The Wonder

of Christmas
Penguin
By posing
open-ended
questions, The
Wonder of
Christmas
draws young

readers into
the events of
the night Jesus
was born.
From the
heavenly
Father's
determination

that the time was just right to the angel's announcement to the shepherds, this graceful poem appeals to children's unquenchable curiosity. Imaginatively set on the stage of a Christmas pageant, *The Wonder of Christmas* will enhance your family's celebration of our Savior's birth.

The Glory Has Come

Templar Books
Every parent dreams of embracing their new child. When

that dream comes true, it's as if all of creation rejoices with them. Celebrate a new arrival with this heartwarming picture book, *The Wonder That Is You* by bestselling author Glenys Nellist. *The Wonder That Is You* is: Not only a perfect gift for new babies, but also a precious story to read aloud with big brothers and sisters in anticipation of the new arrival. A heartwarming way to tell

your children, godchildren, or grandchildren of any age how special they are and how much that are loved. A soothing bedtime book that will have your little ones falling fast asleep in your loving arms. It felt as if the world stood still. The day my dream came true, And all creation paused to see. The wonder that is you. *The Wonder That Is You* is perfect gift for baby showers, baptisms, adoptions,

birthdays, or any time you want to tell your little one how much they are loved. Recapturing the Wonder NavPress
A pair of doctors team up to illuminate, through neuroscience and captivating stories from their clinical practice, how serving others—and pitching in to the world in general—is a secret superpower. If a doctor's prescription could bring you: - Longer

life - Better health - More energy and resilience - Less burnout, depression and anxiety - More happiness, fulfillment and well-being - More personal and professional success (including higher income) - And, no harmful side effects
Would you take it? In Wonder Drug, physician scientists Stephen Trzeciak, M.D., and Anthony Mazzarelli, M.D., illuminate, through

neuroscience and captivating stories from their clinical practices, how being a giving, other-focused person is a secret superpower. Serving others—and pitching in to the world in general—is the evidence-based way to live your life. Kinder people not only live longer, they also live better. Science shows that serving others is not just the right thing to do, it's also the smart thing to do. Wonder

Drug will make you rethink your notions of “self-care” and “me time,” and realize that focusing on others is a potent antidote to the weariness that so many of us feel in modern times. Getting outside of your own head, outside the swirl of self-concern that may dominate your mental chatter, is, ironically, one of the best things you can do for yourself. Building upon

their earlier work showing that, in the context of healthcare, having more compassion for patients is a powerful way to not only achieve better patient outcomes, but also promote well-being, resilience and resistance to burnout among healthcare workers, Trzeciak and Mazzarelli now extend their research to uncover how the power of serving others reaches far beyond the medical world and can be a

life-changing therapy for everyone. Wonder Drug relates to the varying meanings of giving in real people’s daily lives. The stories in this book will convince and inspire you to make simple prism changes. You don’t need a total life upheaval, just a purposeful shift in mindset. In fact, the crucial first piece of the evidence-based prescription is this: start small. Per science, the

best way to well-being and finding your true fulfillment is this: scan your orbit for the people around you in need of help, and go fill that need, as often as you can. Gretel the Wonder Mammoth Knopf Books for Young Readers Offers guidance for taking part in the Advent tradition of the Jesse Tree, with scriptural passages, devotions, and activities intended to apply their

Wonder

Drug Tyndale House Publishers, Inc. Over 15 million people have read the #1 New York Times bestseller Wonder—now, the wonder returns with a companion book of life lessons and inspiration from Auggie's favorite teacher—perfect for back to school! Based on the book that inspired the Choose Kind movement and a major motion picture, readers will

fall in love all over again with Auggie Pullman, an ordinary boy with an extraordinary face. And don't miss R.J. Palacio's highly anticipated new novel, Pony, available now! In Wonder, readers were introduced to memorable English teacher Mr. Browne and his love of precepts. This companion book features conversations between Mr. Browne and Auggie, Julian, Summer, Jack Will, and

others, giving readers a special peek at their lives after *Wonder* ends. Mr. Browne's essays and correspondence are rounded out by a precept for each day of the year—drawn from popular songs to children's books to inscriptions on Egyptian tombstones to fortune cookies. His selections celebrate the goodness of human beings, the strength of people's hearts, and the power of

people's wills. There's something for everyone here, with words of wisdom from such noteworthy people as Anne Frank, Martin Luther King Jr., Confucius, Goethe, Sappho—and over 100 readers of *Wonder* who sent R. J. Palacio their own precepts. **Wonder of Wonders** Metropolitan Books After her ability to heal physical ailments is revealed to the world,

thirteen-year-old Ava has trouble dealing with all the people who come seeking a miracle, especially since, with each healing, she grows weaker. *The Books of Wonder* Abingdon Press Steve Hely, writer for *The Office* and *American Dad!*, and recipient of the Thurber Prize for American Humor, presents a travel book about his journey through

Central and South America. Part travel book, part pop history, part comic memoir, Hely's writing will make readers want to reach for their backpack and hiking boots. The Wonder Trail is the story of a trip from Los Angeles to the bottom of South America, presented in 102 short chapters. From Mexico City to Oaxaca; into ancient Mayan ruins; the jungles, coffee plantations,

and remote beaches of Central America; across the Panama Canal; by sea to Colombia; to the wild Easter celebration of Popayán; to the Amazon rainforest; the Inca sites of Cuzco and Machu Picchu; to the Galápagos Islands; the Atacama Desert of Chile; and down to wind-worn Patagonia at the bottom of the Western Hemisphere; Steve traveled collecting stories,

adventures, oddities, marvels, bits of history and biography, tales of weirdos, fun facts, and anything else interesting or illuminating. Steve's plan was to discover the unusual, wonderful, and absurd in Central and South America, to seek and find the incredible, delightful people and experiences that came his way. And the book that resulted is just as fun. A blend of travel writing,

history, and comic memoir, *The Wonder Trail* will inspire, inform, and delight. *The Wonder of the Book (Classic Reprint)* Zonderkidz 2016 ECPA award winner. Over 50,000 copies sold 13-inch 3D pop-up tree Devotional booklet with 25 family devotions written by Ann Voskamp 24 Christmas tree ornaments with hangers Star-shaped tree-topper Based on her bestseller *Unwrapping*

the Greatest Gift, Ann Voskamp expands her presentation of the timeless Advent tradition of the Jesse Tree with this beautiful keepsake that can be handed down and enjoyed for generations. Each December, families can celebrate the coming of Jesus by opening the book to see a stunning 13-inch, three-dimensional Jesse Tree pop up from the page. At its foot are 25 doors, one for

each day of Advent, which hide meaningful, beautifully detailed ornaments--including the Christmas star--that are ready to be hung on the tree. Also inside is a simple devotional book with a reading for each of the 25 ornaments. *The Wonder of Christmas [Large Print]* Penguin Audisee® eBooks with Audio combine professional narration and text highlighting

almost unimaginable wonder and beauty. If we then honestly follow the evidence of science wherever it leads, where do we end up? Karl Giberson takes us on a fascinating guided tour of planets and protons, galaxies and gamma rays. We discover that if gravity were slightly stronger, neutrons a tiny bit lighter, the size of our sun somewhat larger or a dozen other factors altered by fractions, there would

be no life. The author shows that for many observers, even those who do not embrace religious faith, all of this looks suspiciously like the expression of a grand plan-- a cosmic architecture capable of both supporting life such as ours, and inspiring observers like us to seek out hints of a creator. Join this cosmic expedition and discover the wonder of it all.

Time of Wonder

Vintage
No other time of the year captures our imagination as much as Christmas: God coming into the world on a dark winter's night; a baby's cry that would change the course of human history; the heavens bursting into song; the certain hope that God will have the last word over our brokenness. This season fills our hearts with the wonder that anything is possible. This year,

rediscover the true wonder of Christmas by sharing the love of Christ with others. Each chapter centers on one element of the Christmas story, looking to the Christmas story and the stories of real people today to offer inspiration and ideas for reflecting the light of Jesus at Christmas and throughout the year. Chapters Include: The Wonder of a Name The Wonder of a Star The

Wonder of a Manger The Wonder of a Promise The Wonder of Christmas is also perfect for an all-church study and includes resources for all ages, teaching video, worship ideas and visuals, and preaching guides, all areas of church life weave together for a wonder-filled Advent celebration. The adult study book is the centerpiece of the program, serving as the adult small

group resource and the source of content for worship planners and leaders. *The Greatest Gift* Destiny Image Publishers Open the gates of the Wonder Garden to explore five of Earth's most extraordinary habitats, each filled with incredible creatures and epic scenery. Trek through the Amazon Rainforest, travel to the Chihuahuan Desert, dive in the Great Barrier Reef, delve deep

into the Black Forest and stand on the roof of the world - the Himalayan Mountains - to see nature at its wildest. Breathtaking, engraved illustrations bring to life Earth's spectacular Wonder Garden.

