*Poetry For Kids* Farrar, Straus and Giroux  
Our Forever Angel pulls no punches with its candor. Author Barb Scholz openly shares stories about how she and her children survived their loss of husband-father, Troy, to suicide. By disclosing what she has learned, this book will help others through their experience with suicide. In addition to personal experiences, a wealth of information is included from a counseling perspective. A veteran professor of thirty-two years, in the

counseling department at the University of Nebraska Omaha, reviewed the work of the author and contributions were given from a clinical perspective. The combination of personal stories and clinical information makes this book more useful than any book containing either of these without the other. The clinical information is based on years of research, and the personal stories make it real. A few topics covered are: answering the question why; allowing yourself to be happy again; helping your kids get through it; suicide happens to "normal" families; how faith can help; and choosing to become stronger rather than letting it

consume you. Our Forever Angel offers empathy and hope, tugging readers to new heights of understanding, and encouraging survivors to rebuild lives and put the past where it rightfully belongs: behind them.

*Love, Sex, and Romance: Beautiful Love Poems for the Heart* Penguin

A collection of humorous poetry for children, including some original treatments of familiar nursery rhymes.

*Waves of You* Pan Macmillan

A stunning new collection by the award-winning young poet and translator Like, that currency of social media, is a little word with infinite potential; it can be

nearly any part of speech. Without it, there is no simile, that engine of the lyric poem, the lyre's note in the epic. A poem can hardly exist otherwise. In this new collection, her most ambitious to date, A. E. Stallings continues her archeology of the domestic, her odyssey through myth and motherhood in received and invented forms, from sonnets to syllabics. Stallings also eschews the poetry volume's conventional sections for the arbitrary order of the alphabet. Contemporary Athens itself, a place never dull during the economic and migration crises of recent years, shakes off the dust of history and emerges as a vibrant character. Known for her wry and musical lyric poems, Stallings here explores her themes in greater depth, including the bravura performance *Lost and Found*, a meditation in ottava rima on a parent's sublunary dance with daily-ness and time, set in the moon's Valley of Lost Things.

Alex Dimitrov's third book, *Love and Other Poems*, is full of praise for the world we live in. Taking time as an overarching structure—specifically, the twelve months of the year—Dimitrov elevates the everyday, and speaks directly to the reader as if the poem were a phone call or a text message. From the personal to the cosmos, the moon to New York City, the speaker is convinced that love is “our best invention.” Dimitrov doesn't resist joy, even in despair. These poems are curious about who we are as people and shamelessly interested in hope.

Readers have called her work “life changing,” “pandemic medicine,” and “part of my daily ritual.” Oprah Magazine and the Today Show have featured her work for its timely, uplifting wisdom. Now, Self Love Philosopher Melody Godfred shares her first poetry book, *Self Love Poetry: For Thinkers & Feelers*, a collection of 200 thought-provoking and heart-opening self love poems. In *Self Love Poetry*, Godfred explores concepts like authenticity, surrender, resilience, gratitude, believing in yourself, and of course, love, through 100 pairs of poems, each dedicated to a central theme. On the

left side of the book are "thinker" poems that light up the analytical, more literal, left side of the brain, and on the right side are companion "feeler" poems that speak to the creative, more emotional right side of the brain. Combined, the poems electrify the mind, body and soul through a completely unique poetry experience that inspires each of us to embrace all parts of ourselves. This empowering poetry book will not only engage you to think and feel, but will make you feel seen, show you how to love yourself, and encourage you to seek out the hope and beauty in the world ... and in yourself. It's the perfect gift for yourself or someone you love, especially after a most difficult year.
