Sacred Success®: A Course in Financial Miracles shows women there is a better way to achieve wealth and power: on your own terms—as a woman. Barbara Stanny, the leading expert on women and money, has helped women take control of their finances for two decades—and she knows there is much more to success than how much you earn. In her work with powerful, successful women over the last 20 years, bestselling author and financial educator Stanny has found that most women's problems with money have little to do with money itself, but rather with their fear of,

or ambivalence toward, power. Instead of pushing women to pursue financial success in the traditional fashion, Sacred Success seeks to redefine power from a feminine perspective. More than a financial guide, Sacred Success is a primer on power for women—a tutorial for taking charge of your life by taking charge of your finances, and not only growing your money but creating a deeper, richer, and more meaningful life. Best described as “A Course in Miracles meets the Wall Street Journal,” Sacred Success gives you a proven process that uniquely blends the practical, psychological, and spiritual work of wealth. You can be financially successful without sacrificing your soul or compromising your values. You can create wealth and exercise power by staying true to your authentic self and personal mission. Philosophy Behind the Workbook My philosophy is that there is a solution, for those of you who feel and experience lack or unworthiness in your life, year after year. Allow me to explain how this works. Your thoughts create 'energy'. This energy carries feelings, and these feelings inspire us to take actions that either support our life style of: a) abundance and comfort or b) lack and worry. The energy you create for yourself comes from many sources, like: your breath, food, proper sleep, prayer, song, meditation, excitement from sports, nature, work, etc. You get the idea. Over the years you drain yourself of your maximum energy by verbally giving it away. You do this by telling stories, stating your opinions, making judgments about yourself and others, making declarations

about plans you are going to do (but never do), gossiping, focusing on negative news through the TV or other means. All of this energy is wasted away on dead-end lack thoughts and worry. Your word is no longer law onto you. It no longer possesses the divine energy to materialize your comfort level or the feeling of abundance and love. From the union of thought and emotion is the feeling to materialize. You need to embody a feeling. You attract reality with the energy you have stored up in your body. You are determining what you are going to experience, by the feeling you inject into your thoughts and that takes energy. That feeling has a divine spiritual identity similar to our soul and you are that feeling. These principles apply to creating abundance. Money and abundance are also feelings. It takes a lot of energy to inspire yourself with enough enthusiasm, to feel worthy to receive. Most of what needs to be healed for people in lack is, suppressed anger. All anger comes from loss. For example, when in a negative conversation, learn to be silent and do not inject your opinion. Keep your righteousness and negative thoughts about the world and others to yourself. Keep the energy you have stored-up to yourself, until you bring it into reality. You will honestly find that with some discipline and vigilance, your power to create with thought and materialize doubles and redoubles will begin to manifest in your life. Store-up your energy. Guard it, as it is yours and is precious. Do not give it away recklessly. It's not free to waste. Verbally discipline yourself and establish a dominion over your own mind. In time, you will create the energy of self-love that attracts your receiving to yourself. The sooner you give yourself permission to start feeling and receiving what it is you really want and desire, the more energy and determination you will have to go for it all. This Workbook has 44 methods to support you in the healing of your money issues. Give yourself 30 days to complete this workbook and restore your self-worth and energy.
