Michigan Press  
From the author of  
*Annie on My Mind*  
comes an unflinching  
novel about prejudice,  
censorship, and

homophobia in a New  
England town. As the  
editor in chief of the  
Wilson High Telegraph,  
senior Jamie Crawford  
is supposed to weigh in  
on the cutting-edge  
issues that will interest  
students in her school.  
But when she writes an  
opinion piece in  
support of the new

health curriculum—which includes safe-sex education and making condoms available to students—she has no idea how much of a controversy she’s stepped into. A conservative school board member has started a war against the new curriculum, and now—thanks to Jamie’s editorial—against the newspaper as well. As Jamie deals with the fallout and comes to terms with her own sexuality, the school and town become a battleground for clashing opinions. Now, Jamie and the students at Wilson need to find another way to express their beliefs before prejudice, homophobia, and violence define their small town.

"A funny thing has happened on our way to the digital utopia: we find ourselves increasingly missing reality ... David Sax has found story after story of entrepreneurs, artisans, and creators who make real money by selling real things. And they're not just local craftspeople,

either. As paper is supposedly vanishing, Moleskine notebooks--- a company founded in 1997, the same year as the first dot-com boom---has grown into a large multinational corporation. As music supposedly migrates to the cloud, vinyl record sales were up over 50 percent in 2015, and generated almost \$350m in sales. And as retail was supposedly hitting bottom, star Silicon Valley companies like Apple and Amazon are investing in brick-and-mortar stores"--

"The saga of John Kennedy Toole is one of the greatest stories of American literary history. After writing *A Confederacy of Dunces*, Toole corresponded with

Robert Gottlieb of Simon & Schuster for two years. Exhausted from Gottlieb's suggested revisions, Toole declared the publication of the manuscript hopeless and stored it in a box. Years later he suffered a mental breakdown, took a two-month journey across the United States, and finally committed suicide on an inconspicuous road outside of Biloxi. Following the funeral, Toole's mother discovered the manuscript. After many rejections, she cornered Walker Percy, who found it a brilliant novel and spearheaded its publication. In 1981, twelve years after the author's death, *A Confederacy of Dunces* won the Pulitzer Prize. In *Butterfly in the*

Typewriter, Cory MacLauchlin draws on scores of new interviews with friends, family, and colleagues as well as full access to the extensive Toole archive at Tulane University, capturing his upbringing in New Orleans, his years in New York City, his frenzy of writing in Puerto Rico, his return to his beloved city, and his descent into paranoia and depression"--

Gaylon Finklea Hecker and Marianne Odom began the interviews for this book in 1981 and devoted a professional lifetime to collecting the memories of accomplished Texans to determine what, if anything, about growing up in the Lone

Star State prepared them for success. The resulting forty-seven oral history interviews begin with tales from the early 1900s, when Texas was an agrarian state, and continue through the growth of major cities and the country's race to the moon. Interviewees recalled life in former slave colonies; on gigantic ranches, tiny farms, and sharecropper fields; and in one-horse towns and big-city neighborhoods, with relatable stories as diverse as the state's geography. The oldest interviewees witnessed women earning the right to vote and weathered the Great Depression. Many remembered two world wars, while others recalled the Texas City explosion of 1947 and

the tornado that devastated Waco in 1953. They witnessed the advent of television and the nightly news, which helped many come to terms with the assassination of a president that took place too close to home. Their absorbing reflections are stories of good and bad, hope and despair, poverty and wealth, depression and inspiration, which would have been different if lived anywhere but Texas. The Enchanted Typewriter  
A spirit from Hades (not Hell. Hades) possessed our narrator's typewriter and told him how things just basically the same in the afterlife. People still went to work, there was an election and so on and

so forth. The favorite part is when Baron Munchausen told the story that he was Adam, Noah, Jonah and Bill Shakespeare before he was born as Munchausen. The story is that virtually every author, artist and world leader ends up in the torment of Hades - where they essentially get to carry on - is so tongue in cheek it's hard not to laugh. Bangs must have had a load of fun writing this and must have had to end it just to bring what could have been an endless set of stories. Plot Summary: - The author finds and restores a dusty old typewriter. - It becomes haunted by a couple of the spirits of those Shades who have passed over the River Sticks. - After all, the news must be

