The Lost Books of the Bible and The Forgotten Books of Eden Ecco

Magic has all but disappeared in Brooklyn, but one tenacious young magician is determined to bring it back in this exciting middle grade mystery. Twelve-year-old Kingston has just moved from the suburbs back to Echo City, Brooklyn—the last place his father was seen alive. Kingston's father was King Preston, one of the world's greatest magicians. Until one trick went wrong and he disappeared. Now that Kingston is back in Echo City, he's

determined to find his father. Somehow, though, when his father disappeared, he took all of Echo City's magic with him. Now Echo City—a ghost of its past—is living up to its name. With no magic left, the magicians have packed up and left town and those who've stayed behind don't look too kindly on any who reminds them of what they once had. When Kingston finds a magic box his father left behind as a clue, Kingston knows there's more to his father's disappearance than meets the eye. He'll have to keep it a secret—that is, until he can restore magic to Echo City. With his cousin Veronica and childhood friend Too Tall Eddie, Kingston works to solve the

clues, but one wrong move and his father might not be the only one who goes missing.

In 1883, Moses Wilhelm Shapira arrived unannounced in London claiming to have discovered the world's oldest Bible scroll in a desert cave east of the Dead Sea. With his phenomenal find, Shapira swiftly became world famous—but, just as quickly, his scroll was discredited as a clever forgery. With the discovery of the eerily similar Dead Sea Scrolls in 1947, however, investigators reopened the case, wondering whether Shapira had, in fact, discovered the first Dead Sea Scroll, seven decades before the rest. Here, in a

globetrotting narrative with all the suspense of a classic detective story, award-winning journalist Chanan Tigay sets out to find the scrolls and determine Shapira's guilt or innocence for himself. Kingston and the Magician's Lost and Found Ecco

This book is divided into three parts. The first part contains The Legends of Moses the Man and Moses the Magician, which brings to life who Moses really was. It includes the legends of him as a magician found both

inside and outside of the Bible. Part Two is How the Sacred Writings of Moses were Lost, which explains how additional books of Moses, beyond the first five books of the Bible, can be accounted for and what is in them. Part Three is called The Book of Miscellaney, which reveals the magical applications of Moses' additional books. This section includes the 44 Secret Keys to Universal Power, various magical seals, and explains the modern influence of the Kabbalah, which traces it to a Mosaic origin. This final section also includes a chart of all the revelations made by Moses to various people in the Bible. This is an excellent book combining hard-

to-find historical information on Moses with the magical power that can be associated with him.

Idan Dershowitz shows that the text preserved in these manuscripts is not based on the book of Deuteronomy. On the contrary, it is a proto-biblical book, the likes of which has never before been seen.

"I believe that man will not merely endure: he will prevail. He is

immortal, not because he alone among creatures has an inexhaustible voice, but because he has a soul, a spirit capable of compassion and sacrifice and endurance." —William Faulkner, on receiving the Nobel Prize  
 Go Down, Moses is composed of seven interrelated stories, all of them set in Faulkner's mythic Yoknapatawpha County. From a variety of perspectives, Faulkner examines the complex, changing relationships between blacks and whites, between man and nature, weaving a cohesive novel rich in implication and insight.  
*Apocalypse of Moses* Schocken  
 The Book of Jubilees, also known as The Little Genesis and The

Apocalypse of Moses, opens with an extraordinary claim of authorship. It is attributed to the very hand of Moses; penned while he was on Mount Sinai, as an angel of God dictated to him regarding those events that transpired from the beginning of the world. The story is written from the viewpoint of the angel. The angelic monolog takes place after the exodus of the children of Israel out of Egypt. The setting is atop Mount Sinai, where Moses was summoned by God. The text then unfolds as the angel reveals heavens viewpoint of history. We are lead through the creation of man, Adams fall from grace, the union of fallen angles and earthly women, the birth of

demonic offspring, the cleansing of the earth by flood, and the astonishing claim that mans very nature was somehow changed, bringing about a man with less sinful qualities than his antediluvian counterpart. The story goes on to fill in many details in Israels history, ending at the point in time when the narrative itself takes place, after the exodus.

