London's Heathrow Airport is the busiest international airport in the world, and has been for decades. Since its opening in 1946 the world's airlines have beaten a path to its door and seventy years of operation has aroused feelings of appreciation from those who love it and feelings of derision from those who don't. Heathrow has seen the brightness of magnificent beginnings, the dark days of theft and delays, the dramas, the mundane everyday routine and probably everything in between. It has seen the arrival and departure of royalty, the rich, the famous and almost countless millions of ordinary passengers simply wanting to go somewhere or to get home safely; those who are the fuel that drive it. Now, as the airport reaches its 70th birthday, its position as the world's premier International hub are under the microscope as airports in Europe seek to attract traffic away from the UK. This book charts the history of the airport through the photographs of those who worked there, who still work there, those who use it, and those who are just enthusiastic about it.

A sorta-biography following the whys and wherefores of two English townies slowly finding themselves wooed by more and more remote Greece. Fate finally stepped in and they made the life-changing move. A thirty year roller-coaster journey of coincidences and sometimes unnerving omens it covers the positives and negatives of both the move and new life, and hopefully explains some of the subtle seductions of the islands, especially Crete. Packed with strange adventures and encounters, and eccentric characters (not least the two main subjects). Inspiring and daunting reading for anyone thinking of moving abroad.

### *Frommer's? England from \$60 a Day* Random House

A murder mystery featuring a team of police investigators on the trail of an arsonist and killer in a small village in the English countryside. A body is discovered inside of the smoldering ruins of Key House. The crumbling Cotswold manor has long been empty, but rumor has it that the owner, Gervase Crown, was seen lurking around just before the fire. Inspector Jess Campbell and Superintendent Ian Carter pin Gervase as a prime suspect, but was he the murderer, or the target? It seems that his sudden reappearance has stirred up animosity long thought forgotten.

A half-human, half-vampire hunts the bloodsucker who bit her in this "compelling" Bram Stoker Award-winning debut (Publishers Weekly). One spring night in London, heiress Denise Thorne disappears while partying at a nightclub, never to be seen again. That very same night, Sonja Blue, a tough-as-nails punk vampire/vampire-slayer, conceived in terror and blood, is borne from the city's gutters. Saved by modern medicine before she could die, she is a living vampire who still possesses a soul and is determined to fight for what remains of her humanity. In the years since her bizarre resurrection, Sonja Blue travels the globe, hunting down and disposing of those creatures that prey on the

innocent while searching for the vampire Noble who created her. But when she investigates a sleazy televangelist named Catherine Wheele, who is exploiting Denise Thorne's parents, Sonja finds herself up against a powerful inhuman adversary. But as dangerous as Catherine Wheele proves to be, Sonja's greatest foe remains the Other, the demonic personality with whom she is locked in a constant battle for control of their shared body. Can Sonja Blue overcome her inner demon in time to rescue an innocent man from Catherine Wheele's unholy clutches? Acknowledged as one of the first Urban Fantasy novels, *Sunglasses After Dark* burst onto the fantasy/horror scene in 1989, garnering widespread critical praise and winning the Horror Writers Association's coveted Bram Stoker Award, as well as the British Fantasy Society's Icarus Award. New edition: Revised and edited by the author.

Third in the acclaimed Squire Quartet—from the author of "Supertoys Last All Summer Long," the basis for the movie A.I.: Artificial Intelligence. Winner of two Hugo Awards, one Nebula Award, and named a Grand Master by the Science Fiction Writers of America, Brian W. Aldiss challenged readers' minds for over fifty years with literate, thought-provoking, and inventive science fiction. Ray and Ruby Tebbutt are a Norfolk couple struggling to pay off a loan they could not afford. Peter Petrik, a small-time Czech film director, is involved with an Irish arms smuggler. Dominic Mayor, a British millionaire with a cold past, made his fortune by manipulating the stock market. All four people's lives are taken by a terrorist bombing in a small British seaside hotel. In *Remembrance Day*, an American academic examines the details of the victims' lives and histories to find the relationship between them and their fate. "In another significant mainstream outing, British science-fiction/fantasy grandmaster Aldiss discovers fresh and arresting nuances in the dichotomy between blind chance and predestination in human affairs...original, disturbing, and memorable." —Kirkus Reviews This ebook includes an introduction by the author.

An exhilarating insight into the life of a doctor at Heathrow Airport, where the truth is often stranger than fiction. For over a decade, Stephanie Green was a doctor on-call for one of the world's busiest airports, confronting dramatic, bizarre and sometimes heart-breaking situations. During her 24-hour shifts at Heathrow, Dr Green had to be ready for anything: from finding an abandoned suitcase leaking blood onto the carousel, to discovering a man smuggling heroin in a corset. It's a job that brought her into contact with all walks of life; her patients included drug mules and fugitives, schizophrenics and stowaways, refugees and tourists. And with the threats of a nerve agent poisoning or a Level Four viral epidemic always in the back of her mind, Dr Green found herself on the frontline where the decisions are made about who - or what - was allowed to leave the airport's borders. *THE HEATHROW DOCTOR* reveals the thrilling drama that takes place behind-the-scenes of an airport and what is needed to make critical decisions in this hidden no-man's land of geopolitics, terror, tragedy and medicine.

*Hung Together* tells the story of an election that made political history, and the first two years of an unprecedented Conservative-Liberal Democrat coalition, as told by the protagonists and as witnessed by two journalists with unrivalled access to events. Adam Boulton and Joey Jones were at the heart of the action during the 2010 general election and are able to draw on detailed interviews with all the key players to build up the most complete and intimate picture of how things unfolded. *Hung Together* begins by looking at the election campaign and the pivotal events of the weeks running up to polling day - including the televised Leaders Debates (one of which Boulton chaired). More than a year after the election took place, Boulton and Jones re-interview the central political actors and analysts they spoke to during that pivotal time and incisively report on the development and consequences of this coalition government. Cameron's first year as Prime Minister, the government's domestic and foreign policy, the budget, and the balance of the coalition will all be analysed by these two ideally placed political commentators. Whether on the stump, while broadcasting live, or during tense discussions deep in the bowels of Whitehall, the authors witnessed every event themselves or know someone who did. And in *Hung Together* they unveil a complete picture of what really goes on, a story that is at present shrouded in rumour and secrecy.

This book reveals the inside track on the making of Terminal 5: the courage, the ground-breaking management thinking and the many lessons learnt from the leaders, the client and integrated supply chain teams, - involving over 50,000 people from 20,000 companies - which led to the successful delivery of this mega project on time, on budget, and safely. Love or hate Heathrow we can't ignore it! An economic power house for the UK, 155,000 earn their living from it and 68 million of us pass through it each year. Two decades of the planning, design, construction and opening of Terminal 5 has resulted in a gateway that Heathrow can be proud of. Faced with the risk of opening a year late, being a billion overspent, since Sir John Egan in the early 1990s, BAA,

stakeholders and supplier partners have been grappling with Terminal 5's challenges. The result? £4.3 billion of design and construction delivered on time, to budget and safely is to be commended given the industry statistics but the acid test will now be the quality of the 30 million passengers experience and the operating costs that have been left to stand the test of time. Sharon Doherty is HR and organisational effectiveness director for Heathrow airport and Terminal 5. Sharon has previously worked in consultancy, financial services and retail. Her specialism is people and change. 2002 to the end 2007 she was accountable for the approach to people management and organisational change on Terminal 5.
