Bookbird HarperCollins
Across various time

periods, audiences,
aesthetics, and cultural
landscapes, Little Red
Riding Hood is a universal

icon, and her story is one of the world's most retold tales. In *Revisioning Red Riding Hood Around the World: An Anthology of International Retellings*, Sandra L. Beckett presents over fifty notable modern retellings, only two of which have appeared previously in English. The tales include works published in twenty-four countries and sixteen languages, in texts that span more than a century, but with the majority written in the last fifty years. They include retellings for children,

adolescents, and adults, as well as crossover works intended for an audience of all ages. The tales in this volume progress from works that recast the story of Little Red Riding Hood from traditional perspectives through more playful versions to more unconventional approaches. Seven sections are arranged thematically: *Cautionary Tales for Modern Riding Hoods*, *Contemporary Riding Hoods Come of Age*, *Playing with the Story of Red Riding Hood and the Wolf*,

Rehabilitating the Wolf, *The Wolf's Story*, *The Wolf Within*, and *Running with the Wolves*. Beckett provides an interpretative introduction to each text and insightful information on its author and/or illustrator. A variety of genres are represented, including fairy tale, short story, novella, novel, poetry, illustrated books, and picture books. More than 90 illustrations, both color plates and black-and-white images, reveal further narrative layers of meaning. The number and diversity of retellings in

Revisioning Red Riding Hood demonstrate the tale's remarkable versatility and its exceptional status in the collective unconscious and in literary culture, even beyond the confines of the Western world. This unique anthology contributes to cross-cultural exchange and facilitates comparative study of the tale for readers interested in fairy-tale studies, cultural studies, and literary history.

Good Girls Don't Wear Trousers Zondervan

A representative selection of tales from the Italian fairy-tale tradition, translated into English. Encyclopedia of Italian Literary Studies: A-J Cambridge Scholars Publishing
“David Laskin deploys historical fact of the finest grain to tell the story of a monstrous blizzard that caught the settlers of the Great Plains utterly by surprise. . . . This is a book best read with a fire roaring in the hearth and a blanket and box of tissues near at hand.” — Erik Larson, author of The

Devil in the White City
“Heartbreaking. . . . This account of the 1888 blizzard reads like a thriller.” — Entertainment Weekly
The gripping true story of an epic prairie snowstorm that killed hundreds of newly arrived settlers and cast a shadow on the promise of the American frontier. January 12, 1888, began as an unseasonably warm morning across Nebraska, the Dakotas, and Minnesota, the weather so mild that children walked to school without coats and gloves. But that

afternoon, without warning, the atmosphere suddenly, violently changed. One moment the air was calm; the next the sky exploded in a raging chaos of horizontal snow and hurricane-force winds. Temperatures plunged as an unprecedented cold front ripped through the center of the continent. By the next morning, some five hundred people lay dead on the drifted prairie, many of them children who had perished on their way home from country schools. In a few terrifying

hours, the hopes of the pioneers had been blasted by the bitter realities of their harsh environment. Recent immigrants from Germany, Norway, Denmark, and the Ukraine learned that their free homestead was not a paradise but a hard, unforgiving place governed by natural forces they neither understood nor controlled. With the storm as its dramatic, heartbreaking focal point, *The Children's Blizzard* captures this pivotal moment in American history by

tracing the stories of five families who were forever changed that day. David Laskin has produced a masterful portrait of a tragic crucible in the settlement of the American heartland. The P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more. [Revisioning Red Riding Hood around the World](#) Bloomsbury Publishing USA
One child is portrayed as seven children from all

parts of the world. Although each child is different they all laugh in the same language. The story unifies all the children in the end into one man and because of that they can no longer declare war against one another. Essentially, a story of peace.

The Oxford Encyclopedia of Children's Literature:
Luca-Slot Enchanted Lion Books

Historical Dictionary of Children's Literature, Second Edition contains a chronology, an introduction, and an

extensive bibliography. The dictionary section has more than 700 cross-referenced entries. This book is an excellent resource for students, researchers, and anyone wanting to know more about children's literature.

