Eric Carle Classics Knopf Books for Young Readers

One fine morning, a rooster decided he wanted to travel. In this mini-book edition, using strikingly designed, colorful collage illustrations and a beguiling simple text, Eric Carle takes his young readers on a trip with the rooster and his companions. As he travels, the rooster is joined by two

cats, three frogs, four turtles, and five fish, offering the child a graphic introduction to the meaning of numbers, number sets, and addition within the context of an entertaining story. When night falls, the rooster's friends find he has made no provisions for their food or shelter and, disappointed, they abandon the expedition—once again in sets of five, four, three, and two, but this time in a declining series. Finally the rooster, too, decides that he has seen enough of the world and that he is, in fact, a little bit homesick. Eric Carle believes in letting children make learning discoveries at their own pace. This book can be read and enjoyed for its story and its beautiful illustrations alone; however, the child who is ready to begin to think mathematically will find additional pleasures in the

opportunities presented in the text, the pictures and the diagrams for learning basic arithmetic concepts.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows

who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an

END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
