KIRK JEFFERSON	

The Red Book: A Reader's Edition AuthorHouse

The New York Times bestseller from the author of Watchmen and V for Vendetta finally appears in a one-volume paperback. Begging comparisons to Tolstoy and Joyce, this “magnificent, sprawling cosmic epic” (Guardian) by Alan Moore—the genre-defying, “groundbreaking, hairy genius of our generation” (NPR)—takes its place among the most notable works of contemporary English literature. In decaying Northampton, eternity loiters between housing projects. Among saints, kings, prostitutes, and derelicts, a timeline unravels: second-century fiends wait in urine-scented stairwells, delinquent specters undermine a century with tunnels, and in upstairs parlors, laborers with golden blood reduce fate to a snooker tournament. Through the labyrinthine streets and pages of Jerusalem tread ghosts singing hymns of wealth and poverty. They celebrate the English language, challenge mortality post-Einstein, and insist upon their slum as Blake’s eternal holy city in “Moore’s apotheosis, a fourth-dimensional symphony” (Entertainment Weekly). This “brilliant . . . monumentally ambitious” tale from the gutter is “a massive literary achievement for our time—and maybe for all times simultaneously” (Washington Post).

The Messiah Before Jesus Yale University Press

The Role of Consciousness in Governance explains how the Divine Will and Plan for Humanity must be manifested on Earth through the governments of all countries. For the Divine destiny of Humanity to become a reality, the governments on Earth must be perfect reflections of the one Above. The book reveals that the Spiritual Hierarchy, consisting of Adepts and Initiates, which has always had the responsibility for guiding the affairs of Humanity, is now no longer operating in secret due to the recognition and acceptance by Humanity of their existence and function which is a direct result of mans evolving awareness and consciousness. This Spiritual Hierarchy constitutes the New World Order, whose nucleus is now on Planet Earth and represents a new species of organic life. The book concludes by explaining both the pivotal role the United States of America plays in fulfilling the Divine Plan for the planet, and the creation of the New World Order, in order to establish the Kingdom of Heaven on Earth. This is demonstrated by the importance of the esoteric document, the Declaration Independence, which was given to the USA to guide Humanity towards enlightenment.

From Stone to Flesh Createspace Independent Publishing Platform

Offering readers a fascinating glimpse of life and religious belief in first-century Palestine, the author analyzes the mysterious "suffering servant" described in the Dead Sea scrolls, a messianic figure with remarkable similarities to Jesus.

From a Ruined Garden, Second Expanded Edition North Atlantic Books

Mass communication has long been recognized as an important contributor to national identity and nation building. This book examines the relationship between media and nationalism in Israel, arguing that, in comparison to other countries, the Israeli case is unique. It explores the roots and evolution of newspapers, journalism, radio, television, and the debut of the Internet on both the cultural and the institutional levels, and examines milestones in the socio-political development of Hebrew and Israeli mass communication. In evaluating the technological changes in the media, the book shows how such shifts contribute to segmentation and fragmentation in the age of globalization.

Closing of the American Mind Univ of California Press

A captivating journey through the hidden libraries of Jerusalem, where some of the world’s most enduring ideas were put into words In this enthralling book, Merav Mack and Benjamin Balint explore Jerusalem’s libraries to tell the story of this city as a place where some of the world’s most enduring ideas were put into words. The writers of Jerusalem, although renowned the world over, are not usually thought of as a distinct school; their stories as Jerusalemites have never before been woven into a single narrative. Nor have the stories of the custodians, past and present, who safeguard Jerusalem’s literary legacies. By showing how Jerusalem has been imagined by its writers and shelved by its librarians, Mack and Balint tell the untold history of how the peoples of the book have populated the city with texts. In their hands, Jerusalem itself—perched between East and West, antiquity and modernity, violence and piety—comes alive as a kind of labyrinthine library.

