redeeming quality of selfless love, with 35 full-page illustrations by the inimitable Arthur Rackham.

The Ring of the Nibelung
Good Press
Götterdämmerung (Twilight of the Gods), is the last in Richard Wagner's cycle of four music dramas titled Der Ring des Nibelungen (The Ring of the Nibelung, or The Ring Cycle or The Ring for short). It received its premiere at the Bayreuth Festspielhaus on 17 August 1876, as part of the first complete

performance of the whole work. The title is a translation into German of the Old Norse phrase Ragnarök, which in Norse mythology refers to a prophesied war among various beings and gods that ultimately results in the burning, immersion in water, and renewal of the world. As with the rest of the Ring, however, Wagner's account diverges significantly from these Old Norse sources. (wikipedia.org) About the author Wilhelm Richard Wagner (22 May 1813 - 13 February 1883) was a

German composer, theatre director, polemicist, and conductor who is chiefly known for his operas (or, as some of his mature works were later known, "music dramas"). Unlike most opera composers, Wagner wrote both the libretto and the music for each of his stage works. Initially establishing his reputation as a composer of works in the romantic vein of Carl Maria von Weber and Giacomo Meyerbeer, Wagner revolutionised opera through his concept of the Gesamtkunstwerk

("total work of art"), by which he sought to synthesise the poetic, visual, musical and dramatic arts, with music subsidiary to drama. He described this vision in a series of essays published between 1849 and 1852. Wagner realised these ideas most fully in the first half of the four-opera cycle *Der Ring des Nibelungen* (The Ring of the Nibelung). His compositions, particularly those of his later period, are notable for their complex textures, rich harmonies and

orchestration, and the elaborate use of leitmotifs-musical phrases associated with individual characters, places, ideas, or plot elements. His advances in musical language, such as extreme chromaticism and quickly shifting tonal centres, greatly influenced the development of classical music. His *Tristan und Isolde* is sometimes described as marking the start of modern music. Wagner had his own opera house built, the Bayreuth Festspielhaus,

which embodied many novel design features. The Ring and Parsifal were premiered here and his most important stage works continue to be performed at the annual Bayreuth Festival, run by his descendants. His thoughts on the relative contributions of music and drama in opera were to change again, and he reintroduced some traditional forms into his last few stage works, including *Die Meistersinger von Nürnberg* (The Mastersingers of

Nuremberg). Until his final years, Wagner's life was characterised by political exile, turbulent love affairs, poverty and repeated flight from his creditors. His controversial writings on music, drama and politics have attracted extensive comment - particularly, since the late 20th century, where they express antisemitic sentiments. The effect of his ideas can be traced in many of the arts throughout the 20th century; his influence spread beyond

composition into conducting, philosophy, literature, the visual arts and theatre.

Retells Wagner's "Ring Cycle" and reveals the true hero of these ancient and powerful myths-- Brunhilda, who redeems Siegfried and manages to remain strong despite the evil around her.

The Annotated Ring Cycle

Courier Corporation

The Ring of the Nibelung by

Richard Wagner and illustrated by Arthur Rackham. Translation by Margaret Armour. Some critics mention that The Lord of the Rings was directly and heavily derived from Richard Wagner's opera cycle, Der Ring des Nibelungen. This edition includes:- The Rhinegold- The Valkyrie- Siegfried- Twilight of the Gods Der Ring des Nibelungen (The Ring of the Nibelung), WWV 86, is a cycle of four German-language epic music dramas composed by Richard Wagner. The

works are based loosely on characters from the Norse sagas and the Nibelungenlied. The cycle is a work of extraordinary scale. Perhaps the most outstanding facet of the monumental work is its sheer length: a full performance of the cycle takes place over four nights at the opera, with a total playing time of about 15 hours, depending on the conductor's pacing. The first and shortest work, Das Rheingold, typically lasts two and a half hours, while the final and longest,

Götterdämmerung, takes up to five hours, excluding intervals. The cycle is modelled after ancient Greek dramas that were presented as three tragedies and one satyr play. The Ring proper begins with Die Walküre and ends with Götterdämmerung, with Rheingold as a prelude. Wagner called Das Rheingold a Vorabend or "Preliminary Evening", and Die Walküre, Siegfried and Götterdämmerung were subtitled First Day, Second Day and Third

Day, respectively, of the trilogy proper. The plot revolves around a magic ring that grants the power to rule the world, forged by the Nibelung dwarf Alberich from gold he stole from the Rhine maidens in the river Rhine. The Ring itself as described by Wagner is a Rune-magic taur ("tine", or "talisman") intended to rule the feminine multiplicative power by a fearful magical act termed as 'denial of love' ("Liebesverzicht"), which is probably an allusion to ritual circumcision.

The Ring of the Nibelung I: The Rhinegold and The Valkyrie Bibliotech Press
 This edition of Rackham's images, widely regarded as the greatest representations of Wagner's drama, comprises 64 full-page color illustrations and 9 vignettes from Siegfried, The Twilight of the Gods, The Rhinegold, and The Valkyrie.

