*The Image of Chekhov* Simon and Schuster  
Published to coincide with Pope Francis's Year of Mercy and the Vatican's canonization of Mother Teresa, this new book of unpublished material by a humble yet remarkable woman of faith whose influence is felt as deeply today as it was when she was alive, offers Mother Teresa's profound yet accessible wisdom on how we can show mercy and compassion in our day-to-day lives. For millions of people from all walks of life, Mother Teresa's

canonization is providentially taking place during Pope Francis's Extraordinary Jubilee of Mercy. This is entirely fitting since she is seen both inside and outside of the Church as an icon of God's mercy to those in need. Compiled and edited by Brian Kolodiejckuk, M.C., the postulator of Mother Teresa's cause for sainthood, *A Call to Mercy* presents deep yet accessible wisdom on how we can show compassion in our everyday lives. In her own words, Mother Teresa discusses such topics as: the need for us to visit the sick and the imprisoned the importance of honoring the dead and informing the ignorant the necessity to bear our burdens patiently and forgive willingly the purpose to feed the poor and pray for all the greatness of

creating a “civilization of love” through personal service to others. Featuring never before published testimonials by people close to Mother Teresa as well as prayers and suggestions for putting these ideas into practice, *A Call to Mercy* is not only a lovely keepsake, but a living testament to the teachings of a saint whose ideas are important, relevant and very necessary in the 21st century.

Graffiti. It can be a diverse form of expression and thoughtprovoking art; whether painted on the side of a train or on a canvas hanging in a gallery. Or, as you will see immortalised in the glorious pages of *Crap Graffiti*, it can be crude drunken daubing, nonsensical statements or hilarious outpourings of uncontained rage. *Crap Graffiti* documents these bizarre and puerile creations, celebrates the inept and enthusiastically applauds creative dyslexia. This is definitely not art, but really awful, lame graffiti: the incompetent attempts of beginners or the ‘profound’ musings of lunatics scrawled on the back of toilet cubicle doors. Welcome to the Cream of the Crap.

running. A misfit kid at the best of times, Mishka Shubaly had his world shattered when, in a twenty-four-hour span in 1992, he survived a mass shooting on his school's campus, then learned that his parents were getting divorced. His father, a prominent rocket scientist, abandoned the family and their home was lost to foreclosure. Shubaly swore to avenge the wrongs against his mother, but instead plunged into a magnificently toxic love affair with alcohol. Almost two decades later, Shubaly's life changed again when a fateful five-mile run after a bar fight inspired him to clean up his life. And when he finally reconnected with his estranged father, he discovered the story of his childhood was radically different from what he thought he knew. In this fiercely honest, emotional, and self-laceratingly witty book, Shubaly relives his mistakes, misfortunes, and infrequent good decisions: the disastrous events that fractured his life; his incendiary romances; his hot-and-cold career as a rock musician; meeting his newborn nephew while out of his gourd on cough syrup. I Swear I'll Make It Up to You is an apology for choices Shubaly never thought he'd live long

enough to regret, a journey so far down the low road that it took him years of running to claw his way back. Jed McKenna's Notebook: All Bonus Content from the Enlightenment Trilogy W. These essays, first published between 1919 and 1927, ushered in a new cosmopolitanism and skepticism in twentieth-century America. Taking on all aspects of the conformism and provincial narrowness of the American worldview that he saw, Mencken launched himself at a wide variety of targets with his usual humor and richness.

**Cecil Beaton** Skira

The definitive book on the legendary photographer's life in New York City, with many never-before-seen images and reminiscences by his closest friends and confidants. From the 1930s, when he helped revolutionize fashion journalism, through the 1960s, when he launched headlong into the Pop art era, London-based photographer Cecil Beaton brought to New York City his own perspective--aristocratic, sexually ambiguous, and theatrical. At the same time, New York offered Beaton innumerable opportunities to reinvent himself and his career. *Cecil Beaton: The New York Years* features sketches, costumes, set designs,

previously unpublished letters, and over 220 photographs and drawings, many in color and never seen before. This volume documents Beaton's most influential relationships with quintessential figures of the New York art scene, including Greta Garbo, his female confidant and muse, and Andy Warhol. Richly illustrated, Cecil Beaton is the definitive portfolio chronicling Beaton's stunning career in fashion, portraiture, and the performing arts. The book will be divided into five parts: *Beaton in Vogue*: Beaton's photography for Condé Nast's *Vogue* in the 1930s hastened the decline of fashion illustration in favor of today's emphasis on photography. Beaton himself became a celebrity photographer, as famous as his subjects, in the later mold of Richard Avedon and Annie Leibovitz. *Beaton and the Stage*: After World War II, Beaton appeared on the New York stage as an actor, and he also designed sets and costumes for such musicals as *My Fair Lady* and *Coco* and operas *Vanessa* and *La Traviata*, both at the Metropolitan Opera. *Beaton on New York*: Beaton produced many illustrated books on New York City and his tell-all diaries detailed his life

among the city's best-known figures. Beaton was also commissioned to produce innumerable photographs of New Yorkers, from Truman Capote to Tom Wolfe. Beaton on Garbo: Greta Garbo was Beaton's closest female friend. She was also his muse, and his photographs captured her in many different scenarios and moods from the mid-1940s, when she ended her Hollywood career and permanently moved to New York. Beaton on Warhol: In 1968, Beaton was advised to photograph a group of young New Yorkers, the most famous of which was Andy Warhol and his Factory. In effect, this photo shoot charted the passing of the torch from Beaton to Warhol, two figures who defined their era's concepts of popular culture, celebrity, and sexual mores.

Whitman's most beloved poem, "Song of Myself," illustrated, illuminated, and presented like never before. Walt Whitman's iconic collection of poems, *Leaves of Grass*, has earned a reputation as a sacred American text. Whitman himself made such comparisons, going so far as to use biblical verse as a model for his own. So it's only appropriate that artist and illustrator Allen Crawford has chosen to illuminate—like medieval monks with their own holy scriptures—Whitman's masterpiece and the core of his poetic vision, "Song of Myself." Crawford has turned the original sixty-page poem from Whitman's 1855 edition into a sprawling 234-page work of art. The handwritten text and illustrations intermingle in a way that's both surprising and wholly in tune with the spirit of the poem—they're exuberant, rough, and wild. Whitman *Illuminated: Song of Myself* is a sensational reading experience, an artifact in its own right, and a masterful tribute to the Good Gray Poet.
