Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges MZli_s, Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave

artists such as Fran_ois Truffaut and Jean-Luc Godard.

Georges Simenon (1903–1989) was a phenomenally successful author of crime fiction. His 75 Maigret novels and 28 Maigret short stories were published between 1931 and 1972 to great international acclaim (he is the only non-anglophone crime writer to have achieved such renown). His Maigret stories are regarded by many as having established a new direction in crime fiction, emphasizing social and psychological portraiture rather than focussing on a puzzle to be solved or on “action.” This book examines the importance of social class and social change in the Maigret stories, giving a particular emphasis to the early formative novels and the development of plot, characterization and setting. The author seeks to establish the extent to which Simenon’s portrait of French society is historically accurate and the nature of the influence of the author’s own class position and ideology on his fiction.

This collection presents new essays in the complex field of French literary adaptation. Using a variety of textual and interpretive approaches, it sheds light on issues of gender, sexuality, class, politics and social conventions while acknowledging a range of contexts, from the commercial to the archival and the aesthetic. The chapters, written by eminent international scholars, run chronologically from *The Count of Monte Cristo* through Proust and *Bonjour, Tristesse* to Philippe Djian’s *Oh...* (adapted for the screen as *Elle*). Collectively, they fill a need for contemporary discussions on the significance of France’s literary representations in the history of global cinema.

In fondo Maigret non era poi così arrabbiato come voleva far credere. Pozzo era un osso duro, e la cosa non gli dispiaceva. Non

gli dispiaceva neppure doversela vedere con dei tizi contro i quali la polizia americana si era rotta le corna. Veri duri, che giocavano pesante. MacDonald non aveva forse detto che Cinaglia era un killer? Non sarebbe stato male, di lì a qualche giorno, telefonare a Washington e dire, con aria distaccata: «Hello, Jimmy!... Li ho incastrati!». For nearly a century, the work of Belgian crime writer and psychological novelist Georges Simenon, creator of Chief Inspector Maigret, has captivated readers worldwide. This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society. Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements. These concerns are also evident in Simenon's pervasive preoccupation with sexuality, as well as his political stance that stems from his petit-bourgeois upbringing. This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name, including several that have never been translated into English, as well as a number of short stories and several pseudonymous works.
