It's not about the destination... What's your favorite story? Does it have a hero who slays a dragon and saves a princess? Or a child of prophecy destined for greatness? Well, my favorite story is a little different. It's the tale of a witch who travels the world, seeking nothing in particular. With no quest of her own, she's free to wander wherever the wind takes her, adding a few pages to the story of whomever she meets before setting off on her next adventure. At the end of her travels, the witch takes on an apprentice who will one day begin her own journey. And so the cycle continues, or so the story goes. Now, the witch who starts the story anew...who could she be?

The zombie apocalypse has never been more surreal! A mentally unhinged manga artist witnesses the beginning of a zombie outbreak in Tokyo, and he's certain of only two things: he's destined to be the city's hero, and he possesses something very rare in Japan--an actual firearm! Kengo Hanazawa's award-winning series comes to Dark Horse, and this realistically-drawn international bestseller takes us from initial small battles for survival to a huge, body-horror epidemic that threatens

all of humanity! These special omnibus volumes will collect two of the original Japanese books into each Dark Horse edition and include all of the color pages. "Probably the greatest zombie manga ever." --Jason Thompson (Manga: The Complete Guide)
