Have you ever had that sinking feeling that you were missing out on something very valuable in your ministry but just couldn't put your finger on it? Well, these resources for adventures in service to God for the church are valuable assets to those seeking a dynamic experience in God's Kingdom work. To invest yourself in Larry Spencers Ministry of Helps Manual and Workbook can enhance your ministry and greatly format your service with usable hands on tools that complete your tool chest. Bring these practical things home and put them to work. Great results have already been seen from individuals who respect God's Word and value what it can bring to the Board room as well as to the church service. You will not be sorry you invested in this training for you and your ministry team. Rev. Lloyd Tremain, Paradise Community Church of the Nazarene A thorough, practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman, Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today. John Steffensen, Radio Host, Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore, or church maintenance, or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave; others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, Now in those days, when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, It is not desirable that we should leave the word of God and serve tables. (Read this as doing manual labor.) Therefore, brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint

over this business; (the manual labor) but we will give ourselves continually to prayer and to the ministry of the word. It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties (the manual labor). This freed up the apostles so they could minister the Word of God. Wow, God's way is so simple, and our grandiose plans just waste time and get nothing done. Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes God's church. This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them.

"The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God."-Ellen G White

Pete Greig is a worldwide authority and the face of a generation when it comes to prayer. One of the founders of the 24-7 prayer movement, he has seen, experienced, and chronicled amazing works of God in the world. While you might imagine him to be puffed up, Pete Greig is entirely the opposite. He is enchanting, down-to-earth, friendly, and most of all, very normal--and yet he tells preposterous tales about prayer (and they're true). He is basically a regular dude who loves to talk with God. *How to Pray* is written to evoke a passion for prayer in everyone--the committed follower of Jesus as well as the skeptic and the scared. The enormous blessing of *How to Pray* is that it is accessible, full of surprising stories of answered prayer, and tremendously engaging. The basic idea is that prayer is a conversation between you and God. Pete Greig demystifies and reenchants prayer, helping you to find prayer achievable and enjoyable, and ultimately life-giving and life-changing. *How to Pray* is designed to be used together with *The Prayer Course* (a free video curriculum associated with the Alpha course), making it useful for personal and group or church-wide reading.

*Analysis and Assessment of Gateway Process* is a document prepared in 1983 by the US

Army. This document was declassified by the CIA in 2003. This brief report focuses on the so-called "Gateway Experience," a training program originally designed by the Monroe Institute, a Virginia-based institute for the study of human consciousness. The Gateway experience uses sound tapes to manipulate brainwaves with a goal of creating an altered state of consciousness, which includes out-of-body experiences, energy healing, remote viewing, and time travel. The report concluded that the Gateway Experience is 'plausible' in terms of physical science, and that while more research was needed, it could have practical uses in US intelligence. Students of US intelligence, and anyone interested in the cross-roads between consciousness and reality will find this report fascinating reading.

When was the last time you went looking for a miracle cure or the Fountain of Youth hoping for something to diminish the signs of living on this sinful earth a little too long? Over the past two decades much research has been done on the effects of the religious life on our emotional, mental, and physical health. The documented results are astounding. Did you know that a regular prayer life, an attitude of gratitude and joy, or a spirit of forgiveness can dramatically impact your overall health? Even church attendance and Scripture reading are intimately connected to health, happiness, and longevity. In *Benefits of Belief*, Dr. Julian Melgosa uses research and personal stories to reveal the amazing benefits everyone can obtain from following the Lord's ways and living the Christian life. Jesus promises that anyone who follows Him will receive a hundredfold now (Mark 10:30). Dr. Melgosa believes it is reasonable to think that these blessings are not exclusively material, but are also related to the exercise of wisdom, resilience, and endurance that ultimately translate into good health, happiness, and well-being.

*The Baptist Church Manual* Cosimo Reports

This book presents a unique approach to church growth. It is written mainly to help churches that are declining, but will help all churches. The underlying premise is that churches do not grow and

reach new people because they do not know how, or because they are so poorly structured and organized that they spend most of their time and efforts in conflict. This disrupts the fellowship and leaves very little time and energy for reaching new people. The subtitle could be, "Fifteen Essential Steps To Growth"- Basic growth and administrative principles. The combining of these areas makes this a unique book. Young has brought together these basic elements, from over 40 years of experience. . The book is a practical guide for a local church to follow to function efficiently and effectively, and reach people for Christ. When the steps are followed, and in the proper order, the church can pretty well be assured of growth and effective ministry. Dr. Robert A. Young is currently President of Samuelite Corp., Church Outreach and Consulting. He served as Associate Pastor/Administration of Walnut Street Baptist Church, Louisville, KY, and Park Cities Baptist Church, Dallas, TX, and President of the National Association of Church Business Administration. He has conducted "Total Church Consultations" and Capital Fund Campaigns for churches of all sizes and denominations. He is now available to serve churches as a consultant in these areas. He is also the author of "The Development of A Church Manual of Administrative Policies".

This 1935 collection of Ellen G. White's admonitions is reprinted in the hope of arousing God's people to follow the divine blueprint of the medical work. The content of this book is briefly summarized in these two statements: "Loma Linda is to be not only a sanitarium, but an educational center. With the possession of this place comes the mighty responsibility of making the work of the institution educational in character. The school that is to be established at Loma Linda is to stand in the freedom of the truth." "Shall we represent before the world that our physicians must follow the pattern of the world, before they can be qualified to be successful physicians? This is the question that is now testing the faith of some of our brethren. Let not any of our brethren displease the Lord by advocating in their assemblies the idea that we need to obtain from unbelievers a higher education that that specified by the Lord."

Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities. Many have adopted a narrow vision, focusing on only one aspect of ministry. But in today's environment of faith-based opportunities many Christians are eager to start reaching out to their world with both Good News and good works, and therefore they are searching for appropriate ways to integrate both into their ministry. In Churches That Make a

This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, Questions on Doctrine was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

Addressing low church member retention is long overdue. One of the initiatives of the General Conference of Seventh-day Adventists(R) to address this matter is to hold Nurture and Retention Global Summits. The first one met in November 18-20, 2013 and the second one in April 5-7, 2019. The primary purpose of this publication is to preserve and disseminate the content of the seminars and workshops offered during the 2019 Nurture and Retention Summit. It covers three important related areas: Discipling, Nurturing, and Reclaiming. The secondary, and probably most important, long-term goal is to keep the conversation running and to continue to share and develop best practices to be more effective and efficient in God's mission. We believe this book will give you enough insight about the need to develop more efficient ways to attract and equip new members, as well as sending them to fulfill God's work to "make disciples of all nations" (Matt. 28:19, NIV).
