West's federal reporter : cases argued and determined in the United States courts of appeals and Temporary Emergency Court of Appeals Trafford Publishing

The Encomium Emmae Reginae is a political tract in praise, as its title suggests, of Queen Emma, daughter of Duke Richard I of Normandy, wife of King Ethelred the Unready from 1002 to 1016, and wife of the Danish conqueror King Cnut from 1017 to 1035. It is a primary source of the utmost importance for our understanding of the Danish conquest of England in the early eleventh century, and for the political intrigue in the years which followed the death of King Cnut in 1035. It offers a remarkable account of a woman who was twice a queen, and of her determination to retain her power as queen-mother. This reprint, which contains the definitive text and translation of the Encomium Emmae Reginae first published in 1949, traces the basic outline of Queen Emma's career and transports us to the heart of eleventh-century politics by defining as clearly as possible the historical context in which the Encomium was written.

This book gives a unique historical and interpretive analysis of a widely pervasive mode of thought that it describes as the legacy of positivism. Viewing Auguste Comte as a pivotal figure, it charts the historical origins of his positivism and follows its later development through John Stuart Mill and Émile Littré. It shows how epistemological shifts in positivism influenced parallel developments in the human and legal sciences, and thereby treats legal positivism and positivism as it is understood in the human sciences within a common framework.

In a kind of "Sequel" to Aleksandr Solzhenitsyn's *The Gulag Archipelago* (quoted throughout), with Solzhenitsyn's intellect, honesty and intense passion for speaking Truth William Baptiste unravels 380 years of bad philosophy that has resulted in Marxism, anti-scientific Postmodernism developed by Marxists to protect Marxism from facts, and current Neo-Marxist Identity Politics which foments racial hatred, which all frequently accompany legal human-killing abortion, which was first legalized 100 Years ago in 1920 Marxist Soviet Russia as a prelude to legalizing the genocide of millions of William's ethnic heritage. Lincoln said, "A house divided against itself cannot stand . . . it will cease to be divided. It will become all one thing or all the other." The divisive fundamental incompatibility between democracy built on Equal Human Rights and legal slavery/legal abortion which both deny Equal Human Rights to all humans will incessantly scream for resolution, and in the end we will have to keep democracy and lose legal abortion (as we lost legal slavery), or else keep legal abortion and lose democracy. Jordan Peterson's fellow Canadian intellectual, non-partisan thinker & logician William Baptiste, is fed up with Pro-Choice 'Creeping Totalitarianism' taking away normal democratic freedoms of speech, expression, assembly, conscience & religion of Pro-Life Human Rights Advocates, including real doctors who follow the 2500-year Hippocratic Medical Tradition that doctors don't kill. Officially Pro-Choice political parties in his country and others keep asininely insisting the Abortion Debate (the Human Rights for All Humans Debate) is "settled" in their favor, all while they pass totalitarian laws making peaceful Pro-Life Human Rights Advocacy a crime in order to silence the Free Speech of Pro-Lifers. All because Pro-Choice politicians simply cannot win a respectful, intellectually honest, intelligent, rational, scientific and rigorously logical debate about abortion. Abortion which was first legalized by the evil Soviets & Nazis specifically because neither believed that killing humans is wrong. A proper, intelligent and intellectually honest Human-Rights-educated Abortion Debate (Human Rights for All Humans Debate) has never occurred, neither in the author's country nor anywhere else. Pro-Life Equals Pro-Democracy is William Baptiste's initial contribution to an honest, intelligent dialogue which actually considers and does not ignore established facts of Human Rights History and Biological Science; a dialogue which is conducted honestly according to sound logic, avoiding the logical fallacies of the intellectually dishonest (which

include every single argument typically proposed for legal abortion). Pro-Life Equals Pro-Democracy with its Intellectual Honesty Challenge intends to both ACTUALLY START and SUCCESSFULLY END the Human Rights for All Humans Debate (the Abortion Debate) Once and For All; and Proclaims THE THINKING REVOLUTION to Protect Free Democracy For Centuries. When judged according to the objective standards of Science and Logic - and undisputed facts of Human Rights History - the Pro-Choice position for legal abortion is revealed as not even remotely intellectually defensible, and not even remotely acceptable in a LASTING democracy, which can only last on Democracy's historic Pro-Life foundations. As Solzhenitsyn challenged the genocidal Marxist Soviet Communist Party, William Baptiste challenges every Pro-Choice Political Party which follows their legal human-killing abortion precedent to account for themselves before the public and repent of their totalitarian legal human-killing abortion evil - as intellectual honesty demands.

The work which we propose to treat of here in translation is entitled *Rijixions sur la formation et la distribution des richesses*, the best known of the works of Turgot, the finance minister of Louis XVI, and an acknowledged precursor of the revolution of 1789.1 For simplicity's sake we shall abridge two brief enough accounts of the life and work of - ANNE-ROBERT JACQ. UES TURGOT, MARQ. UIS DE L'AULNE, born 10 May, 1727, to a family that passed over into Nonnandy at the time of the Crusades. Saint Turgot (1045-1115), Abbot of the monastery of Dunelm and bishop of St. Andrew, was minister to Malcolm III. Anne-Robert's father, Michel-Etienne, distinguished for many civic improvements, was Prevost of the merchants of Paris. His brother, Etienne-Francois, a noted commander general of Malta, founded the Royal Society of Agriculture. Anne-Robert entered the Sorbonne, and while a Prior there in 1750 delivered two Discours, in the second of which he foresaw the fate of America, saying, "The Colonies are like fruits which will not cling to the vine long enough to ripen." Councillor to the Parlement of Paris, 1752. Master of Requests there, 1753. Intendant of the Generaliti of Limoges, 1761. Minister of Marine, 1774

Fulke Greville's reputation has always been overshadowed by that of his more famous friend, Philip Sidney, a legacy due in part to Greville's complex moulding of his authorial persona as Achates to Sidney's Aeneas, and in part to the formidable complexity of his poetry and prose. This volume seeks to vindicate Greville's 'obscurity' as an intrinsic feature of his poetic thinking, and as a privileged site of interpretation. The seventeen essays shed new light on Greville's poetry,

philosophy, and dramatic work. They investigate his examination of monarchy and sovereignty; grace, salvation, and the nature of evil; the power of poetry and the vagaries of desire, and they offer a reconsideration of his reputation and afterlife in his own century, and beyond. The volume explores the connections between poetic form and philosophy, and argues that Greville's poetic experiments and meditations on form convey penetrating, and strikingly original contributions to poetics, political thought, and philosophy. Highlighting stylistic features of his poetic style, such as his mastery of the caesura and of the feminine ending; his love of paradox, ambiguity, and double meanings; his complex metaphoricity and dense, challenging syntax, these essays reveal how Greville's work invites us to revisit and rethink many of the orthodoxies about the culture of post-Reformation England, including the shape of political argument, and the forms and boundaries of religious belief and identity.

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing

best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com