Jerusalem BRILL

There is information coming forth from the cutting edge of the brain and mind sciences about a mysterious little organ in the middle of brain known as the pineal gland and an enigmatic substance produced within every human body called DMT. The light these two phenomena shed upon Judaism's most ancient kabbalistic secret - the Foundation Stone in Jerusalem - is truly revelatory and profoundly timely. This book is an extraordinary journey into the experiential roots of consciousness, both personal and global.

[Khirbet Khizeh](#) Random House

Bread from Stones, a highly anticipated book from historian Keith David Watenpaugh, breaks new ground in analyzing the theory and practice of modern humanitarianism. Genocide and mass violence, human trafficking, and the forced displacement of millions in the early twentieth century Eastern Mediterranean form the background for this exploration of humanitarianism’s role in the history of human rights. Watenpaugh’s unique and provocative examination of humanitarian thought and action from a non-Western perspective goes beyond canonical descriptions of relief work and development projects. Employing a wide range of source materials—literary and artistic responses to violence, memoirs, and first-person accounts

from victims, perpetrators, relief workers, and diplomats—Watenpaugh argues that the international answer to the inhumanity of World War I in the Middle East laid the foundation for modern humanitarianism and the specific ways humanitarian groups and international organizations help victims of war, care for trafficked children, and aid refugees. Bread from Stones is required reading for those interested in humanitarianism and its ideological, institutional, and legal origins, as well as the evolution of the movement following the collapse of the Ottoman Empire and the advent of late colonialism in the Middle East.

The Jerusalem Stone of Consciousness Createspace Independent Publishing Platform

A work devoted to the study and characteristics of crowds. An endeavor to examine the difficult problem presented by crowds in a purely scientific matter, proceeding with method, without being influenced by opinions, theories and doctrines. With sections devoted to the mind of crowds, opinions and beliefs of crowds and the classification and description of the different kinds of crowds.

Mass Communication In Israel Simon and Schuster

“David Gemmell tells a tale of very real adventure, the stuff of true epic fantasy.”—R. A. Salvatore, New York Times bestselling author Twenty years have passed since Jon Shannow, the legendary Jerusalem Man, cracked open the gate of time and brought the Deacon and his followers into the world. Twenty years during which Shannow was missing and the Deacon ruled from Unity, intent on building a new promised land . . . in his own image. But the Deacon’s Jerusalem Riders spread their own wave of terror, unleashing bigotry and death, massacring unbelievers and mutants in the name of peace. Until a lone reader appeared, bent on avenging the dead. Wounded, his memory shattered, Shannow combated evil and injustice the only way he knew—head-on, both guns blazing. But would that be enough to stop the mysterious Deacon and his mad crusade? Even if Shannow succeeded, he’d still face the satanic hordes of the Hellborn and their bloodthirsty lord, Sarento, the living embodiment of the stone of power known as the Bloodstone!

