In a lush, mystical voice, a young Muslim woman, Jaanan, recounts her own relationships with one of the dead women and her suspected killer. Were these political murders involving the palace or crimes of personal passion? An absorbing tale that transports the reader to nineteenth-century Turkey, this novel is also a lyrical meditation on the contradictory desires of the human soul. Reading group guide included. Includes the first chapter of the next Kamil Pasha novel.

 "Discover the positive prescription for curing

sleepless nights and fussy babies. Recommended by doctors across the country." - Back cover. *Mockingjay (Hunger Games, Book Three)* Little, Brown

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive

development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find

much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq. *The Moonglow Sisters* Apa Publications (UK) Limited

The Rough Guide to India Make the most of your time on Earth with the ultimate travel guides. World-renowned 'tell it like it is' travel guide, now with free eBook. Discover India with this comprehensive and entertaining travel guide, packed with practical information

and honest recommendations by our independent experts. Getting Your Baby to Sleep the Baby Sleep Trainer Way
 Chronicle Books
 The debut cookbook by the creator of the wildly popular blog *Damn Delicious* proves that quick and easy doesn't have to mean boring. Blogger Chungah Rhee has attracted millions of devoted fans with recipes that are undeniable 'keepers'- each one so simple, so easy, and so flavor-packed, that you reach for them busy night after busy night. In *Damn Delicious*, she shares exclusive new recipes as well as her most beloved dishes, all designed to bring fun and excitement into everyday cooking. From five-ingredient Mini Deep Dish Pizzas to no-fuss Sheet Pan

Steak & Veggies and 20-minute Spaghetti Carbonara, the recipes will help even the most inexperienced cooks spend less time in the kitchen and more time around the table. Packed with quickie breakfasts, 30-minute skillet sprints, and speedy takeout copycats, this cookbook is guaranteed to inspire readers to whip up fast, healthy, homemade meals that are truly 'damn delicious!'

The 4-hour Chef Allen & Unwin

FREEDOM OF INFORMATION If you ask, she must answer. A steerswoman's knowledge is shared with any who request it; no steerswoman may refuse a question, and no steerswoman may answer with

anything but the truth. And if she asks, you must answer. It is the other side of tradition's contract -- and if you refuse the question, or lie, no steerswoman will ever again answer even your most casual question. And so, the steerswomen - always seeking, always investigating - have gathered more and more knowledge about the world they travel, and they share that knowledge freely. Until the day that the steerswoman Rowan begins asking innocent questions about one small, lovely, inexplicable object... Her discoveries grow stranger and deeper, and more dangerous, until suddenly she finds she must flee or fight for her life. Or worse --

lie. Because one kind of knowledge has always been denied the the steerswomen: Magic." If you haven't read Kirstein's Steerswoman books I envy you the chance to read them now for the first time.... I think they have a very good claim to be my favorite thing still being written. [...] If you like science, and if you like watching someone work out mysteries, and if you like detailed weird alien worlds and human cultures, if really good prose appeals... you're really in luck." - Jo Walton, Hugo and Nebula Awards winner, author of *Among Others* and *Farthing*. [Kirstein] walks the tightrope between fantasy and science fiction with precision and grace... [her] compassion for

even minor characters is evident on every page, and her prose is measured and alluring without being overworked." --

Damien Broderick & Paul Di Filippo, in *Science Fiction: The 101 Best Novels 1985-2010*

The Sultan's Seal: A Novel (Kamil Pasha Novels) Little, Brown Spark

The Law Library presents the complete text of the Weather and Safety Leave (US Office of Personnel Management Regulation) (OPM) (2018 Edition). Updated as of May 29, 2018 The Office of Personnel Management is issuing new regulations on the granting and recording of weather and safety leave for Federal employees. The

Administrative Leave Act of 2016 created four new categories of statutorily authorized paid leave- administrative leave, investigative leave, notice leave, and weather and safety leave-and established parameters for their use by Federal agencies. These regulations will provide a framework for agency compliance with the new statutory requirements regarding weather and safety leave. OPM will issue separate final regulations to address administrative leave, investigative leave, and notice leave at a later date. This ebook contains: - The complete text of the Weather and Safety Leave (US Office of Personnel Management Regulation) (OPM)

(2018 Edition) - A dynamic table of content linking to each section - A table of contents in introduction presenting a general overview of the structure

Runner's World Run Less Run Faster

Independently
Published

Finally, runners at all levels can improve their race times while training less, with the revolutionary Furman Institute of Running and Scientific Training (FIRST) program. Hailed by the Wall Street Journal and featured twice in six months in cover stories in Runner's World magazine, FIRST's unique training philosophy makes running easier and more accessible, limits overtraining and burnout, and

substantially cuts the risk of injury, while producing faster race times. The key feature is the "3 plus 2" program, which each week consists of: -3 quality runs, including track repeats, the tempo run, and the long run, which are designed to work together to improve endurance, lactate-threshold running pace, and leg speed -2 aerobic cross-training workouts, such as swimming, rowing, or pedaling a stationary bike, which are designed to improve endurance while helping to avoid burnout With detailed training plans for 5K, 10K, half marathon, and marathon, plus tips for goal-setting, rest, recovery, injury rehab and prevention, strength training, and

nutrition, this program will change the way runners think about and train for competitive races. Amby Burfoot, Runner's World executive editor and Boston Marathon winner, calls the FIRST training program "the most detailed, well-organized, and scientific training program for runners that I have ever seen." American Psychiatric Association Practice Guidelines American Psychiatric Publishing "TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT-the ability to develop early insight into their child's temperament." -Los Angeles Family When Tracy Hogg's Secrets of the Baby Whisperer was first published, it soared onto bestseller lists across the

country. Parents everywhere became “whisperers” to their newborns, amazed that they could actually communicate with their baby within weeks of their child’s birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby’s every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby’s life—because a happy baby sleeps through the night. Now you too can benefit from Tracy’s more than twenty years’ experience. In this groundbreaking book,

she shares simple, accessible programs in which you will learn:

- E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household’s life easier and happier.
- S.L.O.W.—how to interpret what your baby is trying to tell you (so you don’t try to feed him when he really wants a nap).
- How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type.
- Tracy’s Three Day Magic—how to change any and all bad habits (yours and the baby’s) in just three days. At the heart of Tracy’s simple but profound message: treat the baby as you would like

to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.

