<b>ISAIAH BLACKBURN</b>	
<i>Black &amp; Decker The Complete Guide to Sheds, 3rd Edition</i> Gibbs Smith “With Leggett’s guidance, these visits into farmhouse decorated homes provide the do-it-yourselfer with ideas for decorating their own abodes.” —Library Journal Come along on the hunt to coveted country sources and the best secret antiquing spots, and learn how to create country farmhouse style in your city dwelling. Author Kim Leggett is the creator of City Farmhouse, an interior design business, pop-up antiquing fairs, and vintage store. She is also a legendary “picker” and favorite designer to celebrity clients (and country-style mavens) including Meg Ryan, Ralph Lauren, Sheryl Crow, and Phillip Sweet and Kimberly Schlapman of Little Big Town. In <i>City Farmhouse Style</i> , Leggett offers great style advice, breaking down the design vocabulary that makes for fresh country style (no matter the setting). The popularity of farmhouse style has designers, homeowners, and fans in search of inspiration to create this look in all its rural glory. <i>City Farmhouse Style</i> is the first design book of its kind to focus entirely on transforming urban interiors with unfussy, welcoming, country-style decor. “With Kim’s tips and style inspiration anyone can bring country to the city with ease.” —Sheryl Crow, Grammy Award-winning singer-songwriter “So, what happens when homeowners throw out the design rule book? Genius decorating ideas pop up everywhere. A flip through Leggett’s book reveals dozens.” —Architectural Digest “Leggett celebrates the ageless appeal of farmhouse staples—and explains why the look isn’t going anywhere. (You can bet the farm on it).” —Country Living “Forget your old definition of farmhouse style and learn about the diversity of the look.” —American Farmhouse Style <i>Junk Gypsy</i> Jacqui Small In <i>Shed Style</i> , Selina Lake reveals how even the smallest garden can be home to an outdoor retreat. From the traditional gardener’s potting shed to a writer’s cabin to an artist’s studio, Selina explores sheds, cabins, huts, greenhouses, pods and all manner of garden structures, providing ample inspiration for anyone dreaming of their own garden hideaway. She reveals how any existing shed, cabin or outbuilding can become a versatile work or social space rather than just somewhere to store the lawnmower. If you are short of space indoors, as so many of us are nowadays, a garden office, creative space, ‘she shed’ or work pod can provide a perfect solution. A greenhouse or potting shed will appeal to keen gardeners, while a cosy shepherd’s hut, perhaps with a bijou wood-burning stove, can work as guest accommodation. In <i>Shed Style</i> , Selina reveals how to create the shed of your dreams, presenting hundreds of fresh ideas for decorating and styling both the interior and exterior as well as suggestions for lighting, fabrics, furniture and other accessories. <i>Shed Style</i> is perfect for anyone who wants to make the most of their outdoor space. <i>Stylish Sheds and Elegant Hideaways</i> Frances Lincoln From the publishers of <i>House Beautiful</i> comes a book packed with ideas about decorating your home elegantly with all those books you’ve got lying around or sitting in boxes. <b>She Sheds</b> Quarto Publishing Group USA Building on the success of my cool caravan and my cool campervan in 2010 and 2011, this follow-up book celebrates the humble and not so humble shed, from artists’ studios to beach huts, and the diverse ways in which owners are styling them. my cool shed features 35 sheds, small cabins, garden rooms, beach huts, modern architectural mini masterpieces and other small spaces given purpose by their owners to pursue their hobbies, careers, creative endeavours or just to find some peace and solitude. The book includes high-quality stylish photography to show a wide range of well styled and elegant sheds, cabins, dens and hidewaways in attractive locations. The owners’ stories and accompanying style notes offer insight as well as inspiration. This is not a ‘how to’ book, although a sourcebook will be included, but more of a ‘feel good’ book and provider of inspiration. <i>French Country Cottage</i> Ryland Peters & Small	

Shows how to build five complete sheds. With detailed coverage of materials options and construction techniques.

*Build Your Own Sheds & Outdoor Projects Manual, Sixth Edition* Harvest House Publishers

New York Times bestseller In their first book, the Junk Gypsies—sisters and stars of the popular Texas-born brand and HGTV show—combine big dreams, stories of roadside treasures found, and down-home design projects inspired by epic makeovers for friends like Miranda Lambert, Billie Joe Armstrong, and Sadie Robertson. Amie and Jolie Sikes, the Thelma and Louise of the design world, are the Junk Gypsies: a family with an addiction to flea markets, wanderlust, and Americana inspired design. In their world, cowgirls are heroes, road trips last forever, and junk is treasured. Beginning with a little bit of faith and a whole lot of heart and soul, the sisters travelled the back roads of America like gypsies, collecting roadside trinkets and tattered treasures while meeting kindred spirits and lively characters along the way. With a mix of hippie, rock n’ roll, southern charm, and big dreams, these small-town Texas girls became restless wanderers and owners and operators of their dream business and bohemian brand, Junk Gypsy. Filled with stories from their unique journey as well as DIY projects and bohemian inspired designs, Junk Gypsy is a tribute to all the rowdy gypsies, crafty junkers, free-spirited romantics, and true-blue rebels who have ever dared to dream big.

The power of design to create a life worth living even in a refugee camp: designs, inventions, and artworks from the Azraq Refugee Camp in Jordan. This book shows how, even in the most difficult conditions--forced displacement, trauma, and struggle--design can help create a life worth living. Design to Live documents designs, inventions, and artworks created by Syrian refugees living in the Azraq Refugee Camp in Jordan. Through these ingenious and creative innovations--including the vertical garden, an arrangement necessitated by regulations that forbid planting in the ground; a front hall, fashioned to protect privacy; a baby swing made from recycled desks; and a chess set carved from a broomstick--refugees defy the material scarcity, unforgiving desert climate, and cultural isolation of the camp. Written in close collaboration with the residents of the camp, with text in both English and Arabic, *Design to Live*, reflects two perspectives on the camp: people living and working in Azraq and designers reflecting on humanitarian architecture within the broader field of socially engaged art and design. Architectural drawings, illustrations, photographs,

narratives, and stories offer vivid testimony to the imaginative and artful ways that residents alter and reconstruct the standardized humanitarian design of the camp--and provide models that can be replicated elsewhere. The book is the product of a three-year project undertaken by MIT Future Heritage Lab, researchers and students with Syrian refugees at the Azraq Refugee Camp, CARE, Jordan, and the German-Jordanian University. Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m2/540ft2. Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.

NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more."

Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. How can we design places that fulfill urgent needs of the community, achieve environmental justice, and inspire long-term stewardship? By bringing community members to the table with designers to collectively create vibrant, important places in cities and neighborhoods. For decades, participatory design practices have helped enliven neighborhoods and promote cultural understanding. Yet, many designers still rely on the same techniques that were developed in the 1950s and 60s. These approaches offer predictability, but hold waning promise for addressing current and future design challenges. *Design as Democracy* is written to reinvigorate democratic design, providing inspiration, techniques, and case stories for a wide range of contexts. Edited by six leading practitioners and academics in the field of participatory design, with nearly 50 contributors from around the world, it offers fresh insights for creating meaningful dialogue between designers and communities and for transforming places with justice and democracy in mind.
