The Anunnaki Matrix
And The creation Of
Man From Cosmic Clay.
GOD DID NOT CREATE

US. Published by Times Square Press. New York. The Anunnaki's Matrix is extremely complicated, because it is written in codes, symbols, geometrical forms, chemical formulas, theorems, "and in all the languages that have existed, still exist, and will be invented in the future after 2022," said the Ulema. In other words, it is a cosmic library, archives, and depository of all the knowledge and events of 5 billion years, the estimated date of the beginning of Earth. Anamidra and Earth Matrix: Anamidra is the name of the Anunnaki scientist who monitors the Earth Matrix, called Anamid-Raya, also Anid Ariya. Anamidra provided fascinating and mind-bending information in this

matrix that have captivated academicians and leading scientists in the Eastern and Western Hemispheres. *10th Edition. 2022: WHAT WILL HAPPEN TO US WHEN THE ANUNNAKI RETURN TO EARTH IN 2022?* Simon and Schuster he Gafarim (Gooliim) are not very well-known to the general public and readers of esoteric works. Yet, they occupied a major place in the ancient mythology and social beliefs of Mesopotamia. In fact, the Gafarim were feared by the Babylonians, and their extraordinary deeds dominated the early Ubaid dynasty mythology and religion. However, we have learned from the Illuminated Masters

(Mouwariin) that two species of the Gafarim were created by the Anunnaki Ulema to fulfill and complete very precise and astonishing tasks, such as building a whole village for the needy and poor people in less than 24 hours, or relocating an entire city to another location in a blink of an eye; this seems to be a fictional account, and a pure fantasy, but thousands of people who lived in some parts of the previous Soviet bloc have witnessed these extraordinary events. This is their story.

Wars of the Anunnaki
Lulu.com

Examines the Anunnaki gods' evolving relationships with humanity, their power struggles, and the details of their nuclear

war on Earth • Analyzes the crisis and rationale behind the Anunnaki decision to nuke 5 cities in the Jordan plain, resulting in the obliteration of Sumerian civilization • Draws upon the work of Zecharia Sitchin, the Book of Genesis, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons • Examines the Anunnakis' lack of higher consciousness, their reliance on technology, their sacred power objects and sacred geometry, and the possibility of Anunnaki bases on Mars in the distant past The detonation of nuclear weapons in the 20th century was not the first time humanity has seen such terrible destruction. Drawing upon the work of

Zecharia Sitchin, the Book of Genesis, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons, Chris Hardy reveals the ancient nuclear event that destroyed the Sumerian civilization and the power struggles of the “gods” that led up to it. The author explains how the Anunnaki came to Earth from the planet Nibiru seeking gold to repair their ozone layer. Using genetic engineering, they created modern humanity to do their mining work and installed themselves as our kings and our gods. Anunnaki god Enki had a fatherly relationship with the first two humans. Then Enlil, Enki’s brother, took over as Commander of

Earth, instating a sole-god theocracy and a war against the clan of Enki and humanity for spoiling the Anunnaki bloodlines through interbreeding. This shift imposed a blackout not only of the very human nature of the Anunnaki “gods” but also of humanity’s own ancient past on Earth. Two of Enlil’s attacks against the Enki clan and humanity are described in the stories of the Deluge and the Tower of Babel. His final attempt, after coercing the Assembly of the Gods into voting yes, was the nuclear bombing of 5 cities of the Jordan plain, including Sodom and Gomorrah, which resulted in the destruction of the Sumerian civilization and the Anunnakis’

own civilization on Earth, including their space port in the Sinai. The author reveals how, after each attempt, humanity was saved by Enki, chief scientist Ninmah, and Enki's son Hermes. The author explores how the Anunnakis' reliance on technology and their recurrent wars caused them to lose touch with cosmic consciousness. And she reveals how we will be doomed to repeat this dynamic until humanity awakens to our true origins.

Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in The 12th Planet • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA •

Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession,

slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellingier shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key

mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellingier shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true

loving God of our universe.