Grandbaby Cakes

Natalie Willes

With praise from Dorie Greenspan, Jim Lahey, and David Lebovitz, the definitive bread-baking book for a new generation. But this book isn't just about baking bread-- it's about what to do with the slices and heels and nubs from those many loaves you'll bake. Alexandra Stafford grew up eating her mother's peasant bread at nearly every meal—the recipe for which was a closely-

guarded family secret. When her blog, *Alexandra's Kitchen*, began to grow in popularity, readers started asking how to make the bread they'd heard so much about; the bread they had seen peeking into photos. Finally, Alexandra's mother relented, and the recipe went up on the internet. It has since inspired many who had deemed bread-baking an impossibility to give it a try, and their results have exceeded expectations. The secret is in its simplicity: the no-knead dough comes together in fewer than five minutes, rises in an hour, and after a second short rise, bakes in buttered bowls. After you master the famous peasant bread, you'll

work your way through its many variations, both in flavor (Cornmeal, Jalapeno, and Jack; Three Seed) and form (Cranberry Walnut Dinner Rolls; Cinnamon Sugar Monkey Bread). You'll enjoy bread's usual utilities with Food Cart Grilled Cheese and the Summer Tartine with Burrata and Avocado, but then you'll discover its true versatility when you use it to sop up Mussels with Shallot and White Wine or juicy Roast Chicken Legs. Finally, you'll find ways to savor every last bite, from Panzanella Salad Three Ways to Roasted Tomato Soup to No-Bake Chocolate-Coconut Cookies. Bread, Toast, Crumbs is a 2018 nominee for The IACP Julia Child First Book Award, and

Alexandra's Kitchen was a finalist for the Savor Blog Awards Most Inspired Weeknight Dinners 2016 [On Becoming Baby Wise](#) Hachette UK From the intellectual leader of the Republican party, an unvarnished look into the state of the conservative movement today and a clear plan for what needs to be done to save the American Idea. The Way Forward challenges conventional thinking, outlines his political vision for 2014 and beyond, and shows how essential conservatism is for the future of our nation. Beginning with a careful analysis of the 2012 election-- including a look at the challenge the GOP had

in reaching a majority of voters and the prevalence of identity politics--Ryan examines the state of the Republican party and dissects its challenges going forward. *The Way Forward* also offers a detailed critique of not only President Obama but of the progressive movement as a whole--its genesis, its underlying beliefs and philosophies, and how its policies are steering the country to certain ruin. Culminating in a plan for the future, *The Way Forward* argues that the Republican Party is and must remain a conservative party, emphasizing conservatism in a way that demonstrates how it can modernize and appeal to both our deepest concerns and highest ideals.

Stewart Copeland - Drumming in the Police and Beyond Crown

This book is designed to introduce doctoral and graduate students to the process of conducting scientific research in the social sciences, business, education, public health, and related disciplines. It is a one-stop, comprehensive, and compact source for foundational concepts in behavioral research, and can serve as a stand-alone text or as a supplement to research readings in any doctoral seminar or research methods class. This book is currently used as a research text at universities on six continents and will shortly be available in nine different languages.

Transnational Film

Remakes Parent-Wise Solutions, Incorporated Ever stopped to read the list of ingredients in the products you use every day? In *Low Tox Life*, activist and educator Alexx Stuart gently clears a path through the maze of mass-market ingredient cocktails, focusing on four key areas: Body, Home, Food and Mind. Sharing the latest science and advice from experts in each area, Alexx tackles everything from endocrine-disruptors in beauty products to the challenge of going low plastic in a high-plastic world, and how to clean without a hit of harmful toxins. You don't need to be a fulltime homesteader with a cupboard full of organic linens to go low tox. Start small,

switching or ditching one nasty at a time, and enjoy the process as a positive one for you and the planet.

“Welcome to what will

undoubtedly be a whole new level of athletic performance.”
—Mark Allen, six-time winner of the Hawaii Ironman.

The Blood Sugar Solution Harper Collins
Volcanic dust, climate change, tsunamis, earthquakes—geoscience explores phenomena that profoundly affect our lives. But more than that, as Doug Macdougall makes clear, the science also provides important clues to the future of the planet. In an entertaining and accessibly written narrative, Macdougall gives an overview of Earth’s astonishing history based on information extracted from rocks, ice cores, and other natural archives. He explores such questions as:

What is the risk of an asteroid striking Earth? Why does the temperature of the ocean millions of years ago matter today? How are efforts to predict earthquakes progressing? Macdougall also explains the legacy of greenhouse gases from Earth’s past and shows how that legacy shapes our understanding of today’s human-caused climate change. We find that geoscience in fact illuminates many of today’s most pressing issues—the availability of energy, access to fresh water, sustainable agriculture, maintaining biodiversity—and we discover how, by applying new technologies and ideas, we can use it to prepare for the future.
