Why? is the simple, impulsive question we ask

when confronted by horrible acts of hatred and violence. Why do students shoot fellow students or employees their coworkers? Why do mothers drown their children or husbands stalk

and kill their wives? Love to Hate challenges us to turn this question upon ourselves at a deeper level. Why, as a culture, are we so fascinated by these acts? Why do we bestow celebrity on the perpetrators, while allowing the victims to fade into a second death of obscurity? Are we, as Pope John Paul II famously accused, "a culture of death"? And if so, how can we break free of this unacknowledged aspect of the cycle of violence? Unlike those who point solely to media imagery,

splintered families, or lax gun control laws in search of the roots of America's endemic violence, Jody M. Roy suggests that we all must be held responsible. She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture. The very words we use function as building blocks of callousness and contempt, betraying our immersion in subtexts of violence and hatred. These subtexts are further revealed in our complex

attitudes toward street gangs, school shooters, serial killers, and hate groups and the paroxysms of violence they unleash. As spectators, driven by our impulse to watch, we become an integral part of the equation of violence. In the book's final section, "Freeing Ourselves of Our Obsession with Hatred and Violence," Roy offers practical steps we can take—as parents, consumers, and voters—to free ourselves from linguistic and

cultural complicity and to help create in America a culture of life.

Hate List Houghton Mifflin Harcourt

For readers of Marieke Nijkamp's *This Is Where It Ends*, a powerful and timely contemporary classic about the aftermath of a school shooting. Five months ago, Valerie Leftman's boyfriend, Nick, opened fire on their school cafeteria. Shot trying to stop him, Valerie inadvertently saved the life of a classmate, but was implicated in the

shootings because of the list she helped create. A list of people and things she and Nick hated. The list he used to pick his targets. Now, after a summer of seclusion, Val is forced to confront her guilt as she returns to school to complete her senior year. Haunted by the memory of the boyfriend she still loves and navigating rocky relationships with her family, former friends, and the girl whose life she saved, Val must come to grips with the tragedy that took place and her

role in it, in order to make amends and move on with her life. Jennifer Brown's critically acclaimed novel now includes the bonus novella *Say Something*, another arresting Hate List story.

Morning Harper Collins

Does the opening "pling plinggg" of Bette Midler's *The Rose* fill you with existential dread? Do you cringe at the mere whiff of what Phil Collins is spewing *In the Air Tonight*? Have you ever bolted from a restaurant because Celine Dion's

cover of All By Myself was threatening to drive you over the edge? Well, turn around, bright eyes because Tom Reynolds is here with I HATE MYSELF AND WANT TO DIE, a laugh-out-loud-til-youre sobbing compendium of the world's most hideously depressing pop songs and a guide to what makes them so heartwrenchingly, earsplittingly sad and bad. With chapters like I Was a Teenage Car Crash, Im Trying to be Profound and Touching but Really Suck At It, Perfect Storms, and I

Mope, Therefore I Am, Reynolds details the history of melodic misery, from the days of Bobby Darin to the era of Evanescence. Complete with a ranked Countdown of Doom and wonderfully dreary drawings, I HATE MYSELF AND WANT TO DIE is the one book that fans and foes of woeful tunes wont want to live without. *Pennybaker School Is Headed for Disaster* Oxford University Press A little boy explains why he hates picture books. HATE dispels misunderstandings plaguing our perennial debates about "hate speech vs. free speech," showing that the First Amendment approach promotes free speech and democracy, equality, and societal harmony. We hear too many incorrect assertions that "hate speech" -- which has no generally accepted definition -- is either absolutely unprotected or absolutely protected from censorship. Rather, U.S. law allows government to

punish hateful or discriminatory speech in specific contexts when it directly causes imminent serious harm. Yet, government may not punish such speech solely because its message is disfavored, disturbing, or vaguely feared to possibly contribute to some future harm. When U.S. officials formerly wielded such broad censorship power, they suppressed dissident speech, including equal rights advocacy. Likewise, current politicians have attacked Black Lives Matter protests as "hate

speech." "Hate speech" censorship proponents stress the potential harms such speech might further: discrimination, violence, and psychic injuries. However, there has been little analysis of whether censorship effectively counters the feared injuries. Citing evidence from many countries, this book shows that "hate speech" laws are at best ineffective and at worst counterproductive. Their inevitably vague terms invest enforcing officials with broad discretion, and

predictably, regular targets are minority views and speakers. Therefore, prominent social justice advocates in the U.S. and beyond maintain that the best way to resist hate and promote equality is not censorship, but rather, vigorous "counterspeech" and activism.