The British National Bibliography Cumulated Subject Catalogue
Routledge

Beyond Babar: The European Tradition in Children's Literature examines in depth eleven of the most celebrated European children's novels in substantial,

critical essays written by well-known international scholars. This approach provides a comprehensive discussion of the selected works from a variety of theoretical perspectives. Each essay offers a critical introduction to the text that can serve as a point of departure for literary scholars, professors of children's literature, primary and secondary school teachers, and librarians who are interested in texts that cross languages and cultures.

Chipollino Oxford Quick

Reference

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics

related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people

without specialized knowledge of Italian literature as well as to scholars.

The Oxford Companion to Fairy Tales IGI Global

This book offers a range of perspectives on children's multimodal experiences, providing a ground-breaking account of the ways in which children engage with popular culture, media and digital literacy practices from their earliest years. Many young children have extensive experience of film, television, printed

media, computer games, mobile phones and the Internet from birth, yet their reaction to media texts is rarely acknowledged in the national curricula of any country. This seminal text focuses on children from birth to eight years, addressing issues such as:

- * media and identity construction
- * media literacy practices in the home
- * the changing nature of literacy in technologically advanced societies
- * The place of popular and media texts in children's lives and the

use of such texts in the curriculum. By exploring children's engagement with popular culture, media and digital texts in the home, community and early years settings, the contributors look at empirical studies from around the world, and draw out vital new theoretical issues relating to children's emergent techno-literacy practices. With an unmatched team of international experts evaluating topics from text-messaging to the Teletubbies, this book is a long-overdue,

fascinating and illuminating read for policy-makers, educational researchers and practitioners, and crosses over to appeal to those in the linguistics field.

The Cultures of Italian Migration Rowman & Littlefield

The ironic tale of a 12-year-old Sicilian girl who decides to show her independence by flouting convention, in this case by wearing trousers and flirting with boys. When she is caught kissing, the parents punish her by

sending her to another village to live with an uncle, unaware he molested her when she was younger.

Folktales and Fairy Tales
[4 volumes] Rowman & Littlefield

The search for general laws and regularities in Translation Studies gained new momentum in the 1990s when Baker (1993) promoted the use of large electronic corpora as research tools for exploring the linguistic features that render the language of translation different from the

language of non-translated texts. By comparing a corpus of translated and non-translated English texts, Baker and her research team put forward the hypothesis that translated texts are characterized by some “universal features”, namely simplification, explicitation, normalization and levelling-out. The purpose of this study is to test whether simplification, explicitation and normalization apply to Italian translations of

children’s books. In order to achieve this aim, a comparable corpus of translated and non-translated works of classic fiction for children has been collected and analysed using Corpus Linguistics tools and methodologies. The results show that, in the translational subcorpus, simplification, explicitation and normalization processes do not prevail over the non-translational one. Therefore, it is suggested that the status of translated children’s

literature in the Italian literary “polysystem” (Even-Zohar, 1979, 1990) and, from a general viewpoint, all the cultural, historical and social conditions that influence translators’ activities, determine translation choices that can also tend towards processes different from those proposed by Baker.

The Children's Blizzard
Psychology Press

A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exupéry’s *The Little Prince*

When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle

breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari’s *Lamberto, Lamberto*, *Lamberto* has become one of Italy’s most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that “there are things that only happen in fairytales.”

Tonino is a young, curious cricket boy, living with his family in Boston. Life is good for young Tonino, but he suspects there's more to the world than his own backyard. He wants to learn about foreign cultures, but mostly he wants to learn about his own family roots. He heads to Italy, where he is surprised to meet the famous Blue Fairy, who was friends with Tonino's ancestor—the cricket guide to Pinocchio. Whereas Tonino's ancestor was put in charge of young

Pinocchio's conscience, Tonino is given a much more universal conscience. He is charged with the conscience of the world and the well-being of its environment, a big change to his personal journey. No longer is he looking after the story of his family; now he looks after the story of Mother Earth! Suddenly, he is transported on a worldwide adventure ... He heads to Puerto Rico and meets the Ta?no people. He visits a monarch in Mexico and cricket warriors in China.

