Road Rash Independently Published

Once upon a time Eddie played concert piano to reverent audiences at Carnegie Hall. Now he bangs out honky-tonk for drunks in a dive in Philadelphia. But then two people walk into Eddie's life--the first promising Eddie a future, the other dragging him back into a treacherous past. *Shoot the Piano Player* is a bittersweet and nerve-racking exploration of different kinds of loyalty: the kind a man owes his family, no matter how bad that family is; the kind a man owes a woman; and, ultimately, the loyalty he owes himself. The result is a moody thriller that, like the best hard-boiled fiction, carries a moral depth charge.

Acclaimed author Karen Hesse's Newbery Medal-winning novel-in-verse explores the life of fourteen-year-old Billie Jo growing up in the dust bowls of Oklahoma. *Out of the Dust* joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content!"Dust piles up like snow across the prairie. . . . "A terrible accident has transformed Billie Jo's life, scarring her inside and out. Her mother is gone. Her father can't talk about it. And the one thing that might make her feel better -- playing the piano -- is impossible with her wounded hands. To make matters worse, dust storms are devastating the family farm and all the farms nearby. While others flee from the dust bowl, Billie Jo is left to find peace in the bleak landscape of Oklahoma -- and in the surprising landscape of her own heart.

These short songs all on the black keys are SO EASY TO READ!

Perfect for your little beginners and even older beginners, who will strengthen their fingers along with their counting abilities as they focus on just finger placement, and rhythm. Keyboard graphics help them decide where to place their hands. Very soon, they will be reading these little songs without any assistance from you! Very young beginners and special-needs students, too, will benefit from the relaxed pace possible with the songs in "Just the Black Keys." Lyrics in most of the songs help with the counting. Some of the songs are old-fashioned poems, such as Lewis Carroll's "Jabberwocky", and many are original lyrics written just for that song. Some of the music is traditional ("Old MacDonald," "Go Tell It On the Mountain,") and some is classical (Grieg's "Morning Song" from Peer Gynt). And some of the pieces are lovely, with harmony, even without the teacher accompaniment ("Morning Sun Upon the Mountain" and "One Star in the Darkness"). What's NEW about this book that you won't find at the website? Teacher accompaniments are on the facing pages! Some of the accompaniments are very beautiful, some of them are ominous-sounding, and some are bouncy and cheerful! Together, the student parts and the teacher parts make great recital duets. You can go to [HTTPS://WWW.MUSIC-FOR-MUSIC-TEACHERS.COM/JUST-THE-BLACK-KEYS.HTML](https://www.music-for-music-teachers.com/just-the-black-keys.html) to see many of these songs for yourself. Many of the most popular method books start children on the black keys. That's excellent for hand posture and for learning basic music principles... but for some students, they need more reinforcement and time before moving on to the treble and bass staff notes. The feeling of success that comes with learning a new piano song quickly, with little teacher input, helps build confidence in young students. Lots of songs to choose from; your students will ask for a new one - or two - each week!

20 Super Easy Piano Pieces on the Black Keys Hal Leonard Corporation

A beautifully illustrated, totally engrossing celebration of the piano, and the composers and performers who have made it their own. With honed sensitivity and unquestioned expertise, Stuart Isacoff—pianist, critic, teacher, and author of *Temperament: How Music Became a Battleground for the Great Minds of Western Civilization*—unfolds the ongoing history and evolution of the piano and all its myriad wonders: how its very sound provides the basis for emotional expression and individual style, and why it has so powerfully entertained generation upon generation of listeners. He illuminates the groundbreaking music of Mozart, Beethoven, Liszt, Schumann, and Debussy. He analyzes the breathtaking techniques of Glenn Gould, Oscar Peterson, Vladimir Ashkenazy, Arthur Rubinstein, and Van Cliburn, and he gives musicians including Alfred Brendel, Murray Perahia, Menahem Pressler, and Vladimir Horowitz the opportunity to discuss their approaches. Isacoff delineates how classical music and jazz influenced each

other as the uniquely American art form progressed from ragtime, novelty, stride, boogie, bebop, and beyond, through Scott Joplin, Fats Waller, Duke Ellington, Bill Evans, Thelonious Monk, Chick Corea, Herbie Hancock, Cecil Taylor, and Bill Charlap. *A Natural History of the Piano* distills a lifetime of research and passion into one brilliant narrative. We witness Mozart unveiling his monumental concertos in Vienna's coffeehouses, using a special piano with one keyboard for the hands and another for the feet; European virtuoso Henri Herz entertaining rowdy miners during the California gold rush; Beethoven at his piano, conjuring healing angels to console a grieving mother who had lost her child; Liszt fainting in the arms of a page turner to spark an entire hall into hysterics. Here is the instrument in all its complexity and beauty. We learn of the incredible craftsmanship of a modern Steinway, the peculiarity of specialty pianos built for the Victorian household, the continuing innovation in keyboards including electronic ones. And most of all, we hear the music of the masters, from centuries ago and in our own age, brilliantly evoked and as marvelous as its most recent performance. With this wide-ranging volume, Isacoff gives us a must-have for music lovers, pianists, and the armchair musician.

A Natural History of the Piano Tyndale House Publishers, Inc.

Danny Ellis is a survivor, strong and resilient. An acclaimed singer/songwriter, he is proud of the way he handled his difficult past: poverty in the 1950s Dublin slums and the brutality of the

Artane Industrial School. He felt as though he had safely disposed of it all, until one night, while writing the powerful song that would launch his highly-praised album, *800 Voices* ("A searing testament." —Irish Times), Danny's past crept back to haunt him. Confronted by forgotten memories of betrayal and abandonment, he was stunned to discover that his eight-year-old self was still trapped in a world he thought he had left behind. Although unnerved by his experience, Danny begins an arduous journey that leads him back to the streets of Dublin, the tenement slums, and, ultimately, the malice and mischief of the Artane playground. What he discovers with each twist and turn of his odyssey will forever change his life. Elegantly written, this is a brutally honest, often harrowing, depiction of a young boy's struggle to survive orphanage life, and stands as an inspiring testament to the healing power of music and love.

An adroit first novel of exceptional grace and emotional power by a legendary British ad executive. "David Abbott's *The Upright Piano Player* is a wise and moving debut, an accomplished novel of quiet depths and resonant shadows." —John Burnham Schwartz, author of *The Commoner* and *Reservation Road* Henry Cage seems to have it all: a successful career, money, a beautiful home, and a reputation for being a just and principled man. But public virtues can conceal private failings, and as Henry faces retirement, his well-ordered life begins to unravel. His ex-wife is ill, his relationship with his son is strained to the point of estrangement, and on the eve of the new millennium he is the victim of a random violent act which soon escalates into a prolonged harassment. As his ex-wife's illness becomes grave, it is apparent that there is little time to redress the mistakes of the past. But the man stalking Henry remains at large. Who is doing this? And why? David Abbott brilliantly pulls this thread of tension ever tighter until the surprising and emotionally impactful conclusion. *The Upright Piano Player* is a wise and acutely observed novel about the myriad ways in which life tests us—no matter how carefully we have constructed our own little fortresses.
