Male Modeling for Amateurs, an Uncensored Guide. I have been asked several times over the years by men that want to try amateur modeling, to see if I would consider writing a book to help and give a little information and insight in to amateur male modeling, this book is directed at and written for the average guy of all ages, big, small, short, tall, young or old, who have always wanted to try amateur male modeling and pose for photographers, artists, and painters,etc. . Doesn't matter if you're a student, accountant, cashier, mechanic, bartender, construction worker, military, landscaper, unemployed, or even retired, anyone can be an amateur model. I personally have photographed men from 18 years old to 56 years old. Please remember that this book is being written with "YOU" in mind and that anything said is designed to help you, no matter if this is just going to be a hobby or side thing, or you one day have hopes of breaking in to professional modeling in the hopes of it becoming a career. No matter where you live, most likely there are professional and amateur photographers, artists, painters, etc., and they all may need male models to pose for them. Some of this information also applies to being a more professional model, I have chosen to use a much more down to earth approach, because it seems in many circumstances however crude that this is more understandable to younger men, although I am speaking to all ages. So here we are "amateur"

male modeling, I say amateur because that's the area I want to discuss specifically. I wrote this book for the everyday guys out there, whom would like to consider male modeling as a side job or hobby, a few times a month or maybe as a weekend thing. Side modeling can be fun and also put a little extra cash in your pocket! This is meant to be a straight forward uncensored guide to amateur male modeling, I'm going to talk about the possibilities, the benefits and pitfalls, including the stuff no one ever mentions. Also look for the "Davis Icon" picture books and "Cover Series" picture books. This book is 94 pages, for Book, computer download, and Kindle. Thank You NOW AVAILABLE In Book and Kindle, in English Edition (red cover)or Spanish Edition (green cover).

Instantly improve your attitude and adjust your behavior so that women will come to you! So many men miss the point! They show off, they do everything they can to get results so that good-looking women approve of what they do, and they still don't get the attention they seek. What are they doing wrong? I was like this too. I never understood how a guy could show up and immediately have all kinds of women surrounding him. After all, I was nice, respectful, and sincerely interested in women. What did that guy have that I didn't? Well, in this guide, you'll see it the right way. You'll understand the God-give or evolutionary (whatever you believe) traits that primates have with which they can have what and who they want and dominate the pack. Topics discussed in this book include: The most important traits of Alpha and Beta Males and how they are different from each other. Which mentality to have and how to show confidence without arrogance. The main mistakes most Beta Males make, and why they don't get the girl, even when they're rich, handsome, or have a huge six-pack. Misconceptions about Alpha Males, where the theory comes from, and how it applies to real life situations. Specific attitudes and social etiquette you should maintain in order to keep your cool and have others give you what you silently demand. The most direct, most important way to a woman's heart, something that almost always works, no matter who it is. Are you ready to play the seduction game the right way and get rid of those Beta Male traits? Then go ahead and start reading!

"We live in a time in which males are all adrift at how to properly 'become men.' Books are written on the subject, and seminars are frequently conducted by ostensible gurus of masculinity. But most of these books and seminars focus not on manliness per se, but on the achievement of "high status" manliness. The guys entering into this course of "study" don't typically want to just become men; rather, they ache to transform themselves into high-rolling alpha male studmuffins-they crave, in short, to become the sort of men who are wanted by women and envied by other men. What they seek is thus not really "manhood," but rather a certain flavor of triumphant and triumphalist masculinity, the masculinity of "winning." They seek to attain high status. It is status, more than money or even sex, that men covet the most in other men. That is to say, they covet the fact that other men besides themselves are the ones being coveted."

COLLEGE MEN AND MASCULINITIES is a comprehensive handbook that offers a compilation of the best classic and contemporary research on male students in higher education. The editors, Shaun R. Harper and Frank Harris III—two experts in the field of men and masculinities—frame each of the six sections of the book with a summary of issues and implications for educational practice. Each section also includes a wealth of forward-thinking strategies and suggestions that faculty and institutional leaders can creatively employ on their campuses to reverse problematic trends and outcomes among male undergraduates. With contributions from leading scholars in education, sociology, psychology, and other disciplines, College Men and Masculinities explores the following issues in depth: Identity development and gender socialization Sexualities and sexual orientations Destructive behaviors (judicial offenses, alcohol abuse, and violence) Health and wellness College men of color College men and sports This vital resource will help educators and administrators address the alarming trends and issues that arise from identity-related challenges among boys and college men. "What a valuable resource! This book includes some of the most influential research and theory on all aspects of collegiate masculinity—from sports to spirituality, hazing to hook-ups, and alcohol to assault. Always sensitive to how different groups of men experience college life, Harper and Harris's book will surely become the touchstone text for those who work with or study college men." —Michael Kimmel, author of Manhood in America and professor of sociology, Stony Brook University "Essential reading for all who care about gender equity, this book advances the conversation about men in college at the critical nexus of identity development, culture, and relationship, enabling faculty and student affairs administrators to build more thoughtful and challenging educational environments for men from diverse populations." —Susan Marine, Women's Center director and

assistant dean for student life, Harvard University This book offers educators and administrators much-needed guidance for understanding and

effectively meeting the developmental, academic, and social needs of undergraduate men." —Chauncey Smith, undergraduate student leader, Morehouse College