A Phenomenology of Love and Hate Simon and Schuster

Using phenomenology to uncover the implicit logic in personal love, sexual love, and hatred, Peter Hadreas provides new insights into the uniqueness of the beloved and offers fresh explanations for some of the worst outbreaks of violence and hatred in

modern times. Topics discussed include the value and subjectivity of personal love, nudity and the temporality of sexual love, the connection between personal, sexual love, and the incest taboo, the development of group-focused hatred from individual focused hatred, and prejudicial discrimination. The work encompasses analysis of philosophers and writers from ancient times through to the present day and examines such episodes as the Oklahoma City Federal Building

bombing and the Columbine High School massacre. Bitter End Anchor Ring Lardner, Jr.'s memoir is a pilgrimage through the American century. The son of an immensely popular and influential American writer, Lardner grew up swaddled in material and cultural privilege. After a memorable visit to Moscow in 1934, he worked as a reporter in New York before leaving for Hollywood where he served a bizarre apprenticeship with David

O. Selznick, and won, at the age of 28, an Academy Award for the classic film, *Woman of the Year*, the first on-screen pairing of Spencer Tracy and Katherine Hepburn. In "irresistibly readable" pages (*New Yorker*), peopled by a cast including Carole Lombard, Louis B. Mayer, Dalton Trumbo, Marlene Dietrich, Otto Preminger, Darryl F. Zanuck, Bertolt Brecht, Bert Lahr, Robert Altman, and Muhammad Ali, Lardner recalls the strange existence of a contract screenwriter in

the vanished age of the studio system--an existence made stranger by membership in the Hollywood branch of the American Communist Party. Lardner retraces the path that led him to a memorable confrontation with the House Un-American Activities Committee and thence to Federal prison and life on the Hollywood blacklist. One of the lucky few who were able to resume their careers, Lardner won his second Oscar for the screenplay to M.A.S.H. in 1970.

 Experts have documented an explosive rise in the number of hate groups since the turn of the century, driven by anger over immigration and demographic projections showing that whites will no longer hold majority status in the United States by 2040. The rise accelerated with the elections of presidents Obama and Trump. Extremists are increasingly diffuse, moving to the web and away from organized, on-

the-ground activities. What is a hate group and how does it operate? How do we legally define hate speech and hate crimes? What is the history of organizing around hate and how do we recognize and confront it? These are the salient issues readers will investigate in this overview.

The 48 Laws of Power
 Simon and Schuster
 For fans of I'll Be Gone in the Dark, the thrilling true story of a would-be terrorist attack against a Kansas farming town's immigrant community, and the FBI informant who exposed it. In the spring of 2016, as immigration debates rocked the United

States, three men in a militia group known as the Crusaders grew aggravated over one Kansas town's growing Somali community. They decided that complaining about their new neighbors and threatening them directly wasn't enough. The men plotted to bomb a mosque, aiming to kill hundreds and inspire other attacks against Muslims in America. But they would wait until after the presidential election, so that their actions wouldn't hurt Donald Trump's chances of

winning. An FBI informant befriended the three men, acting as law enforcement's eyes and ears for eight months. His secretly taped conversations with the militia were pivotal in obstructing their plans and were a lynchpin in the resulting trial and convictions for conspiracy to use a weapon of mass destruction. *White Hot Hate* will tell the riveting true story of an averted case of domestic terrorism in one of the most remote towns in the US, not far from the

infamous town where Capote's *In Cold Blood* was set. In the gripping details of this foiled scheme, we see in intimate focus the chilling, immediate threat of domestic terrorism—and racist anxiety in America writ large.

Exposing Hate Columbia University Press
Selling Hate is a fascinating and powerful story about the power of a southern PR firm to further the Ku Klux Klan's agenda. Dale W. Laackman's uncovered never-before-published

archival material, census records, and obscure books and letters to tell the story of an emerging communications industry—an industry filled with potential and fraught with peril. The brilliant, amoral, and spectacularly bold Bessie Tyler and Edward Young Clarke—together, the Southern Publicity Association—met the fervent William Joseph Simmons (founder of the second KKK), saw an opportunity, and played on his many weaknesses. It was the volatile,

precarious terrain of post-World War I America. Tyler and Clarke took Simmons's dying and broke KKK, with its two thousand to three thousand associates in Georgia and Alabama, and in a few short years swelled its membership to nearly five million. Chapters were established in every state of the union, and the Klan began influencing American political and social life. Between one-third and one-half of the eligible men in the country belonged to the

organization. Even to modern sensibilities, the extent of Tyler and Clarke's scheme is shocking: the limitlessness of their audacity; the full-scale and ongoing con of Simmons; the size of the personal fortunes they earned, amassed, and stole in the process; and just how easily and expertly they exploited the particular fears and prejudices of every corner of America. You will recognize in this pair a very American sense of showmanship and an

accepted, even celebrated, brash entrepreneurial hustle. And as their story winds down, you will recognize the tainted and ultimately ineffectual congressional hearings into the Klan's monumental growth. *Selling Hate* HarperCollins * #1 NEW YORK TIMES BESTSELLER * #1 INTERNATIONAL BESTSELLER * MORE THAN 2 MILLION COPIES SOLD! A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former

child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother’s dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called “calorie restriction,” eating little and weighing herself five

times a day. She endured extensive at-home makeovers while Mom chided, “Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers?” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I’m Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is

ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi (“Hi Gale!”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides
