ROMAN BALLAD	

One Last Time Sheet Music Hal Leonard Corporation (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line. **Heating, Air Conditioning, Sheet Metal Contractor** Elsevier Written with grace, humor, and affection, Last Train to Memphis has been hailed as the definitive biography of Elvis Presley. It is the first to set aside the myths and focus on Elvis' humanity in a way that has yet to be duplicated. A New York Times Notable Book Winner of the Ralph J. Gleason Music Book Award "Elvis steps from the pages. You can feel him breathe. This book cancels out all others." --Bob Dylan From the moment that he first shook up the world in the mid 1950s, Elvis Presley has been one of the most vivid and enduring myths of American culture. Last Train to Memphis: The Rise of Elvis Presley is the first biography to go past that myth and present an Elvis beyond the legend. Based on hundreds of interviews and nearly a decade of research, it traces the evolution not just of the man but of the music and of the culture he left utterly transformed, creating a completely fresh portrait of Elvis and his world. This volume tracks the first twenty-four years of Elvis' life, covering his childhood, the stunning first recordings at Sun Records ("That's All Right," "Mystery Train"), and the early RCA hits ("Heartbreak Hotel," "Hound Dog," "Don't Be Cruel"). These were the years of his improbable self-invention and unprecedented triumphs, when it seemed that everything that Elvis tried succeeded wildly. There was scarcely a cloud in sight through this period until, in 1958, he was drafted into the army and his mother died shortly thereafter. The book closes on that somber and poignant note. Last Train to Memphis takes us deep inside Elvis' life, exploring his lifelong passion for music of every sort (from blues and gospel to Bing Crosby and Mario Lanza), his compelling affection for his family, and his intimate relationships with girlfriends, mentors, band members, professional associates, and friends. It shows us the loneliness, the trustfulness, the voracious appetite for experience, and above all the unshakable, almost mystical faith that Elvis had in himself and his music. Drawing frequently on Elvis' own words and on the recollections of those closest to him, the book offers an emotional, complex portrait of young Elvis Presley with a depth and dimension that for the first time allow his extraordinary accomplishments to ring true. Peter Guralnick has given us a previously unseen world, a rich panoply of people and events that illuminate an achievement, a place, and a time as never revealed before.

Into the Woods Hal Leonard Corporation

Lead 65 documents the proceedings of the Second International Conference on Lead held in Arnhem, 4-7 October 1965. The conference was organized by the Lead Development Association on behalf of the European Lead Development Committee (ELDC). In these Edited Proceedings will be found the full text of 34 papers presented during the conference together with an account of the discussion which followed presentation of each paper or related groups of papers. The book opens with a discussion of trends in world lead consumption. The remainder of the book is organized into four sections. The papers in Section 1 focus on dispersion strengthened lead. Section 2 presents studies on lead cable sheathing. Section 3 examines lead acid batteries for various applications while the papers in Section 4 deal with chemical and other applications of lead.

Berklee Contemporary Music Notation Hal Leonard

From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a large number of recordings by tune title. A tally was taken to find out which had been recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . . Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner."

Medeski, Martin and Wood Songbook Hal Leonard Corporation

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Journal of the Society of Chemical Industry Hal Leonard Corporation

(Applause Libretto Library). This 1995 Pulitzer Prize-winning musical was inspired by the painting A Sunday Afternoon on the Island of La Grande Jatte by Georges Seurat. A complex work revolving around a fictionalized Seurat immersed in single-minded concentration while painting the masterpiece, the production has evolved into a meditation on art, emotional connection, and community. This publication contains the entire script of the musical. " Sunday is itself a modernist creation, perhaps the first truly modernist work of musical theatre that Broadway has produced ... a watershed event that demands nothing less than a retrospective, even revisionist, look at the development of the serious Broadway musical." Frank Rich, The New York Times Magazine

The Fiddler's Fakebook Hal Leonard Corporation

The music industry's ongoing battle against digital piracy is just the latest skirmish in a long conflict over who has the right to distribute music. Starting with music publishers' efforts to stamp out bootleg compilations of lyric sheets in 1929, Barry Kernfeld's Pop Song Piracy details nearly a century of disobedient music distribution from song sheets to MP3s. In the 1940s and '50s, Kernfeld reveals, song sheets were succeeded by fake books, unofficial volumes of melodies and lyrics for popular songs that were a key tool for musicians. Music publishers attempted to wipe out fake books, but after their efforts proved unsuccessful they published their own. Pop Song Piracy shows that this pattern of disobedience, prohibition, and assimilation recurred in each conflict over unauthorized music distribution, from European pirate radio stations to bootlegged live shows. Beneath this pattern, Kernfeld argues, there exists a complex give and take between distribution methods that merely copy existing songs (such as counterfeit CDs) and ones that transform songs into new products (such as file sharing). Ultimately, he contends, it was the music industry's persistent lagging behind in creating innovative products that led to the very piracy it sought to eliminate.

The Metal Worker, Plumber, and Steam Fitter Hal Leonard Corporation

(Piano Solo Sheets). Piano solo sheet music for the 1960 instrumental written and performed by Floyd Cramer.
