Song of the Prairie Turtleback Books

Alexandros, a prince of Macedon, has been a pawn in his parents' battle for power from his earliest memories. His whole life in the cut-throat world of the royal court has been spent walking the knife edge of their warring demands, balancing his duty to King Philippos' legacy with his obligations to his mother Olympias and her fierce ambitions, rarely seen as a person in his own right. While tending his horse, he has a chance encounter with Hephaistion, a boy from the back hills who says exactly what he thinks and who sees Alexandros in a way no one else ever has. Hephaistion arrived for training at the Royal Page School in Pella with one goal: to make his father proud. But the maddening boy he unceremoniously meets on Pella's training fields turns Hephaistion's world upside down. Alexandros is exceptional in every way, and unlike anyone he has ever met before, and their close friendship drags Hephaistion into the world of the royal court where intrigue, infighting, and politics put their lives on the line. Hephaistion is unprepared to find himself so close to the heart of the royal household, and Alexandros is reluctant to put his complete trust in anyone after growing up surrounded by treachery. As they navigate the dangers of the court and the world around them, a relationship born out of chance becomes the foundation of an empire. Their friendship marks the start of a journey beyond the bounds of the world they know, beyond even any world they could imagine, and into legend.

Believing that vocations are not inherently antithetical to Christian commitment, Mark Slomka has written 52 brief but energizing weekly devotional chapters that encourage, release and challenge men to be God's person in all situations, but particularly the workplace. Already a proven tool in the lives of hundreds of men who received them via e-mail, these straightforward reflections are not intended to replace regular Bible reading and prayer. Instead, they might become a Wednesday private appointment with God or discussion starter for a group lunch or breakfast with other believers.

The Tower of Babel Harvest House Publishers

When the covenant was made with the Hunter God, all who dwell in Breodanir swore to abide by it. The Hunter Lords—and the hunting dogs to which their minds were specially attuned—would seek out game in the God's woods to provide food for their people, and the Hunter God would ensure that the Hunters, the land, and the people prospered. But in payment, once a year the Sacred Hunt must be called, the God's own Hunt in which the prey became one of the Lords, or his huntbrother. This was the Hunter's Oath, sworn by each Lord and his huntbrother—the companion chosen from the common folk to remind each Lord of his own ties to humanity. It was the Oath pledged in blood by Gilliam of Elseth and the orphan boy Stepehn—and the fulfillment of that Oath would lead them to the kind of destiny from which legends were made...
