KENT BURGESS

Destiny Polis Books

Identical twin brothers who dare to love two fiery women as they lead their clan into battle against the British are featured in a two-book series set in 17th-century Scotland, loosely based on Sir Walter Scott's poem "Lochnivar." Chosen by destiny to make a legend come true, Ellen Graham is rescued by James MacCurrie, but the same fate that brings them together also conspires to keep them apart. (July)

A heartwarming rendition of how Christmas traditions at Elm Creek Manor were created—and embellished—over generations. When Christmas Eve comes to Elm Creek Manor, the tenor of the holiday is far from certain. Sylvia Bergstrom Compson, the Master

Quilter, has her own reasons for preferring a quiet, even subdued, Christmas. Her young friend Sarah McClure, however, takes the opposite view and decides to deck the halls brightly. As she explores the trunks packed with Bergstrom family decorations that haven't been touched in more than fifty years, Sarah discovers a curious Christmas quilt. Begun in seasonal fabrics and patterns, the quilt remains unfinished. Sylvia reveals that the handiwork spans several generations and a quartet of Bergstrom quilters—her great aunt, her mother, her sister, and herself. As she examines the array of quilt blocks each family member contributed but never completed, memories of Christmases past emerge. At Elm Creek Manor, Christmas began as a celebration of simple virtues—joy and hope buoyed by the spirit of giving. As each successive generation of Bergstroms lived through its unique trials—the antebellum era, the Great Depression, World War II—tradition offered sustenance even during the most difficult times. For Sylvia, who is coping with the modern problem of family dispersed, estranged, or even

forgotten, reconciliation with her personal history may prove as elusive as piecing the Christmas Quilt. Elm Creek Manor is full of secrets, from a Christmas tree with unusual properties to the sublime Bergstrom strudel recipe. Sylvia's tales at first seem to inform her family legacy but ultimately illuminate far more, from the importance of women's art to its place in commemorating our shared experience, at Christmastime and in every season.

"Kurt Tucholsky (1890-1935) achieved popular success in

Germany before the First World War with a witty and sensitive novel of young love. But he is best known for his work as a satirist and critic, most of it written as a left-wing journalist in Berlin during the twenties and the years leading up to the Nazis, the fateful Weimar years. He is considered by some an exemplar of the intemperately critical spirit that doomed Weimar--a cautionary and bitter footnote to an era; by others, an indispensable moral and prophetic voice of the period, basically correct in his assessments and values." -- Book jacket.

Erlebtes Macmillan

Robert Bosch (1861 - 1942) was one of the most successful German entrepreneurs and philanthropists of the 20th century and, at the same time, a pioneer of the social market economy. This book presents a comprehensive and impressive biography of a visionary who thought far ahead of his time like almost no other. Peter Theiner follows the traces of this trailblazer of modernity who founded a global company. 1886, Robert Bosch opened his Werkstätte für Feinmechanik und Elektrotechnik, today's Robert Bosch GmbH, in a modest rear building. Pioneering innovations for motorized vehicles emerged from the young company, and Bosch was quickly able to point to tremendous international successes as an industrialist. Today, his name represents the rise of motor vehicles and electricity in the home. In addition, he also had an impact as a benefactor and philanthropist with a well-developed political profile and a strong sense of social responsibility. In a time of wars and upheaval, in an age of extremes, Bosch positioned himself as a staunch Democrat who cut against the grain of German history.

The Legend Bantam

Percy Jackson meets Thor in a laugh-out-loud, action-packed adventure inspired by Norse mythology. Twelve-year-old Abby Beckett is proud to come from a long line of elite Viking warriors known as the Aesir. She's spent her entire life training to hunt the horrific creatures known as Grendels--the ancient foe of the Aesir--just like her mother did before she died. But there's just one, small problem: No one has seen a Grendel in centuries, and the Viking Council wants to disband the Aesir . . . forever. When her father is injured in an attack that leaves him in a coma, Abby is forced to take refuge at Vale Hall, a mysterious school in Minnesota where nothing is quite as it seems. She soon discovers the tables have turned and a Grendel is hunting her, but when she tries to alert the Viking Council, they accuse her of making up stories for attention . . . just like her mother did. Desperate to protect her father and clear her mother's name, Abby goes on a dangerous quest to discover the truth--a journey that brings her face-to-face with some unlikely foes, including a Ping-Pong-playing sea monster with a wicked backhand, and a dark Valkyrie with a fondness for bingo. Abby quickly realizes that someone at the school is trying to stop her progress and destroy the Aesir for good. And only she can unravel the sinister plot before it's too late.

The Curse of the House of Foskett Catapult

From New York Times and Globe and Mail bestselling author Joy Fielding comes a pulse-racing story of a harmless bet gone deadly wrong. This is how it starts. With a joke. Two brothers - Will and Jeff - and their friend Tom are out one night at their

favorite South Beach bar when they decide to make a bet on who can be the first to seduce a mysterious-looking young woman drinking by herself. Pretty, dark-haired, blue-eyed Suzy has an innocent - almost ordinary - girl-next-door way about her. "Just waiting for Prince Charming to hit on her," Jeff says. But Suzy isn't as naive as she seems. And she has an agenda of her own. Soon another challenge is born, only this one proves to be lethal. Dark secrets, hidden passions and a story filled with intrigue, *The Wild Zone* will keep you in suspense until the very last page is turned.

Robert Bosch Macmillan

The classic edition is back! First published in 1988, Weiss's *Herbal Medicine* is revered by herbalists and medical professionals alike as the seminal work in the field of phytotherapy. This book has established itself as an indispensable resource and is widely acknowledged as the key text in the field of medical herbalism. You will find clear, detailed information on treating conditions

ranging from colds and influenza to rheumatic problems, metabolic and endocrine disorders, cancer, and much more. Conveniently arranged by organ system, the text provides guidelines for prescribing herbal remedies, with sections on dosage, application, and precautionary measures. Plus, for each plant discussed, you will find lists of their occurrence, botanical features, differentiation from related species, constituents, and medical benefits. Proprietary formulations, full references, and a comprehensive subject index of almost 2,000 entries round out the superb coverage! Weiss's life's work examines the subject of herbal medicine from both a clinical and practical viewpoint, incorporating his personal observations and clinical experience with scientific studies. This material formed the basis of *Herbal Medicine, 2E*, also by Thieme. The second edition, revised, expanded and modernized by Volker Fintelmann, streamlines the work into a more clinical text, incorporating the latest scientific research and Commission E findings on the efficacy of herbs. This edition is recommended for allopathic physicians and other medical professionals who are new to the field of herbal medicine. Professor Rudolf Fritz Weiss (1895-1991) is highly regarded as the founding father of modern German phytotherapy. He studied botany and medicine at the University of Berlin, qualifying as a doctor in 1922 and subsequently taking additional qualifications in internal medicine. A teaching post in herbal medicine was interrupted by war service as an army doctor, followed by seven years in Russian captivity as a doctor in prisoner-of-war camp hospitals. After retiring from clinical practice in 1961, he devoted his life to the scientific development and acceptance of herbal medicine. Weiss was appointed as a

member of the German Commission E in 1978. He was founder and editor of the *Zeitschrift fuer Phytotherapie*, and lectured on current advances in the subject at the University of Tuebingen.

My First Chess Book Simon and Schuster

From the celebrated author of *Rubyfruit Jungle* and *Bingo* comes a stirring novel of the Civil War, a tale of true love and mistaken identity. Brimming with colorful characters and vivid settings, *High Hearts* is Rita Mae Brown at her most ambitious and entertaining. April 12, 1861. Bright, gutsy and young, Geneva Chatfield marries Nash Hart in Albemarle County, Virginia, the same day Fort Sumter's guns fire the start of the Civil War. Five days later she loses him as Nash joins the Confederate Army. Geneva, who is known as the best rider since Light Horse Harry Lee, cuts her hair, dons a uniform, enlists as "Jimmy Chatfield," then rides off to be with her beloved Nash. But sensitive Nash recoils in horror from the violence of war, while Geneva is invigorated by the chase and the fight. Can she be all the man her husband isn't? She'll sure as hell try. But there is a complication, and his name is Major "Mars" Vickers. This macho major, to his own shock and amazement, finds himself inexplicably attracted to the young soldier named "Jimmy." And this is only the beginning of a novel that moves with sureness and grace from the ferocity of battle to the struggle on the homefront, and brings passion and sly humor to a story of dawning love. *High Hearts* is a penetrating, delightful and sweeping tale that gives fresh life to a fascinating time.

RAPTURE IN DEATH CEREMONY IN DEATH

DIY PR BASTEI LÜBBE

Vamp vigilante Sonja Blue returns in the series known as “one of the high-water marks of hip modernist pop-cultured vampire literature” (Locus). After decades spent roaming the globe in search of the undead monster who created her, vampire/vampire-hunter Sonja Blue has finally found in the psychic detective Palmer and the unearthly child called Lethe a family she can call her own. But the new world she has created for herself is forever changed by a brief affair in New Orleans that ends in madness and death, and leaves the Other—the murderous, demonic aspect of her fractured personality—stronger than ever. When Sonja receives news that the evil vampire lord Sir Morgan is behind a string of murders of women found wearing sunglasses and leather jackets, she abandons her “family” for New York City. Once she is face-to-face with Morgan, will she finally be able to destroy him once and for all? Or will she succumb to the darkness within her and become his queen?