The book that inspired the major History Channel special God Code shows there is more to the Bible than meets the eye—messages from God hidden for ages, now revealed by modern computer

technology. In God Code, antiquities expert Timothy P. Smith reveals his decades-long quest to understand the complex messages he discovered in an ancient Hebrew manuscript of the Bible. This painstaking search involves adventure and mystery, but instead of consulting ancient maps to find buried treasure, Smith relied on the data calculation power of modern technology. His quest shows how Scripture is more amazing than we ever dreamed—and that it may even reveal the future of generations living today. God Code reveals:

- An encrypted code in Genesis, in the oldest known Hebrew text of the Old Testament,

that predicted the birth and resurrection of Jesus.

- Scientific evidence that this encrypted code was authored by the divine hand of God.
- Signs that there are more encrypted codes in this same Hebrew text that will lead to additional messages from God to humanity.
- Hidden clues that may lead to the location of long-missing sacred artifacts, such as the Ark of the Covenant.
- Insights on why Smith was chosen to uncover this encrypted code.
- A dire warning that God wants us to hear—and heed.

In the companion History Channel series, the author travels across continents in search of artifacts missing since Bible times—clues to their location revealed in God Code.

One man's quest to find the oldest Bible scrolls in the world and uncover the story of the brilliant, doomed antiquarian accused of forging them. In the summer of 1883, Moses Wilhelm Shapira—archaeological treasure hunter and inveterate social climber—showed up unannounced in London claiming to have discovered the oldest copy of the Bible in the world. But before the museum could pony up his £1 million asking price for the scrolls—which discovery called into question the divine authorship of the scriptures—Shapira's nemesis, the French

archaeologist Charles Clermont-Ganneau, denounced the manuscripts, turning the public against him. Distraught over this humiliating public rebuke, Shapira fled to the Netherlands and committed suicide. Then, in 1947 the Dead Sea Scrolls were discovered. Noting the similarities between these and Shapira's scrolls, scholars made efforts to re-examine Shapira's case, but it was too late: the primary piece of evidence, the parchment scrolls themselves had mysteriously vanished. Tigay, journalist and son of a renowned Biblical scholar, was galvanized by this peculiar story and this indecipherable man, and became determined to find the

scrolls. He sets out on a quest that takes him to Australia, England, Holland, Germany where he meets Shapira's still aggrieved descendants and Jerusalem where Shapira is still referred to in the present tense as a "Naughty boy". He wades into museum storerooms, musty English attics, and even the Jordanian gorge where the scrolls were said to have been found all in a tireless effort to uncover the truth about the scrolls and about Shapira, himself. At once historical drama and modern-day mystery, *The Lost Book of Moses* explores the nineteenth-century disappearance of Shapira's scrolls and Tigay's globetrotting hunt for the ancient manuscript. As it

follows Tigay's trail to the truth, the book brings to light a flamboyant, romantic, devious, and ultimately tragic personality in a story that vibrates with the suspense of a classic detective tale. *The Lost Books of the New Testament* Zondervan This keepsake edition of Exodus was taken from the King James translation of the Bible. **The Book of Moses** Shadow Mountain

These are the only writings of KING OG the Rephaim. The Rephaim being a Biblical race of Giants that Moses eventually had to eradicate in Numbers 21 of the Bible.

Originally transcribed during a several hundred year swath in and around 1400 BCE, THE LOST BOOK OF KING OG is a controversial, heretical tome that reads like the Bible. In fact, it has been heavily speculated that the original architects of the Bible were on intimate terms with THE LOST BOOK OF KING OG, which explains instances of similarity in metaphor

and verbiage. Previously, the only way to look into this particular pre-Biblical flood, Rephaim/Nephilim world of Giants was through THE BOOK OF ENOCH and other DEAD SEA SCROLLS. Author DEMMON has brought forward a previously lost, heretical book that features the only Aramaic to English translation of the remaining mostly-complete copy of THE BOOK OF KING OG the Rephaim. While not entirely complete, THE LOST BOOK OF KING OG offers the greatest comprehension yet of the antediluvian (PRE-FLOOD) and postdiluvian world, from the eyes and ears of the Rephaim. The Catholic suppression of this text has always

been due to the fact that THE BOOK OF KING OG is a pagan book. The pagan/blasphemous aspects of the tome (a championing of the uncircumcised for example) make its "burial" by the Catholic Church completely logical. Soaked in Baal worship and child-sacrifice, it is no wonder that the book had been silenced. The Catholic argument that the decision to rid the earth of the text was "God-inspired," is in fact, spiritually sound. With Constantine's systematic destruction of non-Christian texts in and around 326 CE, and the following Gelasian Decree of the 5th century CE, knowledge and/or reproduction of Og's verses was rendered impossible. In fact, the

