New and experienced weavers alike are always on the lookout for new weave-structure patterns. The Weaver's Idea Book presents a wide variety of patterns for the simple rigid-heddle loom, accompanied by harness drafts for multishaft looms. The techniques include leno, Brooks bouquet, soumak, and embroidery on fabric. Each chapter

contains weaving patterns along with swatches illustrating the techniques, accompanied by step-by-step photography. The book is arranged by structure or type of weave, from variations on plain weave to doubleweave. With traditional patterns from around the world, bands, and fabrics woven on two double heddles, *The Weaver's Idea Book* brings together a variety of ways to create exquisite cloth. Weaving tips and tricks help weavers at all levels achieve their textile dreams. In addition to pattern drafts, Jane offers project ideas that guide the reader through creating functional woven projects, from wearables to home decor. Weaving, especially on rigid-heddle looms, is enjoying a resurgence, and contemporary weavers are in need of a book to bridge the divide between basic books and complex text designed for advanced weavers with sophisticated tools. Celebrating the immense potential for creativity possible with the simplest of tools, *The Weaver's Idea Book* eBook opens new avenues for exploration on both the rigid-heddle and multishaft looms.

Regretsy National Geographic Books The "must-have" book for loom knitters by the top expert on the subject is now updated to reflect the newer looms on the market. Like the previous edition this new edition still contains everything you need to know about loom knitting, like gauge, yarn thickness, increasing, decreasing, color work, different cast on and off methods, and more. Additionally, it includes Isela's precise and easy how-to instructions, now newly updated, for making basic stitches and variations, and for using all the different types of looms, round and long looms, currently in the market. The project section is also updated to include more specific information about the looms used, with a handy chart of all the looms, with their gauges, currently on the market. But what hasn't changed is the straightforward information and the need for this book, making it the one to have for all loom knitters. If you only purchase one loom knitting book, this is the one to get! *Loom Knitting Afghans* Penguin

"The pigments he concocts from these humble beginnings are as fun to make as they are eye-opening to work with . . . the world never quite looks the same."

—MarthaStewart.com A 2018 Best Book of the Year—The Guardian The Toronto Ink Company was founded in 2014 by

designer and artist Jason Logan as a citizen science experiment to make eco-friendly, urban ink from street-harvested pigments. In *Make Ink*, Logan delves into the history of inkmaking and the science of distilling pigment from the natural world. Readers will learn how to forage for materials such as soot, rust, cigarette butts, peach pits, and black walnut, then how to mix, test, and transform these ingredients into rich, vibrant inks that are sensitive to both place and environment. Organized by color, and featuring lovely minimalist photography throughout, *Make Ink* combines science, art, and craft to

instill the basics of ink making and demonstrate the beauty and necessity of engaging with one of mankind's oldest tools of communication. "Logan demystifies the process, encouraging experimentation and taking a fresh look at urban environments." —NPR "The book is full of inspiration and takes a lot of the

mystery out of ink making, at least at its simplest level. And it also reminds me why I love ink—any ink or liquid color as much as I do." —The Well-Appointed Desk "Quite a few recipes . . . that use color from the kitchen: carrots, black beans, blueberries, turmeric, and onion skins all make beautiful ink colors." —Design Observer

"*Make Ink* opens up about methods, providing an open source guide to DIY ink." —CityLab
