Of the many world religions, only one claims that its founder returned from the grave. The resurrection of Jesus Christ is the very cornerstone of Christianity. But a dead man coming back to life? In our sophisticated age, when myth has given way to science, who can take such a claim seriously? Some argue that Jesus never died on the cross. Conflicting accounts make the empty tomb seem suspect. How credible is the evidence for the resurrection? Focusing his award-winning skills as a legal journalist on history's most compelling enigma, Lee Strobel retraces the startling findings that led him from atheism to belief. Drawing on expert testimony first shared in his blockbuster book *The Case for Christ*, Strobel examines: The Medical Evidence -- Was Jesus' death a sham and his resurrection a hoax? The Evidence of the Missing Body -- Was Jesus' body really absent from his tomb? The Evidence of Appearances -- Was Jesus seen alive after his death on the cross? Written in a hard-hitting

journalistic style, *The Case for Easter* probes the core issues of the resurrection. Jesus Christ, risen from the dead: superstitious myth or life-changing reality? The evidence is in. The verdict is up to you. Book jacket.
