Der Name Ivo Cordes steht seit langem für szenisch und betrieblich ansprechende Konzepte für die Modellbahn. Im sehr erfolgreichen Titel "Modellbahn-Anlagen mit Pfiff" wurden einfacher zu realisierende Vorschläge vorgestellt. Im Nachfolgebund geht es um etwas anspruchsvollere Vorhaben, die den Erbauer aber ebenfalls nicht überfordern dürften. Viele Entwürfe orientieren sich an Vorbildern, die besonders realitätsnahe Betriebsmöglichkeiten bieten.

*Centralblatt der Bauverwaltung* GeraMond Verlag

The Second World War made the greatest demands on the German Reichsbahn (national railway).

Year after year, great quantities of war materiel were transported and almost always delivered. At times the trains rolled over nearly the entire continent of Europe. This heavily illustrated book documents the everyday life along the German rail lines on many war fronts. This is the first book of its kind in English for both the railroad fan as well as the military historian.
