Directory** Rowman &

Littlefield  
 Despite the stock market crash of October 1929, thousands of theatregoers still flocked to the Great White Way throughout the country's darkest years. In keeping with the Depression and the events leading up to World War II, 1930s Broadway was distinguished by numerous political revues and musicals, including three by George Gershwin (Strike Up the Band, Of Thee I Sing, and Let 'Em Eat Cake). The decade also saw the last musicals by Gershwin, Jerome Kern, and Vincent Youmans; found Richard Rodgers and Lorenz Hart in full flower; and introduced both Kurt Weill and Harold Arlen's music to Broadway. In The

Complete Book of 1930s Broadway Musicals, Dan Dietz examines in detail every musical that opened on Broadway from 1930 through 1939. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. It includes such shows as Anything Goes, As Thousands Cheer, Babes in Arms, The Boys from Syracuse, The Cradle Will Rock, The Green Pastures, Hellzapoppin, Hot Mikado, Porgy and Bess, Roberta, and various editions of Ziegfeld Follies. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers,

composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Production data, including information about tryouts Source material Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and list of published scripts, as well as lists of black-themed and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of

each show. The Complete Book of 1930s Broadway Musicals will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

*Leonard Maltin's 2015 Movie Guide* Turner Publishing Company

Before captivating America as Morticia in *The Addams Family*, actress Carolyn Jones appeared in 30 movies (including starring roles with Elvis Presley and Frank Sinatra) and had a decade-long marriage to producer Aaron Spelling. But the road to Hollywood from her native Amarillo, Texas, was studded with rejection, typecasting, and unwanted comparisons to an actress who hated her: Bette Davis.

Author James Pylant

unveils the real Carolyn Jones, with access to her personal correspondence and journal, as well as interviews with her family, friends and fellow actors. What emerges is an intimate portrait of the iconic actress, a consummate professional who created a mystique not only for Morticia but for herself.--Website.

Xlibris Corporation  
She was a slum mother, witty housekeeper, nosy neighbor, meddling maid, town gossip, and most memorably, Ma Kettle. Marjorie Main is best remembered for her portrayal of the farm mother of 15

children and wife of shiftless Pa Kettle. The characters were introduced in the 1945 film *The Egg and I*, and were such a hit that eight films followed. At an age when most actresses' careers are waning, Main's star was just beginning to rise. In real life, Main was as down to earth as characters she played. Her attire on the set and around her house were the same: a simple cotton house dress or jeans. She preferred riding the bus because she enjoyed interacting with regular people--the inspiration for her characters. This book chronicles Main's childhood on an Indiana farm and the inspirations that led her to the stage. After a distinguished theater career and minor film

roles, at age 50 she was offered a long-term contract with premier studio MGM. Details of her acting career and personal life covered here include her marriage to a scholarly widower 26 years her senior, and her work with actor Percy Kilbride, who was the antithesis of his character, the slothful Pa Kettle. A detailed filmography includes cast and credit lists and trivia about each of Main's 85 films.

The Journey into God challenges the adequacy of the biomedical model alone in addressing the symptoms and causes of physical and mental illness. While allowing that the biomedical has its place in the treatment of disease,

Dr. Kenneth Bakken argues persuasively that there are untapped resources for health and wholeness in Christian faith and practice. He invites the reader into the way of theosis, the transformation of the person in union with the divine. Opening the mystic heart of Christianity, *The Journey into God* gives individual Christians and the Christian communities of faith a trusty map for traversing the shifting spiritual terrain of health and wholeness issues in the twenty-first century.

Report (Stockton State Hospital (Calif.)). 1888  
Univ of South Carolina Press

Explores how Gershwin's iconic music was shaped by American political,

intellectual, cultural and business interests as well as technological advances.

Scholarly essays on the achievements of female artists working in and inspired by the American South  
Looking back at her lengthy career just four years before her death, modernist painter Nell

Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable women artists but as notable artists who happen to be women." In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of

female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms,

educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors:

**Leonard Maltin's  
Movie Guide** Penguin  
The prospect of having  
to care for an ill loved  
one takes most of us  
by surprise. Once a  
diagnosis or treatment  
schedule has been  
determined, a  
caregiver must learn  
how to multi-task in  
very creative ways.  
Usually this is learned  
by trial and error. Until  
now. I Need to Scream!  
Would Anyone Even

Hear Me? is a  
handbook for the  
caregiver. Once a  
loved one needs a  
health advocate, a  
caregiver is born and  
then quickly baptized  
by fire. This book will  
help douse that  
inferno. It includes  
chapters on how to  
select a hospital and  
doctor, along with  
sections on  
medications, family  
matters and most  
importantly, how to  
take care of his or her  
self in the process. This  
is not a scientific  
project. It is a personal  
account written by a  
caregiver. It contains  
suggestions on how to  
make the transition  
from normal life to a  
new life as painless as  
possible. I Need to  
Scream! Would Anyone  
Even Hear Me?  
attempts to remove  
the guilt and negativity

that can become part of a caregiver's life. It also includes blank pages at the end of each chapter so that the caregiver is able to jot down notes, questions or reflections. This is a book that is long overdue. Caregivers are part of a strong and silent group. They need a voice. Few people realize the traumatic role of the caregiver, unless one has had experience like the author of this book. We do not know when a serious illness or accident will befall a loved one. It is for that reason that this book should be in every library, home and hospital. *I Need to Scream! Would Anyone Even Hear Me?* is unlike most publications that include this subject.

This book is primarily for caregivers and the people who love them. **The Complete Book of 1930s Broadway Musicals** AuthorHouse Just as World War I introduced Americans to Europe, making an indelible impression on thousands of farmboys who were changed forever "after they saw Patee," so World War II was the beginning of America's encounter with the East – an encounter whose effects are still being felt and absorbed. No single place was more symbolic of this initial encounter than Hawaii, the target of the first unforgettable Japanese attack on American forces, and, as the forward base and staging area for all military operations in the Pacific, the "first strange place" for

close to a million soldiers, sailors, and marines on their way to the horrors of war. But as Beth Bailey and David Farber show in this evocative and timely book, Hawaii was also the first strange place on another kind of journey, toward the new American society that began to emerge in the postwar era. Unlike the largely rigid and static social order of prewar America, this was to be a highly mobile and volatile society of mixed racial and cultural influences, one above all in which women and minorities would increasingly demand and receive equal status. With consummate skill and sensitivity, Bailey and Farber show how these unprecedented changes were tested

and explored in the highly charged environment of wartime Hawaii. Most of the hundreds of thousands of men and women whom war brought to Hawaii were expecting a Hollywood image of "paradise." What they found instead was vastly different: a complex crucible in which radically diverse elements - social, racial, sexual - were mingled and transmuted in the heat and strain of war. Drawing on the rich and largely untapped reservoir of documents, diaries, memoirs, and interviews with men and women who were there, the authors vividly recreate the dense, lush, atmosphere of wartime Hawaii - an

atmosphere that combined the familiar and exotic in a mixture that prefigured the special strangeness of American society today.