Explains the genesis of The 12th Planet, the Anunnaki influences on the Sumerian civilization, the orbit of Nibiru, the prehistory of the Americas, the extraterrestrial origins of modern man, and much more What if the tales from the Old Testament and other ancient writings, such as those from Sumer, Babylon, Egypt, and Greece, were not myths or allegory but accounts of actual historical events? Known for his ability to read and interpret ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) took the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that they revealed a coherent narrative

about the true origins of humanity and civilization. Drawing both widespread interest and criticism, his Earth Chronicles series of books, beginning with *The 12th Planet*, detailed how humanity arose after the arrival of the Anunnaki ("those who from Heaven to Earth came"), alien "gods" who created modern man in their own image and imparted gifts of civilizing knowledge. Providing an insider's look into the decades of research behind Zecharia Sitchin's complete works as well as an in-depth overview of his theories, this collection includes carefully selected chapters from the Earth Chronicles series as well as never-before-published

letters, articles, and lectures. We learn about the genesis of *The 12th Planet* in "The Book as a Story," the Sumerians and their Anunnaki influences in "The Sudden Civilization," the orbit of Nibiru in "UFOs, Pyramids, and the 12th Planet," the prehistory of the Americas in "Cities Lost and Found," the extraterrestrial origins of modern man in "The Cosmic Connection--DNA," and much more. We get to read never-before-published lectures, culled from Sitchin's decades of presentations, as well as the article that spurred the writing of *There Were Giants Upon the Earth*. Each piece includes an introduction by Sitchin's niece, offering context and insight

into Sitchin's passionate work. These introductions reveal the man behind the theories, a world traveler known for his scholarship, dry humor, and precisely chosen words. If his theories are true, as Sitchin wholeheartedly believed, then this collection presents some of the most important knowledge we have of our origins and future.

Connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to the Anunnaki while exploring their possible connection to

humanity's past, present, and future. Over 6,000 years ago, the world's first civilization, the Sumerians, were recording stories of strange celestial gods who they believed came from the heavens to create mankind. These gods, known as the Anunnaki, are often neglected by mainstream historians. The Sumerians themselves are so puzzling; scholars have described their origin as "The Sumerian Problem." With so little taught about the ancient Sumerians in our history books, alternative theories have emerged. This has led many to wonder, What is the true story behind the Sumerians and their otherworldly gods, the

Anunnaki? In *The Anunnaki Connection*, Heather Lynn connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to Mesopotamian gods while exploring what role they might have played in engineering mankind. *The Anunnaki Connection* traces the evolution of gods throughout the Ancient Near East, analyzing the religion, myth, art, and symbolism of the Sumerians, investigating: Who are the Anunnaki? How accurate are the current Sumerian text translations, and how do we know for sure who to believe? Is there a connection between the Anunnaki and other ancient gods? What about demons? Where are

the Anunnaki now? Will their possible return spell the end of our world?

Humankind has been attempting to answer complex questions for thousands of years. Is there a God? Where do we come from? Is there life somewhere else? Are we alone? Who created us? Is there an afterlife? Is there hell? In the early 1800s, over thirty thousand tablets were found in the ancient biblical city of Nineveh that included the Assyrian palace reliefs, the library of Ashurbanipal, and the Enuma Elish (also known as the Seven Tablets of Creation) that tell the story of the formation of the world and

humanity and of the Anunnaki, gods who arrived from the heavens to create the human race. In a comprehensive study, Sonny Ramirez reveals translations of the findings as well as new discoveries in a passionate search for the truth about the origins of humankind as he attempts to piece together the Anunnaki connection and ultimately discover whether the gods of Earth, men, and Nibiru are still with us today. Anunnaki Gods of Earth and Nibiru share and analyze ancient texts that will encourage others to open their minds, imagine the unimaginable, and dream of the possibilities that an endless universe can hold.

 4 different plots are followed through 500 years. We get to meet the aliens written about The Anunnaki Bible, the bible covering both the past and future. Main plot character throughout the book is J'Ska, an old Alien general. Together they're all searching for the truth

about life on earth and today's society with wars and conspiracy's. Liza "The alien continues "As the worm replaces the DNA string which is your life recording with another, you will slowly die and this body of yours will start to decompose". As this extraterrestrial being was talking, Liza felt her body stop reacting bit by bit and she seemed to sink together into a pile. Her muscles had started to dissolve. - Why are you doing this? She whispered without any strength left, as she became sitting on the floor not able to move. Soon, all she had left were her eyesight. She saw the clone turn from the aquarium and soon her vision became more and more blurred, then black! The alien