Together with newcomer, Irene, she begins to uncover the truth - a secret that has been buried for years. But when they happen upon a strange object, hidden in the past, they realise it will change everything . . . Your favourite authors love Katherine Webb: 'An enormously talented writer' Santa Montefiore 'I've loved all of Katherine Webb's books' Kate Riordan 'Katherine Webb's writing is beautiful' Elizabeth Fremantle 'Webb has a true gift for uncovering the mysteries of the human heart' Kate Williams 'A truly gifted writer of historical fiction' Lucinda Riley

The Christmas Quilt Scholastic Inc.

The concept of time has fascinated humanity throughout recorded history, and it remains one of the biggest mysteries in science and philosophy. Time is clearly one of the fundamental building blocks of the universe and thus a deeper understanding of nature at a fundamental level also demands a comprehension of time. Furthermore, the origins of the universe are closely intertwined with the puzzle of time: Did time emerge at the Big Bang? Why does the arrow of time ‘conspire’ with the order of the initial state of the universe? This book addresses many of the most important questions about time: What is time, and is it fundamental or emergent? Why is there such an arrow of time, closely related to the initial state of the universe, and why do the

cosmic, thermodynamic and other arrows agree? These issues are discussed here by leading experts, and each offers a new perspective on the debate. Their contributions delve into the most difficult research topic in physics, also describing the latest cutting edge research on the subject. The book also offers readers a comparison between the different outlooks of philosophy, physics and cosmology on the puzzle of time. This volume is intended to be useful for research purposes, but most chapters are also accessible to a more general audience of scientifically educated readers looking for deeper insights.

J. D. Robb In Death Collection Books 1-5 Wentworth Press
Learn how to play chess—the world’s most popular board game! Chess is easy to learn, and anyone can play it. Jessica E Prescott teaches you how you can get good at it—and start winning. Improve your skills through 35 fun activities—this isn’t just a textbook about the rules of the game! Why not have a game of Pawn Football (pawns line up at their starting rank and race to the other side), or do the Queen Dance (make a checkmate using only a queen and king)? Try Scholar’s Mate—the four-move checkmate every beginner needs to know—and when you’re really good, play Bughouse, a crazy four-person game with two chess sets. All the activities have clear, colorful artworks so you can see exactly where pieces should be on the chessboard. There are also helpful hints and tips throughout, and if you’ve ever forgotten how a piece moves or need to brush up on a rule, look at the Starting Out section for a reminder.

Paint It Black Orion

Las Vegas showgirl Carly Jacobsen keeps learning the hard way that her idea of fun differs radically from that of her neighbor

Wolfgang Jones. Sure, he looks incredible, and he seems to have a thing for her legs, but the man's a robot. So what's with their chemistry? Wolf has a plan for his life, and it doesn't include finding himself tempted by the freewheeling Carly...mile-high legs or not. Yet in a moment of weakness, the two discover at least one area where they do both have fun. But outside the bedroom the stakes are getting higher, and love might come down to a roll of the dice...

Karlik Floris Books

Elemental beings such as gnomes and fairies exist in many folk and spiritual traditions, and Rudolf Steiner also discussed their significance to our world. Some people are able to engage and even communicate with elementals. Ursula Burkhard was one such person. Blind from birth, she experienced gnomes and other elementals from early childhood. When, as she grew older, her parents tried to dissuade her, she was puzzled: why should she believe in the 'real' things she was unable to see, and ignore what she knew to be true? In this short book, she describes her remarkable experiences and in particular her relationship with a special gnome, Karlik. The book was a bestseller in Germany in the 1980s, bringing the world of the elementals into the mainstream.

Ed Emberley's Fingerprint Drawing Book Anchor Canada

The Secret Book of Grazia dei Rossi is a sweeping tale of intrigue and romance set in a time rife with court politics, papal chicanery, religious intolerance, and inviolable social rules. Grazia, private secretary to the world-renowned Isabella d'Este, is the daughter of an eminent Jewish banker, the wife of the pope's Jewish physician, and the lover of a Christian prince. In a "secret

book," written as a legacy for her son, she records her struggles to choose between the seductions of the Christian world and a return to the family, traditions, and duties of her Jewish roots. As she re-creates Renaissance Italy in captivating detail, Jacqueline Park gives us a timeless portrait of a brave and brilliant woman trapped in an unforgiving, inflexible society.

The Sunday Lunch Club Forever

This beautifully designed picture book will be a delight for adults

and children to share and discover together what goes on at night when they're asleep. Each spread explores a different night-time world; as well as the city and woods, we visit a coral reef, the North Pole, a jungle, a busy port, the Australian outback, a factory where robots are making cars and even outer space... This is a delightful and surprising book that will engage young and old alike.
