This is a volume about the life and power of ritual objects in their religious ritual settings. In this Special Issue, we see a wide range of contributions on material culture and ritual practices across religions. By focusing on the dynamic interrelations between objects, ritual, and belief, it explores how religion happens through symbolic materiality. The ritual objects presented in this volume include: masks worn in the Dogon dance; antique ecclesiastical silver objects carried around in festive processions and shown in shrines in the southern Andes; funerary photographs and films functioning as mnemonic objects for grieving children; a dented rock surface perceived to be the god's footprint in the archaic place of pilgrimage, Gaya (India); a recovered manual of rituals (from Xiapu county) for Mani, the founder of Manichaeism, juxtaposed to a Manichaeian painting from southern China; sacred stories and related sacred stones in the Alor-Pantar archipelago, Indonesia; lotus symbolism, indicating immortalizing plants in the mythic traditions of Egypt, the Levant, and Mesopotamia; lavishly illustrated variations of portrayals of Ravana, a Sinhalese god-king-demon; figurines made of cow dung sculptured by rural women in Rajasthan

(India); and mythical artifacts called 'Apples of Eden' in a well-known interactive game series.

This book reveals how the images Bede Griffiths OSB Cam used for God are richly embedded with concepts ancient and new, making them especially relevant for our current times. It prompts insight into the great deposit of wisdom and scholarship that was his source, and will benefit those interested in religious imagery, gender equality, monastic life, interfaith dialogue, evolution of consciousness, practical theology and spirituality, and integral thought. Led by Christ, "the Golden String," Griffiths made the sea-change from Great Britain to India, promoting "the marriage of East and West," the essential value of the feminine, contemplative prayer, interreligious dialogue, and integral life. His initiation to Christian sannyasa and faith in the evolutionary process reflect his openness to change and to grow, and highlight this great sage's masterful use of images grounded in his motto, to "always go beyond."

There is no Religion Higher than the Truth United Nations University Press

Renowned lecturer from The Teaching Company, Mark W. Muesse brings readers into an encounter with the world's oldest living religious tradition, known as Hinduism. Muesse's brief survey, challenges the perception of Hinduism as one religious tradition, showing how wonderfully rich and diverse this 5,000-year old story truly is. He traces the vast history and practices of classic and diverse traditions, moving from the origins in the Indus Valley up through classic and contemporary periods. Muesse exhibits a keen sense of the myriad spiritualities associated with Hinduism, demonstrating how the religious tradition is both monotheistic and polytheistic.

A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep

breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a "private part" hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

Understanding the Religions of the World offers a new approach to the study of religion which moves away from the purely descriptive and instead helps students understand how religions actually 'work'. Covering all the main faith traditions, it combines historical context, contemporary beliefs and practices, and original theory, with numerous study features and valuable overviews. A major new student-focused textbook concentrating on contemporary practices and beliefs of world religions Brings together a team of experts to provide a uniquely comprehensive coverage of religious traditions, including African religions and the religions of Oceania, which are rarely covered in detail Integrates original theory by arguing that each religion operates according to its own logic and order, and that they fulfill our need for a point of orientation Incorporates extensive student features including

chapter introductions, 'did you know?' sections, boxed examples/material, numerous images and maps, conclusions, study questions and teaching plans, available on publication at www.wiley.com/go/deming

The United Nations has proclaimed the 21st century to be the century of water. In this volume, *Water and Women in Past, Present and Future*, scholars analyze the gendered political economy of water resource allocations and importantly, offer recommendations for viable, women-friendly solutions to address scarcity and distribution, among other issues. Contributors also explore feminist analyses of the aesthetic dimension of water and the feminine, since water is often associated with women, shown in cross-cultural examples of mythology, symbols and legends. Intersecting the fields of hydro-politics and aesthetics, this book should be of interest to policy analysts, activists, and academics.

Lloyd M. Graham is out to show that the Bible, both the Old and New Testaments as we know them, are not "holy" nor are they the "word of God" revealed. The stories of the Bible were set down by power-seeking priests eager to inspire awe and to gather flocks who would take part in their rites and rituals, and they weren't very original, either. In *Deceptions and Myths of the Bible*, Graham reintroduces us to the true origins of Adam and Eve, who were derived from a Babylonian account; to the story of Noah's flood, which was the result of over four hundred years of flood accounts from various ancient civilizations; to the man named Moses who was fashioned after the Syrian story of Mises; and

even to the laws of the Bible, which were patterned after the Babylonian Code of Hammurabi. Graham points out the 137 similarities between the story of Jesus and the story of the Egyptian god Horus, and the hundreds and hundreds of similarities between the story of Christ and the Hindu god Krishna. For any reader interested in history or theology, Graham's book is essential, eye-opening, and controversial reading. If you are an atheist, you'll be eager to read these arguments in support of your beliefs. If you are agnostic, you will want to have this evidence at your fingertips as you weigh systems of belief and disbelief. If you are religious, you will want to know how your faith came into being and how a study of history might shake or support your beliefs.

The Secret Doctrine: Anthropogenesis by Helena Blavatsky is the second volume in a 3 volume set of books dealing with Theosophy and occult ideas. In this volume, the author sets out her views on the origin of humanity through what she calls 'root races' - the first of which was ethereal, the second of which lived in the Greek mythological land of Hyperborea, the third of which were humans who lived on Lemuria, and the fourth of which lived in Atlantis. The book is split into three parts. Part I includes 12 stanzas and their commentaries. Part II. The Archaic Symbolism Of The World-Religions includes the following chapters: Esoteric Tenets Corroborated in Every Scripture; Adam=Adami; The Holy of

Holies. Its Degradation; On the Myth of the Fallen Angels in its Various Aspects; Is Plerôma Satan's Lair?; Prometheus, the Titan; Enoichion-Henoch; The Symbolism of the Mystery-Names Iao and Jehovah, with their Relation to the Cross and Circle; The Upanishads in Gnostic Literature; The Cross and the Pythagorean Decad; and, The Mysteries of the Hebdomad. Part III. Addenda. Science And The Secret Doctrine Contrasted includes the chapters: Archaic, or Modern Anthropology?; The Ancestors Mankind is Offered by Science; The Fossil Relics of Man and the Anthropoid Ape; Duration of the Geological Periods, Race Cycles, and the Antiquity of Man; Organic Evolution and Creative Centres; Giants, Civilizations, and Submerged Continents Traced in History; and, Scientific and Geological Proofs of the Existence of Several Submerged
