The Writings of "Fiona Macleod" [pseud.] DigiCat

Laura Brandon's promise to her dying father was simple: to visit an elderly woman she'd never heard of before. A woman who remembers nothing—except the distant past. Visiting Sarah Tolley seemed a small enough sacrifice to make. But Laura's promise results in another death. Her husband's. And after their five-year-old daughter, Emma, witnesses her father's suicide, Emma refuses to talk about it...to talk at all. Frantic and guilt ridden, Laura contacts the only person who may be able to help. A man she's met only once—six years before. A man who doesn't know he's Emma's real father. Guided only by a child's silence and an old woman's fading memories, the two unravel a tale of love and despair, of bravery and unspeakable evil. A tale that's shrouded in silence...and that unbelievably links them all.

God's silence during the passion is certainly a silence towards man, but in particular God was silent towards Christ in his perfect and complete humanity. It is also the silence of the Father towards the Son . . . At first sight this silence is troubling and perhaps shocking, suggesting that God is in fact absent. However, the author invites us to go beyond this first impression--and the silence turns out to be of tremendous richness, overwhelming depth, and surprising beauty. We are invited to refocus our attention and discover what the Father is saying in a completely new way. These pages sing with love for God, and our meditation of the passion narratives draws us into deep contemplation of the One they celebrate, the Crucified.

Diarmaid MacCulloch, acknowledged master of the big picture in Christian history, unravels a polyphony of silences from the history of Christianity and beyond. He considers the surprisingly mixed attitudes of Judaism to silence, Jewish and Christian borrowings from Greek explorations of the divine, and the silences which were a feature of Jesus's brief ministry and witness. Besides prayer and mystical contemplation, there are shame and

evasion; careless and purposeful forgetting. Many deliberate silences are revealed: the forgetting of histories which were not useful to later Church authorities (such as the leadership roles of women among the first Christians), or the constant problems which Christianity has faced in dealing honestly with sexuality. Behind all this is the silence of God; and in a deeply personal final chapter, MacCulloch brings a message of optimism for those who still seek God beyond the clamorous noise of over-confident certainties.

When I first saw one of Ashley Unbehagen's images of nature, I was deeply moved. She doesn't just take a picture of something--she enters whatever she photographs and brings you into its radiance. In time, we began to produce one of Ashley's photos with a few words of byline by me and sent them out as monthly reflections for my nonprofit, Red Bird Foundation. Now, five years later, it's been a natural progression to collaborate on this collection of words and light, our joint offering of simple things to awaken the inner heart.

A personal and cultural exploration of silence and its value in our lives—“[an] artful book, mixing autobiography, travel writing, meditation, and essay” (Independent, UK). In her late forties, after a noisy upbringing as one of six children and adulthood as a vocal feminist and mother, Sara Maitland found herself living alone in the country and, to her surprise, falling in love with silence. In this fascinating, intelligent, and beautifully written book, Maitland describes how she began to explore this new love, spending periods of silence in the Sinai desert, the Scottish hills, and a remote cottage on the Isle of Skye. Maitland also delves deep into the rich cultural history of silence, exploring its significance in fairy tale and myth, its importance to the Western and Eastern religious traditions, and its use in psychoanalysis and artistic expression. Her story culminates in her building a hermitage on an isolated moor in Galloway. “Her book is probably unique in its subject, and timely, because good, healing silence is becoming hard to find, and we may not know we need it” (Guardian, UK).

Lucy and Charlie Tuttle agree on one thing: they’re committed to each other for life. Trouble is, neither of them expected life to look like this. While Charlie retired early, Lucy is devoted to a long-term career . . . until the day she has no choice. Forced to retire from her position as music educator in a small Midwestern K-8 school, Lucy can only watch helplessly as the program her father started years ago disintegrates before her eyes. As the music fades and a chasm separates her from the passion of her heart, Lucy wonders if her faith’s song has gone silent, too. The musical score of her life seems to be missing all the notes. When a simple misstep threatens to silence Lucy forever, a young boy and his soundless mother change the way she sees—and hears—everything.

*Breaking The Silence* Princeton University Press

A provocative meditation on the role of silence in Christian tradition by the New York Times bestselling author of Christianity We live in a world dominated by noise. Religion is, for many, a haven from the clamor of everyday life, allowing us to pause for silent contemplation. But as Diarmaid MacCulloch shows, there are many forms of religious silence, from contemplation and prayer to repression and evasion. In his latest work, MacCulloch considers Jesus’s strategic use of silence in his confrontation with Pontius Pilate and traces the impact of the first mystics in Syria on monastic tradition. He discusses the complicated fate of silence in Protestant and evangelical tradition and confronts the more sinister institutional forms of silence. A groundbreaking book by one of our greatest historians, Silence challenges our fundamental views of spirituality and illuminates the deepest mysteries of faith.