brought forth a robe and she started to dry the clone's hair and a soft humming filled the bridge again as she said "Welcome back Liza, how was your sleep"? The clone smiled and answered "Thank you J'Tika, it was to my satisfaction but, did we sense the clone becoming a being with its own feelings"? She led them to the enormous window facing the universe, here where a billion stars fill the void and galaxies were only as far away as our thoughts. -"I believe so, my dear, I believe so" J'Tika answered. She continued "are you sure my dear, that you want to visit earth yourself this time"? Liza smiled "oh, yes! I have had a wonderful virtual experience here on this blue planet. It is

time to enter a new host soon too and what are our upcoming agenda"? J'Tika swept her hand in the air and a cube, big as a football, without walls but filled with signs, appeared. She talked to the cube and it sent small electrical lights from her orders to the commando bridge and it began to change its whole structure. Suddenly the entire ship looked like the main city on a busy planet. This was not only a hologram. This was advanced building techniques, rearranging tiles in structure by commanding atoms to move. J'Tika interpreted what she saw as "we have non humans, non guardians with high intelligence growing by the number quickly and by the look

of this, their older cities may already be as old as 4000 years or more. -Shall we interact? Liza held her hand up and shook it. - No, not now! We must find "3" first and the rest of that fleet. Before Liza went back to earth, she stared into a new glass tank where a baby human was growing. "When shall we leave dear", J'Tika asked. Liza said nothing at first but then she looked around the hundreds of glass tanks in the first chamber "let's ask the others when I come back, we can not leave any clones behind on earth anyway and I kind of like this place. It would be a shame killing every clone off...". The sunrise in Sunset Crater was magically beautiful. Mist covered the fields

and it tried desperately to climb the hills but, as the sun rose, the mist sank further down along the ground until the only thing that was left were very small drops of water in the grass and on the leaves. On one of the logs by last night's campfire, Felicity and Philip sat holding each other tight with a blanket still wrapped around them... .. As the sun rose higher in the sky and hit their faces, a vague figure came walking from the Cinder trees. Felicity was the first one to see Liza and ran screaming of joy toward her "My God, where have you been". Liza felt a hug for the first time in real life, and she almost stumbled as she took her first breath with the taste of summer, moist and sweet

flowers. Gazing towards the sun, she got struck with love for this short life but intense existence experience.

"Amazing..." she whispers, knowing that all these people that came running toward her only are soul puppets, hidden in bodies as Armour for war, virtual pleasure or science. When... for a fact, the true beings were kept safe in DNA tanks, just to stay alive for millions of years... never seeing each other's faces for real. - This is life, she thought, even though they really don't know who they are, what they are or why!"

The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return

- 30,000 sold in hardcover

Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his

previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created

tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

An in-depth study of humanity's Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity • Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah • Shows how the concepts of sin and the inferiority of women arose from Enlil's will to keep humanity underdeveloped, clashing with Enki's and Ninmah's plan to

make us equal in intelligence • Reveals how humanity's long history of conflict was shaped by the battle between Enki and his brother Enlil Further developing the revolutionary work of Zecharia Sitchin, Chris Hardy shows that the "gods" of ancient myth, visitors from the planet Nibiru, created us using their own "divine" DNA--first through DNA extraction from their own ribs' marrow and later by direct relations with early human females. Drawing upon multiple sacred texts, Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah, with the help of Enki and Hermes. She reveals how Ninmah's first female human creation, Tiamat/Eve,

contained more alien DNA than the earlier male one, Adamu, and how the biblical Noah represents the perfection of her work. Examining the war between Anunnaki brothers Enki and Enlil, Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil's attempts to enslave and then wipe out humanity, repeatedly thwarted by Enki and Ninmah. The author further explains how the sacred sexuality taught to humans--still seen in Tantric practice--became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace. Showing that the god who created us was

not the same god who expelled us from Eden, Hardy explains that there will be no apocalypse because the Good/Evil duality has never truly existed--it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power. With a full psychological understanding of how the ancient "gods" have shaped humanity's ongoing history of conflict, we can move beyond the framework of "(my) Good versus (your) Evil" imposed by Enlil and begin to steer our own planetary destiny. *The New de Lafayette Mega Encyclopedia of Anunnaki.
