-When his sword hand was struck off, his legend began- Based on the true life of the Baron Goetz von Berlichingen the Iron Hand, the most infamous Imperial knight of the Holy Roman Empire, who marauded through 16th-century Reformation Germany with a prosthetic iron hand. Schoental Abbey, Franconia, 1562. At the end of his long life, a dying Baron Goetz von Berlichingen the Iron Hand travels to his ancestral tomb to seek absolution for his sins. Before he can be buried in his family crypt, the sins of his life must be confessed. Enlisting the services of a Cistercian monk in order to record a narrative of his life as a robber-knight, and hopeful that his confession will not only prove his piety, but will lead to his soul's redemption- what follows is an epic that spans the entire life of the outlaw knight. The confessional journey they take together may lead to redemption- or condemnation- for both of their souls. „Tom Krupp bietet mit seinem Roman eine zeitgemäÙe literarische Verarbeitung der schon seit Jahrhunderten die Gemüter bewegenden Biographie Götz von Berlichingens, wenn ich recht sehe, die allererste überhaupt, die jenseits des Atlantiks entstanden ist.“ -Dr. Prof. Kurt Andermann, Albert-Ludwigs-Universität Freiburg im Breisgau

The 17th Waffen-SS Panzergrenadier Division "Götz von Berlichingen" was one of the few SS formations to be employed exclusively on the western front during World War II. From the time of its formation in France in 1943, "Götz von Berlichingen" saw bitter and bloody fighting in Normandy, the Seine front, Metz, the Saar, the Palatinate, and later the defense of the west wall until the final battles in Germany. Despite the overwhelming superiority of Allied forces, the units that comprised the division always managed to offer dogged resistance, counterattacking ferociously, and defending every foot of ground with great courage and determination. The units of "Götz von Berlichingen" received praise, not only from the German high command, but also earned the respect of its Allied adversaries. In addition, the "Götz von Berlichingen" division was never involved in any war crimes, or in crimes against civilians. Detailed operational history, rare combat images, maps, and personality profiles make this

book the definitive history of "Götz von Berlichingen."

A successful 1773 drama by Goethe, Goetz von Berlichingen was translated by Sir Walter Scott early in his career.

Iphigenia in Tauris Wentworth Press

WHEN YOU LEAST EXPECT IT, BIRNAM WOOD COMES TO DUNSINANE HILL The Risk Theatre Model of Tragedy presents a profoundly original theory of drama that speaks to modern audiences living in an increasingly volatile world driven by artificial intelligence, gene editing, globalization, and mutual assured destruction ideologies. Tragedy, according to risk theatre, puts us face to face with the unexpected implications of our actions by simulating the profound impact of highly improbable events. In this book, classicist Edwin Wong shows how tragedy imitates reality: heroes, by taking inordinate risks, trigger devastating low-probability, high-consequence outcomes. Such a theatre forces audiences to ask themselves a most timely question---what happens when the perfect bet goes wrong? Not only does Wong reinterpret classic tragedies from Aeschylus to O'Neill through the risk theatre lens, he also invites dramatists to create tomorrow's theatre. As the world becomes increasingly unpredictable, the most compelling dramas will be high-stakes tragedies that dramatize the unintended consequences of today's risk takers who are taking us past the point of no return.

Gotz Von Berlichingen Legare Street Press

"Goetz von Berlichingen with the Iron Hand" is a play written by Goethe that tells the story of the historical figure Gottfried von Berlichingen, a knight known for his iron prosthetic hand. The play explores themes of individual freedom, honor, and rebellion against social and political constraints. It was one of Goethe's earliest works to achieve significant recognition and popularity, establishing him as a prominent playwright. The play's powerful and memorable character of Goetz von Berlichingen, with his unyielding spirit and defiance of authority, resonated with audiences and became one of Goethe's most iconic creations.

Excerpt from *Goetz Von Berlichingen With the Iron Hand: A Drama in Five Acts* There were, however, a few of the nobles who kept aloof from all leagues; who, being strong enough to defend their own castles and possessions, would not unite themselves with any association which required them to relinquish their individual independence, or acknowledge another superior beside the Emperor; They therefore made enemies of both parties. The higher nobility considered their independence a mere pretence to conceal their connexion with the free booting barons; while these, on the other hand, viewed their Opposition to their League as an Open declaration of hostility, and assaulted and pillaged them whenever an opportunity presented itself. This is the 2nd, revised, edition of the English translation of the autobiography of the German 16th century knight, Gotz von Berlichingen. It is his account of his adult life, his battles, his feuds, and, in general, the life of men of his station in life in the 16th century. This edition varies from the 1st edition by the addition of details and illustrations of the famous iron hand.

GÖTZ VON BERLICHINGEN (Autobiography of a 16th Century German Knight) Forgotten Books

Gottfried "Götz" von Berlichingen, the Knight of the Iron Hand, was one of the last great medieval knights of history. Born in the year 1480, Götz came of age in an era of great change, both in

his native German lands and the wider world. The Reformation would fundamentally change the landscape of political power in Europe, and the ensuing wars would tear the continent apart. Yet, for a time, Götz' world remained true to its feudal history, and Götz himself participated in many feuds and conflicts. A good friend and a terrible enemy, Götz recalls how he fought and struggled in the internal politics of Germany, which pitted princes and lords against one another over land, titles, and wealth. He crosses paths (and sometimes swords) with other famous knights, esteemed princes, and, on more than one occasion, with the Holy Roman Emperor himself. Campaigning with the Imperial army abroad in France, Switzerland, and Hungary, he often survived on nothing more than his wits and his prowess in battle. His legacy as a folk hero lived on long after his death, inspiring Johann Wolfgang von Goethe to write a play based on his life, and becoming the namesake of the 17th SS-Panzer Grenadier-Division "Götz von Berlichingen" in the Second World War. Before his death Götz von Berlichingen wrote down his unique story in an autobiographical account of one of Europe's most notable medieval knights. Translated from the original 1567 manuscript, Antelope Hill is proud to present *The Autobiography of Sir Götz von Berlichingen*, available for the first time ever to the English reader. Although politics and military technology may have changed since the time of this famous knight, one thing remains the same, that honor, bravery, and loyalty count for much, even for a man of humble beginnings.

Works: *Iphigenia in Tauris*. Torquato Tasso. *Goetz von Berlichingen. The fellow culprits*

Gotz von Berlichingen's autobiography is the first autobiography of a German knight. It was originally published between 1556 and 1562. Gotz was known for the fact that he lost his right hand in battle and had it replaced by an iron prosthesis which was so cleverly crafted that he could still use his sword with it. He is also well-known for his famous quote made to one of his enemies, "Lick (kiss) my ass." This work discusses his many feuds and battles, his participation in the peasant's war, and an invasion of France. This is the only English translation of this work.
