Harry's Magic Tables Springer

Rhymes x pictures = times tables made easy! Nine year old Harry Moraghan never found maths easy. Then he discovered he REALLY hated it when it came to learning multiplication tables So Harry's mum invented an ingenious way of remembering his tables by using rhymes and pictures. In two weeks Harry had all his multiplication tables down pat. Soon after, Harry's teacher gave the class a test. Harry finished it in five minutes and got every question right! News of Harry's Magic Tables spread like wildfire in his school. In no time, the book was shared with some lucky classmates, friends, cousins, and eventually complete strangers too! Now many happy children know their tables inside out - and so can you!

Reading Harry Potter Again Bloomsbury Publishing USA

Behind the magic of Harry Potter—a witty and illuminating look at the scientific principles, theories, and assumptions of the boy wizard's world, newly come to life again in Harry Potter and the Cursed Child and the upcoming film Fantastic Beasts: The Crimes of Grindelwald Can Fluffy the three-headed dog be explained by advances in molecular biology? Could the discovery of cosmic "gravity-shielding effects" unlock the secret to the Nimbus 2000 broomstick's ability to fly? Is the griffin really none other than the dinosaur Protoceratops? Roger Highfield, author of the critically acclaimed The Physics of Christmas, explores the fascinating links between magic and science to reveal that much of what strikes us as supremely strange in the Potter books can actually be explained by the conjurings of the scientific mind. This is the perfect guide for parents who want to teach their children science through their favorite adventures as well as for the millions of adult fans of the series intrigued by its marvels and mysteries. • An ALA Booklist Editors' Choice •

Teaching Faith with Harry Potter St. Martin's Griffin

During one month in the autumn of election year 2000, scores of movie-business strivers are focused on one goal: getting a piece of an elusive, but surely huge, television saga, the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert; the sure-to-please-everyone multigenerational TV miniseries about diviners, those miracle workers who bring water to perpetually thirsty (and hungry and love-starved) humankind. Among the wannabes: Vanessa Meandro, hot-tempered head of Means of Production, an indie film company; her harried and varied staff; a Sikh cab driver, promoted to the office of -theory and practice of TV; a bipolar bicycle messenger, who makes a fateful mis-delivery; two celebrity publicists, the Vanderbilt girls; a thriller writer who gives Botox parties; the daughter of an L.A. big-shot, who is hired to fetch Vanessa's Krispy Kremes and more; a word man who coined the phrase -- inspired by a true story; and a supreme court justice who wants to write the script.A few true artists surface in the course of Moody's rollicking but intricately woven novel, and real emotion eventually blossoms for most of Vanessa's staff at Means of Production, even herself. The Diviners is a cautionary tale about pointless ambition; a richly detailed look at the interlocking worlds of money, politics, addiction, sex, work, and family in modern America; and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation.

Houdini on Magic Penguin

Every event is magical when it's inspired by the imaginative Wizarding World of the Harry Potter films! Bursting with photography and sprinkled with behind-the-scenes film facts, this book offers step-by-step instructions on how to create, craft, and cater five unique Harry Potter-themed events. Teaching Systematic Synthetic Phonics in Primary Schools Simon and Schuster

In these buoyant and inventive stories, Karen Tei Yamashita transfers classic tales across boundaries and questions what an inheritance—familial, cultural, emotional, artistic—really means. In a California of the sixties and seventies, characters examine the contents of deceased relatives' freezers, tape-record high school locker-room chatter, or collect a community's gossip while cleaning the teeth of its inhabitants. Mr. Darcy is the captain of the football team, Mansfield Park materializes in a suburb of L.A., bake sales replace ballroom dances, and station wagons, not horse-drawn carriages, are the preferred mode of transit. The stories of traversing class, race, and gender leap into our modern world with and humor.

The Diviners Penguin

A 3-D masterpiece celebrating Harry Potter’s Hogwarts School of Witchcraft and Wizardry from New York Times best-selling pop-up engineer Matthew Reinhart. Harry Potter: A Pop-Up Guide to Hogwarts is an exhilarating, interactive guide to the iconic school of witchcraft and wizardry. This book

features spectacular pop-up re-creations of key locations inside and outside Hogwarts castle, and it opens flat to form a pop-up map of the castle and its grounds—including the Quidditch pitch, the Forbidden Forest, and beyond. In addition to large pops on each spread, numerous mini-pops bring to life beloved elements from the Harry Potter films, such as the Marauder's Map and the Flying Ford Anglia. Each pop includes insightful text about Hogwarts as seen in the films, making for a must-have collectible for fans of the wizarding world. NOTE: Before unfolding the Hogwarts map, unhook the two manila tabs on each spread by gently pushing them out from underneath. There are eight tabs in total to release.

Harry Potter: A Pop-Up Guide to Hogwarts Simon and Schuster

Discover Your Inner Magic with a No-Nonsense Teacher at Your Side This beginner's guide to magic is like sitting down at the kitchen table with Melissa Cynova as she shows how to use simple prayers, spells, and rituals to make positive improvements in your life. This book is a down-to-earth guide to powerful and effective magical techniques for connecting with spirit and creating the life that you truly desire.

Harry Styles: The Making of a Modern Man Springer

Joanne Rowling's great epic is forming the faith and moral vision of millions of people. If you are reading this book, forming faith is at least part or maybe all of your vocation, as teacher, pastor, parent, godparent, roommate, sibling, spouse, or friend. In baptism we vow to form our faith and the faith of others. To not use this modern epic in your sacred work is to leave on the table one of the most ubiquitous and enchanting tools of our time to awaken and baptize the imagination. Don't put this wand away.