The Infinite Mindfield Simon and Schuster

Since the mid-1950s, the psychoactive compound DMT has attracted the attention of experimentalists and prohibitionists, scientists and artists, alchemists and hyperspace emissaries. While most known as a crucial component of the “jungle alchemy” that is ayahuasca, DMT is a unique story unto itself. Until now, this story has remained untold. Mystery School in Hyperspace is the first book to delve into the history of this substance, the discovery of its properties, and the impact it has had on poets, artists, and musicians. DMT has appeared at crucial junctures in countercultural history. William Burroughs was jacking the spice in Tangier at the turn of the 1960s. It was present at the meeting between Ken Kesey’s Merry Pranksters and Tim Leary’s associates. It guided the inception of the Grateful Dead in 1965. It showed up in Berkeley in the same year, falling into the hands of Terence McKenna, who would eventually become its champion in the post-rave neo-psychedelic movement of the 1990s. Its indole vapor drifted through Portugal’s Boom Festival and has been evident at Nevada’s Burning Man, where DMT has been adopted as spiritual technology supplying shape, color, and depth to a visionary art movement. The growing prevalence of use is evident in a vast networked independent research culture, and in its impact on fiction, film, music and metaphysics. As this book traces the effect of DMT’s release into the cultural bloodstream, the results should be of great interest to contemporary readers. The book permits a broad reading audience to join ongoing debates in studies in consciousness and theology where the brain is held to be either a generator or a receiver of consciousness. The implications of the "spirit molecule" or "the brain's own psychedelic" among other theories illustrate that DMT may lift the lid on the Pandora's Box of consciousness. Features a foreword by Dennis McKenna, cover art by Beau Deeley, and thirty color illustrations by various artists, including Alex Grey, Android Jones, Martina Hoffmann, Luke Brown, Carey Thompson, Adam Scott Miller, Randal Roberts, along with Jay Bryan, Cyb, Orryelle Defenestrade-Bascule, Art Van D'lay, Stuart Griggs, Jay Lincoln, Gwyllm Llwydd, Shiptu Shaboo, Marianna Stelmach, and Mister Strange. Regarded as the “nightmare hallucinogen” or celebrated as the “spirit molecule,” labelled “psychotogenic” or “entheogenic,” considered a dangerous drug or the suspected X-factor in the evolution of consciousness, DMT is a powerful enigma. Documenting the scientists and artists drawn into its sphere of influence, navigating the liminal aesthetics of the “breakthrough” experience, tracing the novum of “hyperspace” in esoteric and science fiction currents, Mystery School in Hyperspace excavates the significance of this enigmatic phenomenon in the modern world. Exposing a great many myths, this cultural history reveals how DMT has had a beneficial influence on the lives of those belonging to a vast underground network whose reports and initiatives expose drug war propaganda and shine a light in the shadows. This conversation is highly relevant at a time when significant advances are being made to lift the moratorium on human research with psychedelics.

Mystery School in Hyperspace Northwestern University Press

"Interesting interviews in this book about the future of the world including #degov #bitcoin #crypto." TIM DRAPER, Venture capitalist "A conversation that explores new frontiers of politics and technology, as well as depicts the shadowland of our unfolding strange and ominous future as a species." RICHARD FALK, Public Intellectual CIVILIZATION IN OVERDRIVE: Conversations on the Edge of the Human Future provides an astonishing tour of how the world’s future looks to those likely to know the most about it. Journalist Konrad Stachnio engages 17 experts, global opinion leaders in their respective fields, in discussions on artificial intelligence, finance, the economy, technology, world order, the military, cultural change and more. His well-researched and probing questions draw out striking revelations from his guests on where 21st century civilization is leading us, raising further questions as to whether we want to go there, and if that could be prevented. This book is a plunge into the unexpected, forcing us to bid farewell to

our familiar yet increasingly complex world which is irrevocably disappearing before our eyes and morphing into dimensions even more complex and less comprehensible

Christianity is in crisis in the West. The Inklings friend of C.S. Lewis and J.R.R. Tolkien, Owen Barfield, analysed why. He developed an account of our spiritual predicament that is radical and illuminating. Barfield realized that the human experience of life shifts fundamentally over periods of cultural time. Our perception of nature, the cosmos and the divine changes dramatically across history. Mark Vernon uses this startling insight to tell the inner story of 3000 years of Christianity, beginning from the earliest Biblical times. Drawing, too, on the latest scholarship and spiritual questions of our day, he presents a gripping account of how Christianity constellated a new perception of what it is to be human. For 1500 years, this sense of things informed many lives, though it fell into crisis with the Reformation, scientific revolution and Enlightenment. But the story does not stop there. Barfield realised that there is meaning in the disenchantment and alienation experienced by many people today. It is part of a process that is remaking our sense of participation in the life of nature, the cosmos and the divine. It's a new stage in the evolution of human consciousness.