From New Zealand's greatest living writer, A History of Silence is a moving and devastating memoir unlike any you have ever read before. A History of Silence is a book about a country and a broken landscape. It's about the devastation in Christchurch, after the 2011 earthquake. It's about how easily we erase stories we find inconvenient. It's about the fault lines which that cataclysmic event opened up in Lloyd Jones' understanding of his own family history. In A History of Silence Jones embarks on a quest for the truth about his family. What happened? Why do there seem to be so few stories? Why are there so few mementos? The answers he finds are completely unexpected and change everything. Lloyd Jones was born in New Zealand in 1955. His best-known novel is Mister Pip, which won the 2007 Commonwealth Writers' Prize, the 2008 Kiriyama Prize Fiction Category, the 2008 Montana Award for Readers Choice, the Montana Fiction Award and the Montana Medal for Fiction or Poetry. It was also shortlisted for the Man Booker Prize, and has been made into a major feature film, directed by Andrew Adamson. His other books include Hand Me Down World, The Book of Fame, Here at the End of the World We Learn to Dance and Biografi. He has also published a collection of short stories, The Man in the Shed. Lloyd Jones lives in Wellington. textpublishing.com.au 'Lloyd Jones is a master storyteller.' Weekend Australian 'Jones is a daring writer who can be relied on to ignore expectation, and is becoming one of the most interesting, honest and thought-provoking novelists working today.' Guardian 'It would be difficult to think of another novelist as original or fearless as...Lloyd Jones.' Monthly 'Poetically observed detail and an affecting evocation of the past will reward readers interested in the way our history (even, or especially, that which we don't know about) can shape us.' Bookseller and Publisher 'A History of Silence quickly establishes itself as a captivating memoir...Jones has written a brave and remarkable tribute to his forbears.' Readings Monthly 'Memoir shrinks themes and holds them close to the bone. It brings out the poet in Jones as he scours family letters and bureaucratic records in New Zealand and Wales for clues. It's a meandering investigation...but with Jones the meandering is a pleasurable experience, gently paced and

studded with lovely phrasing.' Weekend Australian 'The stories Jones uncovers speak of loss, displacement, unbearable sadness, but also courage.' Canberra Times 'Honest and thought-provoking.' Sydney Morning Herald/Saturday Age 'Jones skilfully gives the reader the point of view of the growing child making the best of things in a charmless Wellington suburb, but as the child becomes the man...the book gathers an urgency and poignancy that at times becomes as painful as pulling flesh across barbed wire, and we become aware the lineaments of grand tragedy can be found in the back streets of Lower Hutt.' From the author of *The Bone Keeper* comes *The Silence*, another sinister psychological thriller of secrets, revenge, and a lurking serial killer. We killed a stranger and covered it up. It was supposed to be our last weekend away as friends, before marriage and respectability beckoned. But what happened that Saturday changed everything. The six of us promised we would never tell anyone about the body we buried, even when we realized our victim was a serial killer. But now the silence has been broken. And the killing has started again... A twisted thriller that asks if we ever truly know our friends, and just how high price is for our silence.

"To hear silence is to find stillness in the midst of the restlessness that makes creative life possible and the inescapability of death acceptable." So writes Mark C. Taylor in his latest book, a philosophy of silence for our nervous, chattering age. How do we find silence—and more importantly, how do we understand it—amid the incessant buzz of the networks that enmesh us? Have we forgotten how to listen to each other, to recognize the virtues of modesty and reticence, and to appreciate the resonance of silence? Are we less prepared than ever for the ultimate silence that awaits us all? Taylor wants us to pause long enough to hear what is not said and to attend to what remains unsayable. In his account, our way to hearing silence is, paradoxically, to see it. He explores the many variations of silence by considering the work of leading modern and postmodern visual artists, including Barnett Newman, Ad Reinhardt, James Turrell, and Anish Kapoor. Developing the insights of philosophers, theologians, writers, and composers, Taylor weaves a rich narrative modeled on the Stations of the Cross. His chapter titles suggest our positions toward silence: Without. Before. From. Beyond. Against. Within. Between. Toward. Around. With. In. Recasting Hegel's phenomenology of spirit and Kierkegaard's stages on life's way, Taylor translates the traditional Via Dolorosa into a Nietzschean Via Jubilosa that affirms light in the midst of darkness. Seeing Silence is a thoughtful meditation that invites readers to linger long enough to see silence, and, in this way, perhaps to hear once again the wordless Word that once was named "God."

"Finding silence amidst restlessness is what makes creative life possible—and death comprehensible. But how do we find—more importantly, how do we "understand"—silence while immersed in the chattering of the digital age? Have we forgotten how to listen? Are we less prepared than ever for the ultimate silence that awaits us all? Mark C. Taylor's new book is a philosophy of silence for our nervous, buzzing present, a timely work for a world where noise is a means of distraction, domination, and control. Here Taylor asks the reader to pause long enough to hear what is not said, and to attend to what remains unsayable. But in his account, our way to "hearing" silence is to "see" it: Taylor explores variations of silence by considering the work of leading modern and postmodern visual artists, from Barnett Newman and Ad Reinhardt to James Turrell and Anish Kapoor. Drawing also on the insights of philosophers, theologians, writers, and composers, he weaves a rich narrative modeled on the Stations of the Cross. "We come from and return to silence; in between, silence is the gap, hesitation, interval that allows thoughts to form and words to emerge," he writes. His chapter titles suggest our positions toward silence—or rather, our pre-positions: Without. Before. From. Beyond. Against. Within. Around. Between. Toward. With. In. Recasting Hegel's phenomenology of spirit and Kierkegaard's stages on life's way, Taylor translates the traditional "Via Dolorosa" into a Nietzschean "Via Jubilosa" that affirms silence in the midst of noise, light in the midst of darkness"--