published, even down there. - An added attraction is the fact that the author can converse with the typist. The author by the spoken word and the spirit by the keyboard. The Enchanted Type-Writer is one of the books in the "Hades" series. The other two books are A Houseboat on the Styx and Pursuit of the Houseboat. The Enchanted Type-Writer stands alone; you do not have to have read the first two novels to enjoy it fully. The novels are written in Bangsian fantasy, a fantasy genre which concerns the use of famous literary or historical individuals and their interactions in the afterlife. It is named for John Kendrick Bangs who often wrote it. It's

eccentric humor will have you chuckling all through. A good classic. Chapter titles: The discovery. --Mr. Boswell imparts some late news of Hades. -- From advance sheets of Baron Munchausen's Further recollections. -- A chat with Xanthippe. --The editing of Xanthippe. --The Boswell tours: Personally conducted. - --An important decision. --A handbook to Hades. --Sherlock Holmes again. --Golf in Hades.  Assembled from plays,  
 essays, letters,  
 drawings, and  
 photographs, this  
 memoir records the  
 passionate  
 engagement and  
 spectacular  
 accomplishment of the  
 playwright of *A Raisin  
 in the Sun*. It follows  
 Lorraine Hansberry  
 from her childhood in  
 Chicago (where her  
 family encountered

vicious resistance  
 when it moved into a  
 white neighborhood),  
 through her arrival in  
 New York, where the  
 triumph of *A Raisin in  
 the Sun* made her  
 famous virtually  
 overnight, to her death  
 at the tragically early  
 age of thirty-four.  
 Above all, Hansberry's  
 autobiography rings  
 with the voice of its  
 creator: a black woman  
 who could be angry,  
 loving, bitter,  
 touchingly funny, and  
 defiantly proud.

 A delightfully funny  
 and moving novel  
 about the singular life  
 of a cantankerous  
 Jewish-American writer  
 and anarchist  
 troublemaker, as  
 remembered by his  
 daughter In 1972,  
 sixty-four-year-old Ezra  
 Slavin's heart gives out  
 at an anti-war rally. A

contentious and irascible Jewish-American writer, anarchist, and inadvertent guru to discontented youth, he leaves behind a large extended family of ex-wives, lovers, and children, most of whom had cut all ties with the infuriating intellectual provocateur years earlier. Out of the entire family, only one daughter, Merry, a journalist, can remember her father with her own critical, conflicted understanding, a saddened sympathy approaching love. As the day of his memorial approaches, she attempts to make sense of the puzzle of Ezra's life before all of its disparate, discordant elements come crashing together at the service.

The award-winning author of *Other People's Lives*, Johanna Kaplan creates a vivid cast of unforgettable characters who reveal the disparity between Ezra's long-suffering, neglected family, his admiring friends, and the youthful hangers-on—and, most notably, in the outrageously enigmatic Ezra himself. At once hilarious and poignant, *O My America!* offers a fascinating evocation of a time and place in America, a satiric history of the immigrant Jewish experience, and a wonderful portrait of an exasperating yet endearing anti-hero pursuing his unique vision of the American dream.

When cellular

In The Novels of Philip K. Dick, Kim Stanley Robinson says that "In Milton Lumky Territory . . . is probably the best of Dick's realist novels aside from Confessions of a Crap Artist," and calls it a "bitter indictment of the effects of capitalism." Dick, on the other hand, in his forward, says "This is actually a very funny book, and a good one, too." Milton Lumky territory is both an area of the western USA and a psychic terrain: the world and world-view of the traveling salesman. The story takes place

in Boise, Idaho, with some extraordinary long-distance driving sequences in which our hero (young Bruce Stevens) drives from Boise to San Francisco, to Reno, to Pocatello, to Seattle, and back to Boise in search of a good deal on some wholesale typewriters. He falls under the spell of an attractive older woman, and of Milton Lumky, a middle-aged paper salesman whose territory is the Northwest. And then Bruce and the others slowly sink into the whirlpool of Bruce's immature personal obsessions and misperceptions. A compassionate and ironic portrayal of three characters enmeshed in a sticky web of everyday events, who have a basic failure to

communicate, In Milton Lumky Territory stands out among Dick's early works.