The Wonder of Advent Devotional

MIRA
"A powerful, generous and unforgettable book." - Seth Godin "A wondrous lens on healing ourselves and our world in this strangest and hardest of

times." - Krista Tippett We are all born with the wonder switch in the "on" position, but somewhere along the way, our wonder is crushed. And that's when we begin to live out of a self-limiting mindset that shuts down our sense of possibility and purpose. Yet reclaiming your wonder-- and with it, your life--is within reach. In The Wonder Switch, join world-renowned storyteller and professional illusionist

Harris III in a journey to bring you back to the magic you fear you've lost-- not the sleight of hand he performs across world stages, but real magic: love, hope, joy, belonging, meaning, and purpose. One of wonder's greatest powers is that it changes the stories we tell ourselves, writes Harris. With the help of his power-packed Transformation Map, you'll gain the tools you need to switch from the old story

that leaves you unfulfilled to the new story that will make you a healthier, happier, all-around better human being. In this book, you'll discover: The surprising science behind the stories we tell ourselves and how they shape our lives Practices for "righting" your story from a broken narrative to a restored narrative The secret to breaking out of a Limiting Mindset and developing a Wonder

Mindset Practices for moving from complacency to curiosity Why worry is a misuse of your imagination, and how to kick the habit **The Wonder of You** St. Martin's Essentials The Age of Wonder is a colorful and utterly absorbing history of the men and women whose discoveries and inventions at the end of the eighteenth century gave birth to the Romantic Age of Science. When young Joseph Banks

stepped onto a Tahitian beach in 1769, he hoped to discover Paradise. Inspired by the scientific ferment sweeping through Britain, the botanist had sailed with Captain Cook in search of new worlds. Other voyages of discovery—astronomical, chemical, poetical, philosophical—swiftly follow in Richard Holmes's thrilling evocation of the second

scientific revolution. Through the lives of William Herschel and his sister Caroline, who forever changed the public conception of the solar system; of Humphry Davy, whose near-suicidal gas experiments revolutionized chemistry; and of the great Romantic writers, from Mary Shelley to Coleridge and Keats, who were inspired by the scientific breakthroughs

of their day, Holmes brings to life the era in which we first realized both the awe-inspiring and the frightening possibilities of science—an era whose consequences are with us still. **BONUS MATERIAL:** This ebook edition includes an excerpt from Richard Holmes's *Falling Upwards*. **The Wonder** Forgotten Books 15th Annual Outreach Magazine Resource of the Year -

Inspirational Evangelical Christian Publishers Association Top Shelf Book Cover Award 2017 When we're young, it's easy to believe in the supernatural, the mysterious, the enchanted. But as we grow older, we learn to be more "rational" and more confident that reality is merely what we can see. Even as Christians who believe in the resurrection, we live as if

miracles and magic have been drained from the world. As Mike Cospo wrestled with his own disillusionment, he found writers, thinkers, and artists like Hannah Arendt, Charles Taylor, James K. A. Smith, and David Foster Wallace whose words and ideas reassured him that he was not alone. And he discovered ancient and modern disciplines that shape a Christian way of life and

awaken the possibility of living again in an enchanted world. Exquisitely written with thoughtful practices woven throughout, this book will feed your soul and help you recapture the wonder of your Christian walk. The Wonder Trail Frances Lincoln Children's Books Unlikely pig owners Steve and Derek got a whole lot more than they bargained for when the designer

micro piglet they adopted turned out to be a full-sized 600-pound sow! This funny, inspirational story shows how families really do come in all shapes and sizes. In the summer of 2012, Steve Jenkins was contacted by an old friend about adopting a micro piglet. Though he knew his partner Derek wouldn't be enthusiastic, he agreed to take the adorable little pig anyway, thinking he could care for

her himself. Little did he know, that decision would change his and Derek's lives forever. It turned out there was nothing "micro" about Esther, and Steve and Derek had actually signed on to raise a full-sized commercial pig. Within three years, Tiny Esther grew to a whopping 600 pounds. After some real growing pains and a lot of pig-sized messes, it became clear that Esther

needed much more space, so Steve and Derek made another life-changing decision: they bought a farm and opened the Happily Ever Esther Farm Sanctuary, where they could care for Esther and other animals in need. Funny, heartwarming, and utterly charming, Esther the Wonder Pig follows Steve and Derek's adventure-- from reluctant pig parents to farm-owning advocates for animals. NEW