Man and His Symbols Verso Books

Israelis are bold and visionary, passionate and generous. But they can also be grandiose and self-absorbed. Emerging from the depths of Jewish history and the drama of the Zionist rebellion against it, they have a deeply conflicted identity. They are willing to sacrifice themselves for the collective, but also to sacrifice that very collective for a higher, and likely unattainable, ideal. Resolving these internal conflicts and coming to terms with the trauma of the Holocaust are imperative to Israel's survival as a nation and to the stability of the world. Alon Gratch, a clinical psychologist whose family has lived in Israel for generations, is uniquely positioned to confront these issues. Like the Israeli psyche that Gratch details, The Israeli Mind is both intimate and universal. Intelligent and forthright, compassionate but sometimes maddening, it is an utterly compelling read. Drawing on a broad cultural and historical canvas, and weaving in the author's personal and professional experience, The Israeli Mind presents a provocative, first-hand portrait of the Israeli national character.

The Foundation of Jewish Consciousness Del Rey

The Book of Stone examines the evolution of the terrorist mentality and the complexities of religious extremism, as well as how easily a vulnerable mind can be exploited for dark purposes. Matthew Stone has inherited a troubling legacy: a gangster grandfather and a distant father—who is also a disgraced judge. After his father's death, Matthew is a young man alone. He turns to his father's beloved books for comfort, perceiving within them guidance that leads him to connect with a group of religious extremists. As Matthew immerses himself in this unfamiliar world, the FBI seeks his assistance to foil the group's violent plot. Caught between these powerful forces, haunted by losses past and present, and desperate for redemption, Matthew charts a course of increasing peril—for himself and for everyone around him. Lyrical and incendiary, The Book of Stone is a masterfully crafted novel that reveals the ambiguities of "good" and "evil".

Passion of the Western Mind Oxford University Press on Demand

Will the code reveal history's most powerful weapon for destruction—or humanity's only hope? The living members of Tom Bohannon's band of adventurers gather again in Jerusalem—physically battered, emotionally exhausted, spiritually challenged, and in various stages of shock—to examine a copy of the tenth-century Aleppo Code, the oldest complete text of Jewish scripture. What the clues inside reveal could lead to the reuniting of the Ark of the Covenant with its true source of power, a weapon that could lead to victory for this ragged bunch trying to save the world. This intrepid group will uncover secrets that require them to risk everything for their faith, their country, and the peace of all mankind. The Aleppo Code is a heart-pounding race, an epic story on a grand scale told primarily through the eyes of one man desperately trying to save the world as he follows God's purpose for his life.

[Spinoza on Knowledge and the Human Mind](#) Bantam

Book 1 in the 3-book historical Christian fiction series by the New York Times bestselling author of Redeeming Love and The Masterpiece. The first book in the beloved Mark of the Lion series, A Voice in the Wind brings readers back to the first century and introduces them to a character they will never forget—Hadassah. While wealthy Roman citizens indulge their every whim, Jews and barbarians are bought and sold as slaves and gladiators in the bloodthirsty arena. Amid the depravity around her, a young Jewish slave girl becomes a light in the darkness. Even as she's torn by her love for a handsome aristocrat, Hadassah clings to her faith in the living God for deliverance from the forces of a decadent empire. Includes discussion questions suitable for individual use or group discussions "Francine unlocks the longing in each one of us to connect to God in a deeper, life-changing way. No one reading her books will ever be the same again." —Debbie Macomber "As we 'watch' Hadassah and Atretes struggle through first-century trials, we learn how to handle similar situations in the twenty-first century. The 'costumes' may vary, but our Lord does not change." —Angela Hunt "Francine redefined Christian fiction—honest, unflinching, powerful, life-changing—demonstrating why storytelling is the most effective way to communicate God's truth. Every Christian novelist writing today owes a debt of gratitude to Francine Rivers for lighting the way." —Liz Curtis Higgs "Francine Rivers writes from her heart to touch the hearts of her readers. Her books are essential reading for all who love Christian fiction." —Bodie Thoene "Francine Rivers puts readers right into the history of the moment." —Romantic Times

The Israeli Mind HMH

Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.
