2013) – at both Standard and Higher Level. is structured in the study order of our textbook Economics from a global perspective (third edition), which exactly follows the current IB Diploma syllabus. is sequenced by section, chapter and topic, as in our textbook. has Higher Level only questions clearly marked. has over 450 questions, with many new questions covering the mathematical content of the current syllabus. has answers that can be removed if using the book for course tests. is ideal for use with Economics from a global perspective. is at a suitable level for use with GCE A Level courses, professional courses, and university introductory courses.

...and Their Answers!
 Hodder Education
 The 2013 IB HL Economics syllabus change introduced Paper 3, an essentially calculations-based assessment. THIS development challenged teachers and students alike, as few Paper 3 practice resources have been available. THis is furthermore an area of the syllabus where, as in Mathematics, practice is fundamentally important in developing the skills and confidence for needed for success. Paul Hoang's latest publication therefore represents an invaluable resource in helping students to prepare for the examination challenges they face. For many candidates

the mix of words, theory and numbers in Paper 3 questions can be overwhelming, if they have not developed easy familiarity throughout their course. With clear layout and content that beautifully mirrors IB examination questions, this resource is the one we have all been waiting for. I absolutely recommend it as a 'must have' for all those who are preparing for the HL Economics examination. IT is a core resource invaluable to students and teachers alike.

Janet Barrow, IB Economics Teacher, OSC Teacher, IB Examiner, author of IB Business Management and TOK teacher resources 20160615
