Createspace Independent Publishing Platform

This picture book is a simple and fun introduction to teaching your child the ASL signs for a variety of animals. Realizing the impact that learning sign language has on early language and reading development, I started teaching my two children baby signs when they were three months old. Sign language develops the brain and is linked to a higher IQ in children. My passion for sign language, coupled with my design and illustration expertise, inspired me to develop an easy way for both parents and children to start learning sign language. The result is the picture book series *Creative Hands*. I hope you and your child enjoy learning sign language as much as

I enjoyed teaching my children and creating this book for you and your family. "

Original. *Creative Hands ~ Animals* AuthorHouse

Featuring easy-to-follow illustrated instructions for the most commonly used phrases and an extensive index for easy reference, *The Kids' Pocket Signing Guide* is organized by general topic, enabling children to converse with hearing-impaired friends and family members on such subjects as: - Pets and animals - Sports and hobbies - Travel and holidays - Snacks and food - Numbers and money - Clothes and colors - Nature and science - Time and weather - School and careers - And much more *The Kids' Pocket Signing Guide* Cartwheel Books Children's book to teach first signs. Early exposure

to signing helps a baby develop their language and reasoning skills. While other babies are still yelling to get what they want, signing babies are learning how to communicate with words and simple phrases. This book was created to teach children sign language in a fun and colorful way. By mimicking Mo the monkey, children have a fun time learning their first signs while spending some quality time reading with Mom and dad or just on their own.

The Joy of Signing Puzzle Book 2 Harper Collins

The fast and easy way to grasp this evolving and growing language American Sign Language (ASL) is something we've all seen deaf people use in restaurants, hospitals, airports, and at work. The communication is fascinating to watch; to see people sharing ideas by using handshapes and body language is remarkable in a world so defined by sound. This new edition of *Signing For Dummies* gives you a general understanding of the properties of Sign, as well as an understanding of deaf culture. Designed to act as an introduction or a refresher, the book focuses solely on ASL, which is the most

commonly used sign language in the United States. Categorized by subject, this illustrated guide covers grammar and sentence structure, along with the tools to get you going in basic conversation by knowing how to introduce and greet people; ask questions and make small talk; order food and chat with salespeople; handle medical emergencies; talk on the phone; get around town for fun or business; and much more. Plus, it stresses how ASL isn't just about using your fingers, hands, and arms, but also about facial expression and body language. More than 25 percent new and revised content, including the latest technological advances for the deaf; contact signing, code mixing, code switching, interpreting as a profession, and regionalism in signing Packed with "Fun & Games" sections that invite you to practice specific signs Hundreds of illustrations throughout, plus a video CD featuring demonstrations by ASL signers showing actual conversations *Signing For Dummies* is the fast and fun way to get you moving your hands, body, and face to convey meaning that reaches

beyond linguistic barriers.