“Live all you can; it’s a mistake not to.” This is the maxim of celebrated author Henry James and one which his typist Frieda Wroth tries to live up to. Admiring of the great author, she nevertheless feels marginalized and undervalued in her role. But when the dashing Morton Fullerton comes to visit, Frieda finds herself at the center of an intrigue every bit as engrossing as the novels she types, bringing her into conflict with the flamboyant Edith Wharton, and compromising her loyalty to James. The Typewriter’s Tale by

Michiel Heyns is a thought-provoking novel on love, art and life fully lived.

Winner of the Bakeless Prize for Nonfiction, a childhood memoir of political oppression and persecution during Romania's Ceausescu years Carmen Bugan grew up amid the bounty of the Romanian countryside on her grandparent's farm where food and laughter were plentiful. But eventually her father's behavior was too disturbing to ignore. He wept when listening to Radio Free Europe, hid pamphlets in sacks of dried beans, and mysteriously buried and reburied a typewriter. When she discovered he was a political dissident she became anxious for

him to conform. However, with her mother in the hospital and her sister at boarding school, she was alone, and helpless to stop him from driving off on one last, desperate protest. After her father's subsequent imprisonment, Bugan was shunned by her peers at school and informed on by her neighbors. She candidly struggled with the tensions of loving her "hero" father who caused the family so much pain. When he returned from prison and the family was put under house arrest, the Bugans were forced to chart a new course for the future. A warm and intelligent debut, *Burying the Typewriter* provides a poignant reminder of a dramatic moment in Eastern

European history.

 Ray Bradbury, the undisputed Dean of American storytelling, dips his accomplished pen into the cryptic inkwell of noir and creates a stylish and slightly fantastical tale of mayhem and murder set among the shadows and the murky canals of Venice, California, in the early 1950s. Toiling away amid the looming palm trees and decaying bungalows, a struggling young writer (who bears a resemblance to the author) spins fantastic stories from his fertile imagination upon his clacking typewriter. Trying not to miss his girlfriend (away studying in Mexico), the nameless writer steadily crafts his

literary effort--until strange things begin happening around him. Starting with a series of peculiar phone calls, the writer then finds clumps of seaweed on his doorstep. But as the incidents escalate, his friends fall victim to a series of mysterious "accidents"--some of them fatal. Aided by Elmo Crumley, a savvy, street-smart detective, and a reclusive actress of yesteryear with an intense hunger for life, the wordsmith sets out to find the connection between the bizarre events, and in doing so, uncovers the truth about his own creative abilities.

About the Book In the 1980s, Mary Edwards watches as her daughter Emily fights for her life against leukemia. With each visit to the hospital, Mary finds herself drawn to the research floor, and meeting with a mysterious man named Bun who educates her on the advancement of stem cells, and the critical work being done by Dr. Randall Byrne, before he abandoned his research after a psychotic break and disappeared into the night many years ago. As Emily finally

succumbs to her cancer, Mary, in her grief, finds herself on the park bench outside the hospital where Emily suffered and fought, and meets the long-lost Dr. Byrne. Miraculously, he has found a way to travel back in time, to a pivotal moment. Mary takes a leap and is sent twenty-four years into the past to save Dr. Byrne and, through his research, her Emily. A bittersweet story of grief, love, reconnections, and reflection, *Pastense* is a heartbreakingly beautiful take of one woman's journey through the past, present, and hopeful future. About the Author Robert Gordon Johnson is an orthopedic surgeon who trained in Toronto, where *Pastense* takes

place. He has been involved in stem cell research, and the science presented in this novel is real. Johnson loves to read, write, and exercise at the gym. He has run a dozen marathons and participated in the Ironman Triathlon in Hawaii three times. Johnson still practices orthopedic surgery in San Antonio, where he lives with his wife Andrea, son Colin, and two cats. He has a son and daughter, Richard and Rachel, from a previous marriage. Much of the inspiration for *Pastense* came from the death of a friend's child from leukemia.