While still a teenager, Patrick Leigh Fermor made his way across Europe, as recounted in his classic memoirs, *A Time of Gifts* and *Between the Woods and the Water*. During World War II, he fought with local partisans against the Nazi occupiers of Crete. But in *A Time to Keep Silence*, Leigh Fermor writes about a more inward journey, describing his several sojourns in some of Europe's oldest and most venerable monasteries. He stays at the Abbey of St. Wandrille, a great repository of art and learning; at Solesmes, famous for its revival of Gregorian chant; and at the deeply ascetic Trappist monastery of La Grande Trappe, where monks take a vow of silence. Finally, he visits the rock monasteries of Cappadocia, hewn from the stony spires of a moonlike landscape, where he seeks some trace of the life of the earliest Christian anchorites. More than a history or travel journal, however, this beautiful short book is a meditation on the meaning of silence and solitude for modern life. Leigh Fermor writes, "In the seclusion of a cell—an existence whose quietness is only varied by the silent meals, the solemnity of ritual, and long solitary walks in the woods—the troubled waters of the mind grow still and clear, and much that is hidden away and all that clouds it floats to the surface and can be skimmed away; and after a time one reaches a state of peace that is unthought of in the ordinary world."

In ancient Greece, the spoken word connoted power, whether in the free speech accorded to citizens or in the voice of the poet, whose song was thought to know no earthly bounds. But how did silence fit into the mental framework of a society that valued speech so highly? Here Silvia Montiglio provides the first comprehensive investigation into silence as a distinctive and meaningful phenomenon in archaic and classical Greece. Arguing that the notion of silence is not a universal given but is rather situated in a complex network of associations and values, Montiglio seeks to establish general principles for understanding silence through analyses of cultural practices, including religion, literature, and law. Unlike the silence of a Christian before an ineffable God, which signifies the uselessness of words, silence in Greek religion paradoxically expresses the power of logos—for example, during prayer and sacrifice, it serves as a shield against words that could offend the gods. Montiglio goes on to explore silence in the world of the epic hero, where words are equated with action and their absence signals paralysis or tension in power relationships. Her other examples include oratory, a practice in which citizens must balance their words with silence in very complex ways in order to show that they do not abuse their right to speak. Inquiries into lyric poetry, drama, medical writings, and historiography round out this unprecedented study, revealing silence as a force in its own right.

In this memoir, Walter Ziffer, a Holocaust survivor born in Czechoslovakia in 1927, recounts his boyhood experiences, the Polish and later German invasions of his hometown, the destruction of his synagogue, his Jewish community's forced move into a ghetto, and his 1942 deportation and ensuing experiences in eight Nazi concentration and slave labor camps. In 1945, Ziffer returned to his hometown, trained as a mechanic and later emigrated to the US where he converted to Christianity, married, graduated from Vanderbilt University with an engineering degree, worked for General Motors before becoming a Christian minister. He taught and preached in Ohio, France, Washington DC and Belgium. He later returned to Judaism and considers himself a Jewish secular humanist. "The compelling story of an unfolding life carried by an insatiable search for meaning." — Mahan Siler, retired Baptist minister "In Walter Ziffer's beautifully written new book, you will learn of Walter's complex life journey, and you may experience, thanks to his skillfully told story and clearly articulated questions and insights, a sense of his presence, the presence of a great man who finds in his own story lessons important for the rest of us, especially now." —Richard Chess, Director, The Center for Jewish Studies at UNC Asheville "A powerful and unique addition to the literature of the Holocaust. Walter Ziffer's memoir not only recounts his own personal resilience and survival of the camps, but also his own unusual spiritual journey in which he both becomes a Christian minister while retaining his quintessential Jewish identity. This is a learned, well-crafted, and fascinating new dimension to this literature." — Michael Sartisky, President Emeritus, Louisiana Endowment for the Humanities "The Holocaust portion [of this memoir]... is as true and chilling as a parent's last words. His tale-telling prowess makes as strong a mental impression as it makes a factual one." — Rob Neufeld, Asheville Citizen-Times

The poems of Robert Bly are rooted deep in the earth. Snow and sunshine, barns and cornfields and cars on the empty nighttime roads, abandoned Minnesota lakes and the mood of America now—these are his materials. He sees and talks clearly: he uses no rhetoric nor mannered striving for effect, but instead the simple statement that in nine lines can embody a mood, reveal a profound truth, illuminate in an important way the inward and hidden life. This is a poet of the modern world, thoroughly aware of the complexities of the moment but equally mindful of the great stream of life—all life—of which mankind is only a part.
