"One of America's most experienced and exemplary journalists has written an unsparing analysis of the dreadful consequences -- for journalism and the nation -- of 'how the news lost a race to the bottom with itself.'" -- George F. Will  
In this national bestseller, Chris Stirewalt, a former Fox News political editor, takes readers inside America's broken newsrooms that have succumbed to the temptation of "rage revenue." One of America's sharpest political analysts, Stirewalt employs his trademark wit and insight to reveal how these media organizations slant coverage - and why

that drives political division and rewards outrageous conduct. The New York Times wrote that Stirewalt's book "is an often candid reflection on the state of political journalism and his time at Fox News, where such post-mortem assessments are not common..."  
*Broken News* is a fascinating, deeply researched, conversation-provoking study of how the news is made and how it must be repaired. Stirewalt goes deep inside the history of the industry to explain how today's media divides America for profit. And he offers practical advice for how readers, listeners, and viewers can (and should) become better news consumers for the sake of the republic.

#1 New York Times bestselling author John C. Maxwell's latest book will enhance the lives of leaders, professionals, and anyone who wants to achieve success and personal growth. We often treat the word capacity as if it were a natural law of limitation. Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful--and fulfilled--in your daily life.

Coaching like a Champion is about providing solutions to the daily pressures and stressors coaches face in their programs by focusing on the following: • Fulfilling your regular coaching responsibilities in a proactive, forward-thinking way • Incorporating the eight essential building blocks into your coaching style as you lead your team and execute your coaching objectives and plan • Providing tools for dealing with the challenges of coaching and teaching others to live a life of excellence and fulfillment There is no shortage of books on becoming a champion but most relate to player qualities, characteristics, and disposition. De geschiedenis kent talloze mensen die de wereld hebben veranderd. Maar hoe hebben ze dat gedaan? Hadden ze slechts geluk, of wisten ze hun geluk zelf te maken? Hoe gingen deze wereldveranderaars om met tegenslagen? Hoe wisten ze hun ideeën om te zetten tot werkelijkheid? Hoe gingen ze om met hun volgers? Of met hun vrije tijd? En hoe konden ze het verschil bepalen, wanneer niemand anders dat durfde? In dit boek gaat Menno J. de Vries in op de persoonlijke ontwikkeling die personen als Napoleon Bonaparte, Dzjengis Khan, Rosa Parks, Che Guevara, Thomas Edison, Clementine Churchill, Christopher Columbus, Jeanne d'Arc, Steve Jobs en vele anderen hebben doorgemaakt. Niet alleen leren we hoe ze zich ontwikkeld hebben, maar ook vooral wat de overeenkomsten tussen hen zijn op dit vlak. En bovenal: wat jij ervan kan leren voor jouw eigen persoonlijke ontwikkeling. Laat je inspireren door de levensverhalen, en de analyses daarop, van bekende en minder bekende historische figuren. Want zelfs de grootste wereldveranderaar was uiteindelijk gewoon een mens, net als jij.
