An Italian ObsessionThe Award-Winning Author Of "Crossing the Meadow" Creates A Compelling Read Filled With Angst, Teenage Love, and Drama In the lax atmosphere of middle-class post-war Italy, sex and drugs are easy to come by. Roberto tries to find his own balance, but a crush he had for Alessandra in elementary school is reignited and the course of his life is changed forever. >>> Love, Sex And Betrayal It's the 1970's, a time of political upheaval driven by disillusioned young people. Roberto is caught up in the times. He makes a new start, but his past catches up with him. Finding himself accused of a crime, he must defend himself even when he isn't sure he committed it. A new adult novel that will grab you and won't let you go.

*What They Didn't Teach You in Italian Class* Plum

Want to learn the quickest, easiest and most efficient way to learn a language to fluency? Don't waste any more time and money with classes, textbooks, audio courses, computer programs and other materials until you have read this. Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages... Read on to learn the secrets they don't give you in class. Life is good for me. I am fluent in several languages and conversational in many more. I have friends I speak to on a daily basis who don't speak a word of English. My language ability has opened career doors and made immediate friends out of strangers. Better yet, I receive enjoyment out of using my languages daily in meeting people, watching movies and reading my favorite books. How was I able to learn a foreign language so fluently in such a short period of time? Let me give you a hint: it's not because I'm a genius, spend 10 hours a day studying or have some "gift" for learning languages. It's because I developed a METHOD that will allow you to IMMEDIATELY: Learn new words and phrases quicker than you ever have before and not worry about forgetting them! Speak without a single error. Natives will be scratching their heads wondering why you speak so much better than the other foreigners. Be able to "study" the language without getting bored ever! No more painful language learning. Become fluent quicker than anyone you know. I'm sure you know of people who have studied a language for a couple or more years. Now you can be fluent well within that time. Surprisingly, the best, easiest and quickest way to learn a language is not written in those textbooks, audio programs, computer programs or other materials. In fact, most of the time, they advocate a painful, hard way to get to fluency. What I've learned in the past 10 years is, it doesn't have to be painful or long! This isn't to say those materials are completely useless but if you want to gain from them as quickly and efficiently as possible, you need to incorporate them into a larger plan. I wrote this book to stop others from making the same mistakes I did when I started to learn languages. I wrote it to show the fastest, quickest and most efficient way to learn languages so that you don't waste a single minute or dollar. I've read a lot of material about language learning and used a lot of different methods. I've discovered what works and what doesn't. Everything I've written in my book is the tips, secrets and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience.I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. I wish that I could have been able to buy the knowledge and information presented in this book when I first started out. It could have saved me a lot of trouble, time and money. Many people spend thousands of dollars or more on audio programs, textbooks, classes and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently.

This book is different from all those other books on Italy. You know the ones. It won't tell you the history of the Coliseum; it won't describe every building on the Grand Canal. Neither will it tell you when the Leaning Tower began to fall. It doesn't have those glitzy color pictures. It won't have descriptions of the lobbies of all those five star hotels which you probably can't afford anyway. Let's face it, who wants to pay \$600 to sleep for the night! And, it won't weigh three pounds for you to lug around.It's a different kind of book. If you are planning a vacation in Italy you will need two books. First and most important you will need this book. Secondly, you will need one of those books described above. Kaufman's book describes over 360 tips you need to know when planning your trip to Italy. You won't find all those tips in that other book or any other book. If you ever dreamed of a trip to Italy and put it on the back burner because those escorted tours were too expensive or you were afraid of "doing" it yourself, then this is the book for you. Kaufman ran fully escorted tours for over 35 years. To boot, he made his 31st trip to Italy in September of 2019. In his latest book he lays out the basic itinerary of visits to Rome, Florence and Venice (10 days). If you have more time, he provides you with optional extensions to the Amalfi area or in the north to Milan and the Lakes District. Are you afraid of renting a car in a foreign country and driving around or won't be able to speak the language? And, what to see and do each day to maximize your time? Sounds scary doesn't it? Kaufman's book takes all the guess work out of planning a vacation to Italy. And secondly it follows a logical sequence. His tips are not scattered here and there across the book. He starts with Planning and the Basics and then progresses to 35 pages devoted to detailed Itineraries.The Planning and Basics Chapter includes all the tips related to flying the Atlantic and tips related to air tickets and getting the "best deal". He then progresses to detail tips on hotels and reservations. Ever check in to a hotel from that over-night flight and find you just couldn't take a nap? Kaufman tells you how to avoid this and so many other problem areas related to hotels.Other chapters include Driving in Italy, Train Travel through Italy, Restaurants-Meals, Security, Cash and Credit Cards and other tips. There are also chapters outside of the itineraries chapter devoted to Rome, Florence and Venice. Italy is not like Disneyland. You just can't walk in the gate and enjoy all those rides. You have to plan your travel time (whether you are driving or taking the train), and days accordingly. If you don't, you

will miss seeing those critical attractions. This book shows you how to do it and avoid all those problems, usually resulting from poor or no planning at all. Buy it now and eliminate all that stress.

*Blackmailed into the Italian's Bed* Independently Published

As a beautiful lawyer prepares to walk down the aisle, she's blackmailed into bed by the man she never forgot in this sexy international romance.

Australian lawyer Jordan Gray is about to marry the son of a senior partner at her prestigious law firm. But she still struggles to forget Gino Bortelli, the arrogant, sexy Italian with whom she had an affair years ago. Jordan still craved Gino's touch. No man—not even her fiancé—has made her feel as Gino had. . . . Gino never forgot Jordan either—and now he's back! Older, richer and sexier, he still has the power to make Jordan melt. He knows

something Jordan would prefer keep secret. And he's prepared to use it—to have her, bed her, any way he wants her. And, to Jordan's shame, she can't say no. . . .