In the American Southwest, he learns about the spirit of the cricket "katsina"; in Hawaii, he encounters Pele's rage. It's a lot to take in for the young cricket boy, but ultimately he discovers that seeking his roots is only the beginning in the wide world of biodiversity, cultural diversity, and conservation of both. The boy/cricket is baptized Anthony at Our Lady of Mount Carmel Church. His parents live in the North End where his mother kept hearing the

television advertisement “Anthony, Anthony, It’s Prince Spaghetti Day” so they named him Anthony. “Naming him Anthony was straight forward, but naming him Tonino was at the brilliant suggestion of Dr. William Cooley, retired Northampton Ophthalmologist and avid italophile. Dr. Cooley sent Dr. Stoffolano a short novel by an Italian author named Rodari about a young boy, Tonino, who tries to become invisible so that he could avoid problems with his teacher. Rodari (1920–1980) was

one of Italy’s best-known writers of children’s books and the recipient of the Hans Christian Andersen Medal for children’s literature.” Thus, the name and his ability to become invisible are incorporated into the story. In addition to this reference to his nickname, Tonino is a small cricket because he always ate Italian food in the North End and not cricket food. Thus, he also got the name Tonino, which means little Anthony in Italian from Joe Pace who owns and

started Joe Pace & Sons Italian Specialities in Boston’s North End. In his novel, Stoffolano establishes the first lineage for this famous cricket family. Tonino’s great, great, great grandfather was Grillo parlante, the talking cricket in the original story Pinocchio. Grillo was also the conscience of Pinocchio and Grillo’s great grandson was the famous Jiminy Cricket in Walt Disney’s classic movie Pinocchio. In this wonderful story about Tonino, the reader sees

many different regions of the world through the eyes of this boy/cricket where, through the experiences of Tonino, the reader will learn more about how crickets played various and important roles in different indigenous cultures. Tonino's charge by the Blue Fairy was to become the conscience of the world when it comes to environmental issues: A heavy responsibility or a small boy/cricket. The importance of cultural diversity, just as important as biodiversity,

is stressed and Tonino takes on Dr. E. O. Wilson, one of the greatest thinkers/writers of our generation, as his mentor. Gianni Rodari and his English Readers Simon and Schuster Children's literature, in its multidisciplinary nature, offers a wealth of research options that span from psychology, to education, to translation. In this book, Alborghetti looks into the potential of children's literature to promote empathy in young readers, and especially delves into the

narrative dialogue among author, translator, and target reader. The author explores the literary and translation contexts in the United States and the United Kingdom, before presenting the case study of Gianni Rodari's Italian works translated into English, and their relevance in the debate around the power of children's literature in these Anglophone countries. This book is useful for researchers, educators and professional translators who wish to explore the

world of children's literature in translation.

Lamberto, Lamberto, Lamberto Armando Editore

Everyone knows how "Little Red Riding Hood" goes. But Grandpa keeps getting the story all wrong, with hilarious results! "Once upon a time, there was a little girl called Little Yellow Riding Hood--" "Not yellow! It's Red Riding Hood!" So begins the story of a grandpa playfully recounting the well-known fairytale--or his version, at least--to his

granddaughter. Try as she might to get him back on track, Grandpa keeps on adding things to the mix, both outlandish and mundane! The end result is an unpredictable tale that comes alive as it's being told, born out of imaginative play and familial affection. This spirited picture book will surprise and delight from start to finish, while reminding readers that storytelling is not only a creative act of improvisation and interaction, but also a powerful pathway for

connection and love. *Telling Stories Wrong* was written by Gianni Rodari, widely regarded as the father of modern Italian children's literature. It exemplifies his great respect for the intelligence of children and the kind of work he did as an educator, developing numerous games and exercises for children to engage and think beyond the status quo, imagining what happens after the end of a familiar story, or what possibilities open up when a new ingredient is

introduced. This book is illustrated with great affection by the illustrious artist Beatrice Alemagna (Child of Glass), who counts Gianni Rodari as one of her "spiritual fathers."

