****FULLY UPDATED PAPERBACK EDITION OF THE BESTSELLING BIOGRAPHY ON MAX VERSTAPPEN, NOW DOUBLE WORLD CHAMPION **** Few drivers have shaken up Formula 1 in quite the same way as Max Verstappen. Already the youngest competitor in F1 history, he made history as the first Dutch driver to win the World Championship in 2021. In 2022 he retained his title with four races to spare and went on to achieve the highest season points tally of all time. As the son of former F1 driver Jos Verstappen, Max was destined to be a racing driver. And as sports journalist James Gray deftly shows, since his headline-grabbing debut victory at the 2016 Spanish Grand Prix, Max has continued to make an indelible impression on the sport, courting criticism and plaudits in equal measure. Gray seeks to understand the outspoken nature and aggressive driving style that make Verstappen a must watch before, during and after races, and why his Dutch fans, who turn up to cheer him on in their orange-clad droves, are quite so fanatical.

A behind-the-scenes look at the Benetton Formula 1 racing team. As the 1998 season unfolds, all eyes will be on Benetton, curious to see how its new boss David Richards will run the team after the departure of the flamboyant Flavio Briatore, and perhaps even more significantly, whether Benetton's novice driver partnership of Giancarlo Fisichella and Alexander Wurz is more successful than the highly experienced former Ferrari pairing of Gerhard Berger and Jean Alesi. It also shows how the Italian-based, family-fashion empire uses Formula 1 as a marketing tool.

The 2008 Formula 1 World Championship saw a repeat of the historic duel between Ferrari and McLaren. The Maranello-based team was led by the in-form Felipe Massa with Lewis Hamilton, his closest rival. It was, of course, Hamilton who took the Drivers' Championship, with Ferrari settling for the Constructors' title. The Polish driver Robert Kubica also enjoyed a very productive season that saw him score a maiden-Formula 1 win for BMW in the Canadian Grand Prix and finish high up the championship table. Mention also has to be made of the very young Sebastian Vettel, the winner at Monza in the Toro Rosso. Once again the expert Giorgio Piola recounts and, above all, illustrates the secrets and technical advances behind these feats in the 2008-2009 edition of Formula 1 Technical Analysis in which he examines the various development phases conducted by the teams during the championship. The chapter devoted to the engines, written by Mauro Forghieri and Mauro Coppini, and those dealing with the regulations, tires, aerodynamics, cockpits and chassis complete what has become a "classic" of Formula 1 literature. As always, an extensive section devoted to the leading cars of the 2009 season enhances the book.

Elio De Angelis. Il "principe" della Formula 1 Hazelton Publishing (UK)

Formula 1. Storie di piccoli e grandi eroi si completa con l'arrivo di un secondo volume: interviste a piloti e costruttori che non hanno mai vinto il mondiale, pur prendendo parte ai gran premi, dal 1980 ai giorni nostri. Come già nel primo libro che compone questo monumentale lavoro, a raccontare la loro avventura agonistica, a realizzare questo grande affresco di storia delle corse, finalmente ricostruito da una prospettiva "minimalistica", sono in primis coloro che non hanno mai avuto gli onori del titolo iridato, ma che pure hanno saputo suscitare in pista clamore ed emozioni. Racconti a cuore aperto, sinceri, spassionati, privi di veli e tanto più preziosi perché forniti in gran parte da piloti appartenenti all'era più recente, dove le interviste one to one sono ormai quasi del tutto bandite. Mario Donnini, da un quarto di secolo nella redazione di Autosprint, supera filtri e sbarramenti mediatici, regalandoci decine e decine di ritratti di eroi che si guardano allo specchio svelando, a cuore aperto, un vissuto avvincente, ricco di sentimento e nostalgia. Quella della Formula 1 è una storia divenuta immortale, che si protrae - sempre più lucente - da oltre settant'anni. Stagione dopo stagione, essa continua a emozionare milioni di appassionati in tutto il mondo. Fatta di eroi capaci di ridonare gioia e spensieratezza nel periodo postbellico, da Nino Farina ad Alberto Ascari fino al campionissimo Juan Manuel Fangio, che lungo gli anni Cinquanta ha dominato incontrastato le piste di tutto il mondo. Fatta di momenti unici e leggendari, di dominatori inarrivabili come Michael Schumacher e Lewis Hamilton (detentori del record di sette Mondiali vinti), ma anche di piloti iconici e sfortunati quali Michele Alboreto, Ayrton Senna e Gilles Villeneuve. E nuovi eroi, Max Verstappen su tutti, il più giovane pilota ad aver esordito in Formula 1. È infine una storia di asfalto, curve e accelerazioni entrate nell'immaginario collettivo: le speranze delle prove libere, le certezze delle qualifiche e la tensione della gara, attesa e temuta, capace di ribaltare tutto in pochi frammenti di secondo. Domenighini racconta e dipinge i protagonisti dello sport che scandisce le nostre vite dal 13 maggio 1950, quando a Silverstone iniziò una storia magica: la storia della Formula 1.

Della fitta compagine di piloti italiani che animarono la Formula 1 degli anni Settanta e Ottanta ha fatto parte anche Elio De Angelis, romano "doc", classe 1958, approdato nel massimo Campionato con la Shadow nel 1979 dopo essersi distinto nelle Formule minori. Il suo nome è indissolubilmente legato a quello della Lotus, dove giunse nel 1980 per restarci sei stagioni durante le quali - pur cogliendo solo due vittorie - ebbe modo di mostrare tutto il suo valore divenendo uno dei piloti più forti della sua epoca; indimenticabile la rivalità sportiva che lo frappose a Michele Alboreto ma anche il rapporto non semplice avuto con l'astro nascente Ayrton Senna. Created in 1950, the Formula One World Championship is the pinnacle of auto racing. The most popular form of motor sports on Earth, some of its marquee teams are known throughout the world, such as Ferrari, McLaren, and Lotus. Formula Ones glamorous outlook and incredible marketing power make one believe that it is a fantasy world of expensive machinery and super hero drivers, a dazzling array of lines and colors. But if one looks closer into the history of the world Championship, one will notice another side to Formula one, a side of failure. It is obvious that not every car can be a Lotus 49 or a Williams FW 14B. And not every engine can have the impact of a Ford Cosworth DFV or

a Honda turbo, in fact very few are, but some stand out as some of Formula Ones most famous failures. What are the worst? That is certainly open to debate. Each year, for every winner, there are numerous disappointments, but this novel hopes to illustrate the fights and famines of the Grand Prix World.