Catholic Church originally posted the following words of anathema in regards to THE BOOK OF KING OG and other forbidden texts: "... and whatever disciples of heresy and of the heretics or schismatics, whose names we have scarcely preserved, have taught or compiled, we declare to be not merely rejected but excluded from the whole Roman catholic and apostolic church, and its authors and their adherents to be damned in the inextricable shackles of anathema for ever [sic]." THE BOOK OF KING OG is referenced by association throughout (relatively) recent history, perhaps most notably in the NEW HISTORY OF ECCLESIASTICAL WRITERS published in

1693. In this reference book, the BOOK OF KING OG is described as, "Forged by Jews and Hereticks both Fabulous and Erroneous." Written closely with Vatican translator FATHER MARTIN, THE LOST BOOK OF KING OG serves as a warning, a prophecy and an explanation as to why the Rephaim and Nephilim Giants no longer walk the face of the earth. The recent uncovering of the CASSIODORUS DONATION of 550 CE to the Catholic Church has revealed the most intact, albeit horribly preserved, copy of The BOOK OF KING OG yet. The CASSIODORUS text was used as the primary source material FATHER MARTIN used for his translation THE LOST

BOOK OF KING OG. Providing information on a modern, unspeakable evil, THE LOST BOOK OF KING OG will make all who read it consider their religious beliefs and their conclusions about the giants of antiquity.

The Apocalypse of Moses is the Greek version of the Life of Adam and Eve. The original version is believed to have been written in a Semitic language, as there are terms transliterated into Greek from a Semitic language, however, it is not known positively which language, as the original text is lost, and so far, no fragments have been found among the Dead Sea Scrolls that can be

firmly linked to it. The closest text discovered to date among the Dead Sea Scrolls would be the Genesis Apocryphon scroll, written in Aramaic and generally dated to between 37 BC to 50 AD. The original language of the Apocalypse of Moses was likely also Aramaic, as demonstrated by the use of the name lah (Jah), which is found more commonly in Aramaic language books, like Tobit. A number of references circumstantially date the original work to the era when the Greeks ruled Judea, between 330 and 140 BC. The reference to lah is itself evidence of a pre-Hasmonean origin, as the Hasmoneans' authorized' version of the Hebrew texts

appear to have redacted lah (יה) to Yahweh (יהוה) when they converted the Jews from the Canaanite (Samaritan/Paleo-Hebrew) script to the Assyrian (Hebrew) script. The name lah (Jah) does show up in many ancient names, such as Josiah, and phrases such as Hallelujah, implying it was once widely accepted as the name of (a) God, however, virtually disappeared from the Hebrew scriptures at some point, likely during the Hasmonean redaction and standardization circa 140 BC. The reference to Lord Sabaoth (κυρίῳ σαβαωθ) is another indicator of a pre-Hasmonean origin for the text. Lord Sabaoth was the Major-General

of the Lord God's army that helped Joshua destroy the walls of Jericho in the Septuagint's Book of Joshua. There are many references to Lord Sabaoth, the 'Lord of War' in the Greek era, however, during the early Hasmonean era, he became an epitaph of law (Yahweh) the national God of Hasmonean Judea: law Sabaoth (יהוה צבאות). The Hasmoneans redacted Lord Sabaoth from the Book of Joshua, replacing him with Yahweh (יהוה), meaning that Yahweh was the Major-General of his own army in the Masoretic version of Joshua. According to later-Hasmonean records, Yahweh Sabaoth became the Jewish version of Dionysus or Bacchus, a

god of war, wine, and lust, before he was abandoned during the formation of the Pharisee sect, who rejected the pronunciation of any of the names of God.

The Sixth and Seventh Books of Moses is an 18th- or 19th-century magical text allegedly written by Moses, and passed down as hidden

(or lost) books of the Jewish Tanakh. Self-described as "the wonderful arts of the old Hebrews, taken from the Mosaic books of the cabala and the Talmud," it is actually a grimoire, or text of magical incantations and seals, that purports to instruct the reader in the spells used to create some of the miracles portrayed in the Bible as well as to grant other forms of good fortune and good health. The work contains reputed Talmudic magic

names, words, and ideograms, some written in Hebrew and some with letters from the Latin alphabet. It contains "Seals" or magical drawings accompanied by instructions intended to help the user perform various tasks, from controlling weather or people to contacting the dead or Biblical religious figures. Edited and illustrated by Edmund Kelly the Sixth and Seventh Books of Moses that holds its place in occult literature.
