SHYANNE JOSEPH

Sombulus De Agostini

A cheeky, sophisticated, and strikingly illustrated guide that leaves generic English reference books in the dust When prominent Barcelona-based illustrator Luci Gutiérrez found herself tuning out in English class, she used her love of drawing to help retain what she'd learned. Ditching the kind of bland and useless phrases that fill most English textbooks, Gutiérrez uses whimsical characters, cheeky dialogue, and even insults to bring vocabulary, grammar, and usage topics to life. Nearly

forty-seven million people in the United States speak a language other than English at home, and even most native speakers struggle with subtle distinctions, such as when to use "whether" as opposed to "if." (For example: I wonder whether I should have added a little more poison to his tea.) Already published to wide acclaim abroad, *English Is Not Easy* is sure to delight grammar mavens and students of English in America.

The Doppelgänger Penguin

Describes the physical characteristics, diet, behavior, and life cycle of the ladybug.

[Le origini \(Miraculous: le storie di Ladybug e Chat Noir\)](#) Little, Brown Books for Young Readers

They thought it was the end of all the madness. One murder last year was enough, but a murder by someone unknown is worse. Everyone in the school had a reason to kill Jack Denver. He was hated by almost everyone. Anyone could have done it, anyone could be lying. Everyone at the school are all suspects.

Cataclysm De Agostini

Intelligent algorithms are already well on their way to making white collar jobs obsolete: travel agents, data-analysts, and paralegals are currently in the firing line. In the near future, doctors, taxi-drivers and ironically even computer programmers are poised to be replaced by 'robots'. Without a radical reassessment of our economic and political structures, we

risk the very implosion of the capitalist economy itself. In *The Rise of the Robots*, technology expert Martin Ford systematically outlines the achievements of artificial intelligence and uses a wealth of economic data to illustrate the terrifying societal implications. From health and education to finance and technology, his warning is stark – all jobs that are on some level routine are likely to eventually be automated, resulting in the death of traditional careers and a hollowed-out middle class. The robots are coming and we have to decide – now – whether the future will bring prosperity or catastrophe.

La burattinaia (Miraculous: le storie di Ladybug e Chat Noir) Planeta Infantil México

The Doppelgänger - the double, twin, mirror image or alter ego of someone else - is a universal theme that has been prevalent in German culture since the Romantic period. This volume explores the phenomenon of the double in multiple aspects of German visual culture, from painting and classical ballet to film and photography.

"Tom is not prepared for what is about to happen when he hears the grandfather clock strike thirteen. Outside the back door is a garden, which everyone tells him does not exist."--Page 4 de la couverture.

Miraculous. Las aventuras de Ladybug. Sapotis Harvard University Press

Steve Coogan was born and raised in Manchester in the 1960s, the fourth of six children. From an early age he entertained his family with impressions and was often told he should 'be on the telly'. Failing to get into any of the London-based drama schools, he accepted a place at Manchester Polytechnic School of Theatre and before graduating had been given his first break as a voice artist on the satirical puppet show Spitting Image. The late eighties and early nineties saw Coogan developing characters he could perform on the comedy circuit, from Ernest Moss to Paul Calf, and in 1992 he won a Perrier award with John Thomson. It was around the same time, while working with Armando Iannucci and Patrick Marber on

On The Hour and The Day Today, that Alan Partridge emerged, almost fully formed. Coogan, once a tabloid fixture, is now a respected film actor, writer and producer. He runs his own production company, Baby Cow, has a raft of films to his name (from 24 Hour Party People to Alpha Papa, the critically-acclaimed Partridge film), six Baftas and seven Comedy Awards. He has found huge success in recent years with both The Trip and Philomena, the latter bringing him two Oscar nominations, for producing and co-writing. In Easily Distracted he lifts the lid on the real Steve Coogan, writing with distinctive humour and an unexpected candour about a noisy childhood surrounded by foster kids, his attention-seeking teenage years and his emergence as a household name with the birth of Alan Partridge.