Echoes of the Gospel in Harry Potter Workman Publishing

This book offers a rationale for and ways of reading popular culture for peace. It argues that we can improve peacebuilding theory and practice through examining popular culture’s youth revolutionaries and their outcomes - from their digital and plastic renderings to their living embodiments in local struggles for justice. The study combines insights from post-structural, post-colonial, feminist, youth studies and peace and conflict studies theories to analyze the literary themes, political uses, and cultural impacts of two hit book series - Harry Potter and The Hunger Games - tracing how these works have been transformed into visible political practices, including social justice advocacy and government propaganda in the War on Terror. Pop culture production and consumption help maintain global hierarchies of inequality and structural violence but can also connect people across divisions through fandom participation. Including chapters on fan activism, fan fiction, Guantanamo Bay detention center, youth as a discursive construct in IR, and the merchandizing and tourism opportunities connected with The Hunger Games, the book argues that through taking youth-oriented pop culture seriously, we can better understand the local, global and transnational spaces, discourses, and the relations of power, within which meanings and practices of peace are known, negotiated, encoded and obstructed.

Times Tables Pull the Tab HarperCollins

DIVThe one essential guidebook to attaining the highest level of card mastery, from false shuffling and card palming to dealing from the bottom and three-card monte, plus 14 dazzling card tricks. /div

Journal of Health, Physical Education, Recreation Back Bay Books

Given the current educational climate of high stakes testing, standardized curriculum, and 'approved' reading lists, incorporating unauthorized, popular literature into the classroom becomes a political choice. The authors examine why teachers choose to read Harry Potter , how they use the books, and the resulting teacher-student interactions.

Harry Potter: Knitting Magic Simon and Schuster

Nine-year-old Harry Moraghan never found maths easy. But when it came to learning his multiplication tables, difficult soon became impossible. So Harry's mum invented an ingenious method of helping him over that first hurdle. She combined pictures and rhymes to help him visualise the answers. Just two weeks later, Harry had all his multiplication tables down pat. Soon, news of Harry's Magic Tables was spreading like wildfire through Harry's school. In no time at all it had been shared and was helping classmates, friends, cousins, and even a few complete strangers. To date, the method has helped thousands of children make the leap to multiplication. This newly expanded edition now includes, for the first time, 10, 11 and 12 times tables.

Reading Harry Potter Again: New Critical Essays extends the discussion of the Harry Potter books by covering the entire series in one new and comprehensive volume. As was argued in Reading Harry Potter: Critical Essays (Praeger, 2003), interpreting the underlying messages and themes of

the Harry Potter series is vital for understanding the ways in which we perceive and interact with each other in contemporary society. The novels and corresponding film adaptations have broken records with their astonishing sales and widespread acclaim. They have also generated a plethora of writing—by critics, academics, and fans. J.K. Rowling's Harry Potter books could easily be called this generation's most formative narratives, and thus certainly warrant critical attention. This new volume of essays covers the entire seven-book sequence. Contributors consider myriad themes from a variety of perspectives. Areas addressed include religion, morality, race, magic, and other themes popular in discussing the books. With this book in hand, fans of the series—indeed anyone interested in the Harry Potter phenomenon—will better appreciate and understand Rowling's work and the impact of her stories on our culture and on our times.

Teaching Harry Potter Courier Corporation

The indispensable source guide to J.K. Rowling's Harry Potter novels—the perfect gift for Harry Potter fans! What was the model for The Order of the Phoenix? Where do those names come from? What is the real-life legend behind Voldemort's Dark Mark? Could Snape's potions actually work? J.K. Rowling's young heroic wizard, Harry Potter, lives in a world populated by dragons, centaurs, trolls, giants—and a three-headed dog named Fluffy—among other creatures from ancient myths and legends. Discover the astonishing origins of supernatural beasts, clues to hidden meanings in names, and amazing facts about real-life wizards and magic spells. From Alchemists to Unicorns, Basilisks to Veela, this fascinating compendium brings another dimension to Harry's adventures—from The Sorcerer's Stone to The Deathly Hallows. This book was not authorized, prepared, approved, licensed or endorsed by J.K. Rowling, Warner Bros., or any other individual or entity associated with the HARRY POTTER books or movie.

'Fascinating and authoritative' The Daily Express Sunday Times bestselling author Sean Smith tells the extraordinary story of a modern cultural icon: Harry Styles.

Harry Potter - a History of Magic Gill & Macmillan Ltd

Kids love magic. They love to see it, and they love to do it. Enter Joshua Jay, who started doing magic when he was 7 and was named champion at the World Magic Seminar (the Olympics of magic) by the time he was 16. His Big Magic for Little Hands is packed with 25 astonishing illusions for kids ages 7 and up. In other words, it's sleight of hand for the small of hand. These are tricks that require little prep time and dexterity yet are guaranteed to deliver a big payoff. The large format, oversized ext, and black-and-white vintage-style illustrations make Big Magic particularly easy to follow and kid-friendly. Here's how to levitate your sibling several feet off a bed. Escape Houdini-like from tightly bound ropes. There are also impromptu effects that can be performed anytime, anywhere, like Spook-Key, in which an antique key mysteriously rotates in your hand. Each easy-to-perform feat is clearly illustrated with step-by-step drawings and accompanied by insider tips. Joshua Jay is a master who guides his apprentices through every aspect of the magician's art, from the first step—taking the Magician's Oath—to how to minimize nervousness (Rule #1: Rehearse. A lot).

Peace and Resistance in Youth Cultures Penguin

Master magicians of their time, Hatton and Plate recorded in this book — which they wrote in 1910 — solutions to problems that seemed unsolvable. Indispensable to today's amateur and professional magicians, the how-to manual explains 140 tricks performed with cards, coins, balls, eggs, handkerchiefs, and other common household items. 194 black-and-white illustrations.

Magicians' Tricks Penguin