By linking Italy's long history of emigration to all continents in the world, contemporary transnational migrations directed toward it, as well as the country's colonial legacies, Fiore's book poses Italy as a unique laboratory to rethink national belonging at large in our era of massive demographic mobility. Through an interdisciplinary cultural approach, the book finds traces of globalization in a past that may hold interesting lessons about

inclusiveness for the present. Fiore rethinks Italy's formation and development on a transnational map through cultural analysis of travel, living, and work spaces as depicted in literary, filmic, and musical texts. By demonstrating how immigration in Italy today is preoccupied by its past emigration and colonialism, the book stresses commonalities and dispels preoccupations.

Pre-Occupied Spaces
Penguin

A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --

Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught

in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of *The Grammar of Fantasy* is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, *The Grammar of Fantasy* gives each of us a playful, practical path to

finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a

professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations. What Sammy Knew Oxford Companions Encyclopedic in its coverage, this one-of-a-kind reference is ideal for students, scholars, and others who need reliable, up-to-date information on folk and fairy tales, past and present. Folktales and fairy tales have long played an important role in cultures around the world. They pass customs

and lore from generation to generation, provide insights into the peoples who created them, and offer inspiration to creative artists working in media that now include television, film, manga, photography, and computer games. This second, expanded edition of an award-winning reference will help students and teachers as well as storytellers, writers, and creative artists delve into this enchanting world and keep pace with its past and its many new facets.

Alphabetically organized and global in scope, the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter. The four-volume collection covers national, cultural, regional, and linguistic traditions from around the world as well as motifs, themes, characters, and tale types. Writers and illustrators are included as are filmmakers and composers—and, of course, the tales themselves. The expert entries within volumes 1

through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts. While most books either present readers with tales from certain countries or cultures or with thematic entries, this encyclopedia stands alone in that it does both, making it a truly unique, one-stop resource.

Tonino Rowman & Littlefield

Små fortællinger fortalt af en far, der altid er på forretningsrejse og derfor må telefonere til sin

datter. Historierne er korte, fordi han selv skal betale telefonregningen. *The Grammar of Fantasy* Fordham Univ Press
 “A shining story of a young girl who struggles to come of age and find her place in a world fraught with danger.”
 —Susan Campbell Bartoletti, Newbery Honor-winning author of *Hitler Youth* * Winner of the Youth Prize at the Angoulême International Comics Festival (voted by readers) * Winner of the Artémisia Prize for Historical Fiction * Winner

of the Andersen Premio Prize * A magnificent narrative inspired by a true survival story that asks universal questions about a young girl's coming of age story, her identity, her passions, and her first loves. At the Sèvres Children's Home outside Paris, Rachel Cohen has discovered her passion—photography. Although she hasn't heard from her parents in months, she loves the people at her school, adores capturing what she sees in pictures, and tries not to worry too

much about Hitler's war. But as France buckles under the Nazi regime, danger closes in, and Rachel must change her name and go into hiding. As Catherine Colin, Rachel Cohen is faced with leaving the Sèvres Home—and the friends she made there—behind. But with her beautiful camera, Catherine possesses an object with the power to remember. For the rest of the war, Catherine bears witness to her own journey, and to the countless heroes whose courage and

generosity saved the lives of many, including her own. Based on the author's mother's own experiences as a hidden child in France during World War II, Catherine's War is one of the most accessible historical graphic novels featuring a powerful girl since Persepolis by Marjane Satrapi—perfect for fans of Markus Zusak's The Book Thief, Anne Frank, or Helen Keller. Includes a map and photographs of the real Catherine and her wartime experiences, as well as an interview with

author Julia Billet. “Many of the settings are beautifully detailed, and the characters undeniably expressive. Catherine’s ability to find beauty in the world makes for a forward-looking read.”
 —Booklist *(starred review)* “This story will make readers want to join the Resistance. Characters are drawn so vividly that, long afterward, readers will remember their names.”
 —Kirkus An Indie Next List Pick! *A Junior Library Guild selection*

 This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as

the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require,

and also stimulates them to discover new, related facts.