The Ring of the Nibelung
anboco

“Nothing in opera is grander than The Ring, no work more suited to the deep reading the writer gives here.” —Opera News
Richard Wagner’s Ring of the Nibelung is one of the greatest works of art created in modern times, and has fascinated both critics and devotees for over a century and a half. No recent study has examined the meaning of Wagner’s masterpiece

with the attention to detail and intellectual power that Roger Scruton brings to it in this inspiring account. The Ring of Truth is an exploration of the drama, music, symbolism, and philosophy of The Ring from a writer whose knowledge and understanding of the Western musical tradition are the equal of his capacities as a philosopher. Scruton shows how, through musical connections and brilliant dramatic strokes, Wagner is able to express

truths about the human condition which few other creative artists have been able to convey so convincingly. For Wagner, writes Scruton, the task of art is to “show us freedom in its immediate, contingent, human form, reminding us of what it means to us. Even if we live in a world from which gods and heroes have disappeared we can, by imagining them, dramatize the deep truths of our condition and renew our faith in what we are.” Love, death, sacrifice and the

liberation that we win through sacrifice—these are the great themes of The Ring, as they are of this book. Scruton’s passionate and moving interpretation allows us to understand more fully than ever how Wagner conveys his ideas about who we are, and why The Ring continues to be such a hypnotically absorbing work. “Scruton’s presentation is grounded throughout in a deep understanding of the culture of Wagner’s era . . . the writing is clear and persuasive.” —Library

Journal (starred review) “A fascinating and valuable study.” —Sunday Times

A treasure is taken by force. The Rhine-gold has been fashioned into a ring of dominion! Thereafter, crime after crime is committed in vain attempts by gods and mortals alike to possess its power of influence. However, each attempt must be paid for by crushing personal loss that serves only, to drive the pursuer ever more fiercely to possess the cursed artifact. In the heart of this web of

tragedy, a god struggles with the destiny that he himself had wrought for his kind. Having touched the Rhine-gold, no peace is possible for him until he has won the weapon that he hopes to wield in the struggle to avert ultimate disaster to the gods. As his schemes to regain the lost treasure become ever more complex, his losses become ever more terrible. Unheeding of the price revealed to him, he rages on until he has to ask: is the prize worth the loss of his mortal son and his immortal daughter?

The Rhinegold and the Valkyrie (1910) Penguin UK

This book forms part of our 'Pook Press' imprint, celebrating the golden age of illustration in classic literary works. The 'Rhinegold and the Valkyrie' was written by the German composer Richard Wagner (1813-1883). The works are based loosely on characters from the Norse sagas, and are here translated into English by Margaret Armour. The chief components include 'The Rhinegold' - the

prelude, 'The Valkyrie' - the first day of the trilogy, 'Siegfried' - the second day of the trilogy, and 'The Twilight of the Gods' - the third day of the trilogy. The text is accompanied by a series of dazzling colour illustrations by Arthur Rackham (1867-1939). One of the most celebrated painters of the British Golden Age of Illustration, his artistry still delights both young and old over a century later. The text is presented in its original translation, alongside

Rackham's beautiful images which only serve to refine Wagner's masterful story-telling. *The Rhinegold & the Valkyrie* Forgotten Books
A dazzling, new translation and notes by Frederick Paul Walter spotlight the libretto, lyrics, and stage directions of Wagner's beloved *The Valkyrie* from the Ring Cycle, getting the most basic ingredient right: the actual story! It contains newly created graphic-novel style illustrations and full-color, classic artwork by

Rackham and others. *The Rhinegold & The Valkyrie (The Ring of the Nibelung)* Rowman & Littlefield
Based on the story of Siegfried the dragon slayer, and the fall of the Burgundian Royal House, against a background of brawling gods and bawdy goddesses, tempestuous heroes and determined heroines, black-hearted villains, and sorcerers and trolls. 'Rhinegold' is a combination of history and legend, family drama and heroic battles. *The Rhinegold and the*

Valkyrie, by Richard Wagner; with illus. by Arthur Rackham. Translated by Margaret Armour Greenwood Books Ltd
This is part of the famous German composer Richard Wagner's operatic magnum opus. To this day, Wagner is still considered one of the Rhineland's greatest musicians. *The Rhinegold & The Valkyrie The Ring of the Nibelung, Part 1* BoD - Books on Demand
"The Rhinegold & The Valkyrie (The Ring of the

Niblung)" by Richard Wagner is a timeless classic in the world of opera and literature. Wagner's masterpiece, part of the epic Ring Cycle, tells a mythic tale

of gods, heroes, and the power of a magical ring. Through the medium of opera, Wagner weaves a complex narrative filled with drama, love, and intrigue. This work is not only a musical

masterpiece but also a profound exploration of human desires and the consequences of power. It remains a must-read for lovers of opera and epic storytelling.
