the test was administered to nationally-representative samples of about 2000 children at each class level. The results were used to develop test norms. The test norms allow teachers to compare the performance of an individual pupil in their class with that of other pupils nationally at the same class level. Assessment Tests | Mr. Ring's Blog In developing the DPMT-R, the test was administered to nationally-representative samples of about 2000 children at each class level. The results were used to develop test norms. The test norms allow teachers to compare the performance of an individual pupil in their class with that of other pupils nationally at the same class level. Testing - Mr. Olt tests letter sounds, listening, phonological awareness etc. It is usually given in the 5th term of a child's schooling, i.e. around Easter. It's a screening test rather than a standardised test-so it identifies children who may need extra support at literacy skills in specific areas. It doesn't give a percentile/ste n score like the Drumcondra tests would. Standardised tests/Dumcondras etc. - boards. ienorm s. In general, standardised

tests do not provide the detailed information about a pupil's reading that is needed to conduct an assessment using the English Profiles. For example, if a pupil achieves a low overall score on a standardised test of reading, it may be due to poor word identification
