A powerful guide for every woman looking to find—or amplify—her voice Most books about public speaking don't tell you what to do when you open your mouth and nothing comes out. And they don't tell you how to get over the performance anxiety that most people naturally have. They don't tell you what to do in the moments when you are made, as a woman, to feel small. They don't tell you how to own the room. This book does. From the way Michelle Obama projects "happy high status," and the power of J.K.Rowling's understated speaking style, to Virginia Woolf's leisurely pacing and Oprah Winfrey's mastery of inner conviction, what is it that our heroines do to make us sit up and listen - really listen - to their every word? And how can you achieve that impact in your own life? How to Own the Room will show you exactly how.

This successful textbook on the psychology of communication explains - here in English for the first time - how human communication works in a very understandable way. It begins with the explanation of central terms and the explanation of known communication models (e.g. the models according to Schulz von Thun, Watzlawick, Hargie and colleagues), then describes means of non-verbal and verbal communication and ends with a clear and structured summary of communication forms. Concrete fields of application, stumbling blocks (e.g. intercultural differences in communication), practical examples and digressions in the book round off what has been read and consolidate what has been learned. In addition, free learning materials are available on the Internet with which readers can test their knowledge acquisition.

The first book of its kind to describe the art of NMR using everyday examples. This textbook will not only fascinate students wanting to learn about the topic, but also those experienced analytical chemists who are still inspired by their profession. The contents provide for easy reading by using natural products that everyone knows, such as caffeine, backed by an attractive layout with many pictures to visualize the topics. In addition, an in-depth analytical part makes the book a valuable teaching tool, or for self-learning using the questions and answers at the end of each chapter.

Spiele, von denen alle etwas haben - der Bestseller von Englands Familienbloggerin Nr. 1! Ob an langen Regentagen oder im Lockdown - dieses Buch steckt voller Ideen, die Eltern in nur fünf Minuten entspannt umsetzen können. Das Material

dafür ist in jedem Haushalt zu finden. Mit ihren genial einfachen, zu Hause getesteten Spielen und Aktivitäten wurde die Autorin Daisy Upton zu Englands beliebtester Familienbloggerin. Nun gibt es ihr Ideenbuch mit den 150 besten Spielen für Eltern mit Kindern von eins bis fünf Jahren endlich auf Deutsch. Manche Spiele sind zum gemeinsamen Spielen - damit bekommen auch die Großen etwas vom Spaß ab. Andere sind dafür da, die Kleinen allein spielen zu lassen, damit Eltern zumindest fünf Minuten etwas anderes tun können. Jedes der alltagstauglichen Spiele wird verständlich beschrieben. Icons zeichnen jeweils die beförderten Fähigkeiten und das Alter der Kinder aus: Hier wird zum Sprechen angeregt, dort schon zum Lesen. Mal wird an Spieleklassiker wie Papierflieger bis Bingo erinnert, mal werden verblüffende Einfälle ausprobiert - einen ABC-Parkplatz bauen oder ein Buch zum Leben erwecken. Die Autorin greift für ihren Elternratgeber auf ihre Erfahrung als Lehrassistentin zurück, als sie Kinder mit unterschiedlichen Lernproblemen inspiriert haben. Vor allem schöpft sie aber aus dem Alltag mit ihren beiden Kindern. Von ihnen hat sie gelernt, dass frühkindliche Förderung einfach sein und immer vom Kind ausgehen sollte. Denn das ist der beste Weg, um Kindern etwas beibringen, ohne dass es sich für sie nach Lernen anfühlt. Die Spiele bauen viele der Fähigkeiten auf, die in der Frühförderung bis zum Eintritt in die Grundschule wichtig sind. Dafür reichen oft schon fünf Minuten. Aus dem Englischen von Ulrike Schimming.

 Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of *Modern German Grammar Workbook* (ISBN 978-0-415-56725-1)

which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies – all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

This is the first English-language edition of Klingsor's *Last Summer*, which was originally published in 1920, a year after *Demian* and two years before *Siddhartha*. The book has three parts: a story called *A Child's Heart*, followed by Klein and Wagner and Klingsor's *Last Summer*, Hesse's two longest and finest novellas. These novellas, along with *Siddhartha* (the three works were republished in 1931 under the title *The Inward Way*), are the first fruits of the period that began in the spring of 1919, when Hesse settled in the Ticino mountain village of Montagnola to start a new life without his wife and children. *A Child's Heart*, written in January 1919, in Basel, concerns the transmutation of a boy's innocence into knowledge of good and evil, and the painful guilt that accompanies this process. Both Klein and Wagner (written in May-June 1919, immediately after the arrival in Montagnola) and Klingsor's *Last Summer* (written shortly after) are set in a southern landscape that reflects Hesse's life that summer; both novellas have heroes who are more or less Hesse's age at the time; and in both the hero's death is preceded by a grand vision of unity in which the polarities of life are resolved. Hesse exposes himself mercilessly in Klein and Wagner, a story of escape, wrenching loose, letting go. But the expressionist painter Klingsor is a more direct self-portrait of the Hesse of 1919.

Now in paperback, the touching, timely story of an Iraqi refugee in Germany. In our era of mass migration, much of it driven by war and its aftermath, *A Slap in the Face* could not be more timely. It tells the story of Karim, an Iraqi refugee living in Germany whose right to asylum has been revoked in the wake of Saddam Hussein's defeat. But Hussein wasn't the only reason Karim left, and as Abbas Khider unfolds his story, we learn both the secret struggles he faced in his homeland and the battles with prejudice, distrust, poverty, and bureaucracy he has to endure in his attempts to make a new life in Germany. As he erupts in frustration at his caseworker, and finally forces her to listen to his story, we get an account of a contemporary life upended by politics and violence, told with a warmth and humor that, while surprising us, does nothing to lessen the outrages Karim describes.

Berichte über die Verhandlungen der Königlich Sächsischen Gesellschaft der Wissenschaften zu Leipzig

Hedwig Dohm (1831-1919) was a thinker and writer significantly ahead of her time. She championed women's rights in Germany and criticized with acerbic wit the social, political, and familial inequities inherent in gender relationships at the time of the first wave of the women's movement. Her novella *Become Who You Are* is about a woman, Agnes Schmidt, whose husband has died and who is grappling with finding an identity for herself as an aging widow--reflecting the restrictions imposed especially on aging, widowed women who often yearn for a life and identity of their own. Also included here is the English translation of Dohm's essay, "The Old Woman," which is a compelling call for women to resist the social, intellectual, psychological, and physical restraints placed on women of Dohm's time.
